Introduction

This book contains all the information needed to play priest classes in the Labyrinthe system, detailing the way spiritual powers work, each priestly class, and all miracles available both initially and in the advanced 'Words from Above' category – more powerful miracles which are restricted in availability at starting levels.

The Labyrinthe system priest is, in general, a worshipper of higher powers from whom he draws divine strength. Their dedication and study allows them to call spirits from the spirit world and manipulate them – these spirits are usually, but not always, channelled to the priest through the favour of their deity. The priest can call upon the spirits to perform any of a wide range of acts, called 'miracles'. The kind of spirits which can be called upon by the priest depends on the deity served and the priest's alignment, as well as their own natural inclinations.

A priest who is strong in the favour of his patron may naturally expect to call upon greater spiritual strength – but this dedication means that they can spend less time in more martial pursuits, and will be physically weaker. The variants available as classes are detailed later in this book.

Conversely, a priest who slips from divine favour, perhaps by acting against his alignment code, can expect to be barred from use of 'his' spirits, and indeed it is possible to be excommunicated from a faith by the deity or the high priest, causing massive disadvantages – thus it is very important for a priest to maintain behaviour appropriate to their alignment and to their guild ethos, if they are a member of an organised faith.

Son of

GSM

Spirits

Spirits in the Labyrinthe system are usually invisible to the human eye, existing only in the spirit world, and capable of influencing only other spirits. On occasion spirits may take a more visible form, as in the case of undead such as the wraith, in which case they will be visible to physical sight but remain intangible to physical objects, unable to interact with objects or creatures without a spirit.

Sharp weapons are also troublesome to spirits; the intentional shedding of blood releases wild and dangerous spirits that are almost impossible to control. In general, should any priest other than a Spirit Warrior or Wayfinder shed blood with a sharp physical weapon they will lose all their remaining spirit points for the day, and there will usually be other more severe consequences as well. It is permissible for evil priests to carry an appropriately phys-repped ritual dagger for purposes of incantations such as wraith summoning and similar, but this ceremonial object can never be used in combat.

Magic and Spirits

Magic and spirits do not mix well – indeed they fail to recognise each other. In a change it is now possible for priests to benefit from spells without them fading when spiritual powers are used, and for wizards to benefit from miracles. It should be noted that Priest Classes do not gain the ability to utilise magical items as standard, this now includes Spirit Warriors. A priest may only gain such an ability by entering the wizard bracket by some means, normally pathing.

Power Points [Spirits]

Channelling spiritual power in the form of miracles requires an incantation or prayer to the spirits, and is usually tiring for the priest, drawing slightly on their life-force. Most priests have a number of spirits available to them as power points, varying according to their priest class and level. All miracles use up a number of power points when performed.

The number of power points used when casting a miracle is equal to the miracle level for 1st to 6th miracle. 7th level miracles cost 8 spirits, and 8th level miracles require 10 spirits (or more) to cast.

It is not possible for a priest to cast a miracle of a higher level than the priest's own level using their own spirits - utilising a scroll, talisman or similar will permit it however.

A priest takes 1 point of tblp damage for each spirit he uses, so that casting a 4th level miracle costs 4 tblp life as well as 4 spirits.

Each type of priestly class will have a number of spirits available per level, this can be as low as 0 spirits per level up to 6, often dependent on his involvement in physical conflict. Once a priest has initially chosen his role it is difficult to change it.

Basic Priestly Classes

In this first section are listed the 6 basic priest classes: Pure Priest, Armoured Priest, Warrior Priest, Battle Priest, Crusading Priest and Spiritual Warrior. More advanced priestly classes are noted later in this publication.

Life scales are found in the Appendix at the back of this book – along with possible racial variations on playing.

Pure Priest

- May never wear any physical armour
- May never use any physical weapon
- May never use a shield
- Gains O skill for casting
- Gains E skill at 3rd level at allow either hand to become the main casting arm
- Maximum Armour Class: 7
- Base 5 spirits per level

Armoured Priest

- May wear light and medium physical armour, they may acquire the ability to wear heavier later.
- May not use any physical weapon
- Does not have the skill to use a shield
- Gains O skill for casting
- Gains E skill at 3rd level at allow either hand to become the main casting arm
- Maximum Armour Class: 7
- Base 4 spirits per level

Warrior Priest

- May wear light and medium physical armour, they may acquire the ability to wear heavier later.
- May use any blunt weapon
- May use a shield from 1st level
- Gains weapon skills as noted below
- Base 3 spirits per level

Level	Combat skills (Maximum AC = 7)
1	O & U
3	E
5	B
6	H
7	Weapon Mastery O (mace)
8	Warrior Specialist skill

At 8th level the Warrior Priest may choose a specialist skill from the following list:

Warrior Priest Specialists
+6/2 Stamina
Weapon Mastery
Unarmed Combat
Smithing
Enhanced Reflexes

Battle Priest

- May wear light and medium physical armour, they may acquire the ability to wear heavier later.
- May use any blunt weapon
- May use a shield from 1st level
- Gains weapon skills as noted below
- Base 2 spirits per level

Level	Combat skills (Maximum AC = 8)
1	O & U
3	E
5	B
6	H
7	Warrior Specialist skill
8	Warrior Specialist skill

At 7th and 8th level the Battle Priest may choose a specialist skill from the following list:

Battle Priest Specialists
+6/2 Stamina
Weapon Mastery
Unarmed Combat
Smithing
Enhanced Reflexes

Crusading Priest

- May wear any physical armour
- May use any blunt weapon
- May use a shield from 1st level
- Gains weapon skills as noted below
- Base 1 spirit per level

Level	Combat skills (Maximum AC = 9)
1	O & U
2	E
3	H
4	B
7	Warrior Specialist skill
8	Warrior Specialist skill

At 7th and 8th level the Battle Priest may choose a specialist skill from the following list:

Crusading Priest Specialists
+6/2 Stamina
Weapon Mastery
Unarmed Combat

Smithing
Enhanced Reflexes

Spiritual Warrior

- May wear any physical armour
- May use any weapon
- May use a shield from 1st level
- Gains weapon skills as noted below
- Spiritual Warriors do not gain Spirits

Level	Combat skills (Maximum AC = 9)
1	O & U
2	E, H & MP
4	B
7	Warrior Specialist skill
8	Warrior Specialist skill

At 7th and 8th level the Spiritual Warrior may choose a specialist skill from the following list:

Spiritual Warrior Specialists
+6/2 Stamina
Weapon Mastery
Unarmed Combat
Smithing
Enhanced Reflexes
Chosen of the Faithful [see p8th]

Priests' Innate Spiritual Abilities

Priests have several spiritual innate abilities that do not use up any power points or life points. These abilities are gained as the priest progresses in level. These innate abilities are:

Level	Innate Ability
1	Recognise spirit
	Discern nature of undead
	Utilise Spirit Item*
	Discern nature of wounds
	Read Spirit Runes
3	Discern type of disease
	Remove own miracle
5	Discern curse or bless
6	Discern spiritual mastery
7	Create minor runic item
	Write spiritual scroll
8	Create major runic item

*Only of items /scrolls of alignment allowed by priests miracle list.

RECOGNISE SPIRIT

This ability enables a priest to discern if an object or item is of a spiritual nature. The priest does this by passing his empty weapon hand within one inch of the object or item. This ability can be used to determine whether a weapon is spiritual, or if a rune of power is still charged etc. The only information gained by use of this ability at this stage is Yes or No – as to whether there is a spirit within 1". If there is more than one spirit, this information is not revealed and there is still only a Yes answer.

DISCERN NATURE OF UNDEAD

This can be the ability to discern the aura of a foreign spirit in a body (if there is one). By looking at a person or creature, a priest can identify which type of undead - if any - are present. The priest can ascertain the dismiss level of the undead, even if the type is unknown. The range of this ability is line of sight, i.e. if you can see the target then you can use this ability. The standard seven types of undead are recognised by the priest, other types of undead will usually not be and only their dismiss level will be revealed.

DISCERN NATURE OF WOUNDS

This ability enables a priest to see how serious a particular wound is and how much damage has been done to a particular location of a wounded person. It is a spiritual ability so it does not work on elves etc. This ability has a range of one inch. By using it the priest is told any and all wounds a spiritual target is suffering from. If there is no spirit present with wounds, the only answer received is 'No Wounds' or 'Unwounded' – this answer is the same whether discerning on an uninjured human or a spiritless stone, as neither has a wounded spirit.

This ability is not able to reveal what the target's remaining 'uninjured' life points are, or what percentage of the total their injuries are, or similar. However it does inform the user if a target has a location below 0 life points.

READ SPIRIT RUNES

Priests are naturally able to read spiritual runes. This also allows them to utilise spiritual scrolls (detailed below) of the relevant alignment (So a goodly priest can read Good and Neutral scrolls). This also allows priests to benefit from Scriptures of the Faith (again detailed later). It should be noted a priest who is unable to read spiritual runes and is using Scriptures of the Faith will often be judged harshly on points.

DISCERN TYPE OF DISEASE

This ability enables a priest to diagnose if any spiritual or physical disease is currently afflicting a person's spirit. The range of this ability is one inch. It will reveal details as to the nature of the disease at the ref's discretion, always revealing a standard standard Cause Disease miracle.

REMOVE OWN MIRACLE

This ability enables a priest to remove the effects of some of his own miracles from a victim if he so wishes. The verbal required to perform this act is: "Spirit! I release thee!" whilst the priest points at the person to be freed. The range of this ability is 20' (roughly 7 paces).

Only certain miracles are affected by this ability – in general these are all miracles with a duration which is not instant, unless the miracle specifically notes in its description that it is not releasable. It should be noted that if a priest dies ALL his releasable miracles are freed, regardless of range!

This does not apply to any scrolls, spirit items etc he may have made. Basically during his death trauma, his involuntary screaming rends the link he has forged between the real and the spiritual planes, and thus his final cry reverberates through /around the spiritual universe!

DISCERN CURSE OR BLESS

This ability allows the priest to ascertain whether an object of person has been cursed (or blessed). This reveals also whether the Bless or Curse is beneficial or detrimental to the target, and at ref's discretion may reveal further details dependent on the nature of the Bless or Curse.

DISCERN SPIRITUAL MASTERY

This ability allows the priest to determine whether an individual is under the influence of a Spiritual Mastery miracle. It does not reveal the influence of non-spiritual dominations, nor other miracles such as Voice of Power or Beguile – only Spiritual Mastery and Possession are identified. At ref's discretion if the miracle in action is non-standard and very similar to Spiritual Mastery there may be some information yielded.

WRITE SPIRITUAL SCROLLS

This skill allows the priest to make scrolls of a spiritual nature with an attempt costing 300 times the miracle level (not spirit cost) in grulls.

A priest can only make a scroll of a miracle that he can cast and he uses three times the miracle level in spirit points to make the scroll. A 7th level priest has a 60% chance of successfully making the scroll whereas an 8th level priest has a 70% chance of success. A priest can attempt to make 300 times his level in grulls worth of scrolls per weekly visit to Labyrinth. If he does not have sufficient spirits to make a scroll he has attempted to make, he overcasts and dies. If he attempts to make more scrolls than his weekly allowance would permit, it is likely that the process will backfire and any number of undesirable results may ensue.

Scrolls must be phys repped by a piece of paper of at least A5 size, with the miracle verbal written in spirit runes, followed by 'scroll do thy work... [Miracle Name]' also in spirit runes. The entire scroll must be read out to use it, discharging its power.

CREATE SPIRITUAL ITEMS

This ability enables the priest to create useful items for themselves or others. Such items include minor and major talismans of runic power, spirit weapons, etc. This can be expensive, and is often dangerous. Details of this can be found in the Manufacturer's Guide, downloadable from the Labyrinth Forum.

SCRIPTURES OF THE FAITH

A complex scroll (made via the above abilities) that allows a priest to learn a new miracle. Details on their manufacture are again included in the Manufacturer's Guide. A priest can only utilise Scriptures of the Faith made by members of their own religion (so hermits can only manufacture their own), it should be noted for tribal spirit users their "tribe" counts as their Religion. Priests are still only able to learn miracles of relevant spheres/ alignments and are limited to having 1 Scripture per post 8th table they are. For second class priests this is reduced by 2, and for those priests that are 6th Level in an advanced priest class (Such as Devout Priest, Spiritual healer, or Wound bringer) detailed in Evolution this cap is increased by 2.

Religion, Churches, Miracles and Alignments

Priest are often closely tied to Gods and will join one the many religions of Primus. Details on the existing ones can be found in Divine Guidance and the Labyrinth Almanac. This is not the only option for priests however.

It is also important to note there are some changes with regards to how a priest's alignment and their ability to cast miracles works.

The options open to priests are:

CHURCHES

Each priest guild has an alignment and ethos and all members of a particular guild must play their guild's alignment with regard to Good/Neutral/Evil. If they do not, their guild will take appropriate action against any guilty parties, in extreme cases this might mean excommunication, which results in the expelled priest never being able to use any of the miracles on the guild list again! It is usual for most members of a priest guild to also be of the same denomination in Law/Chaos as the guild is, but it is not required – they may join as long as their Good/Neutral/Evil aspect matches that of the guild.

A priest can only be a member of one Church. Priests who are not in a Church are considered to be Independent. The Independent is not strictly speaking a church or guild, but merely represents the spiritual teachings that are more easily accessed by priests who do not study with a church - the exception to this is the advanced class Hermit Priest.

Independents and Hermits are detailed further later in this book. If a group of priests wishes to form a new guild, then they must fulfil the following requisites:

- Find at least seven priests to form the guild.
- Choose a leader.
- Decide which miracles the guild will use, this list is not normally changeable.
- Submit the names of the first seven members with the name of the guild leader and the miracle list to the game system manager.

When choosing miracles for a new guild, there are certain rules that must be followed:

- 1) The maximum number of miracles which one guild can use is restricted to 60 power points, e.g. to have 'Halt!' on the list would cost 1 power point and to have 'Voice of Power' would cost 5.
- 2) The guild can choose ONE free 7th or 8th level miracle. It must be appropriate to the ethos of the guild and related to the guild's miracle list. To take the 'free miracle' the guild's miracle list MUST contain all the compulsory miracles from the miracle tree that contains the desired 7th or 8th level miracle. The various trees are listed at the start of the post 8th abilities section (page 86).
- 3) It is not possible for a guild to use miracles of both good and evil alignment.
- 4) It is possible to have 10sp worth of miracles from the advanced selection on a guild's miracle list. These miracles are detailed after the standard miracles. If a new spiritual guild wishes to include any of these miracles on their miracle list they may do so to a maximum of 10 spirits' worth of new miracles. These may include Major Sphere miracles (see below), but only from one Sphere. In this case priests of the guild may use those miracles without primary specialisation in that Sphere. Similarly, Minor Sphere miracles on the guild's list may be used by any priest in the guild, even if the priest has Primary and Secondary Spheres which are not the Sphere of the miracle.

In a change from previous rules Churches that have more than ten spirits worth of goodly miracles on their miracle lists are considered to be Goodly.

Churches with more than ten evil spirits on their miracle lists are considered Evil.

Neutral churches may choose to align to either the spirits of light or darkness. They may then choose up to 10 spirits of miracles of that alignment, with the remaining 50 being Neutral. This change does mean it is possible to be a C/N priest and use goodly miracles, or L/N and use Evil miracles. It is still NOT possible for a church to standardly have both good and evil miracles on their list.

INDEPENDENT PRIESTS

Priests who have not chosen to join a priest guild yet are considered 'independent' (unless they are hermits – see Hermit Priests). Independent priests are able to use standard-only neutral miracles of up to 4th level, and either Cure Wound and Dismiss Zombie if they are Goodly in their alignment or choose to align to the spirits of light if neutral. Alternatively, they can choose Cause Minor Wound and (at 2nd level) Create Zombie if they are Evil in their alignment or neutral and choose to align to the spirits of darkness. They may not use miracles above 4th level without buying them post-8th (see later in this book for details of acquiring miracles post-8th).

OUTLAWED GUILDS

Outlawed guilds have now been removed.

BLACK GUILDS

A black guild is formed in the same way as a normal guild except that it has to be evil in alignment. The actions and practises of the guild place themselves at odds with right thinking society (The Empire). As such the guild as a whole is Ostracised and members are not protected by Imperial law. If an individual manages to have this status removed by some means other than a points ability then they will, by the time they next play, be deemed to have engaged in their religious practices that resulted in this state and be Ostracised again.

Members of a black guild draw power from each other in a unique way. Whilst adventuring in a group of three or more, all members gain +1 spirit per level, +1 level of effect for casting level-based miracles, and no damage casting evil miracles. These spirits may nevertheless not be normally used by Spirit Warriors or Wayfinders. Spirit warriors and Wayfinders may instead choose to gain life points as if one level higher (gaining one additional level of life post-8th). However, black guild members may only play if there at least two priests of their guild on an adventure, and when only two are present no benefits are gained.

Each black guild has a set hierarchy: no member except the high priest may battleboard at above 450 points past, except as detailed below.

Once the High Priest is 450 points past, he may start the Inner Circle of the guild. He may sign a 40 point ability Initiate of the Inner Circle onto any other guild-member's card (at the Desk), allowing them to battleboard up to 1000 points. Once the High Priest reaches 1000 points past, he may sign a 25 point ability Acolyte of the Inner Circle onto any Initiate's card, allowing them to battleboard up to 3000 points. At 3000 points the High Priest may sign a 25 point ability Warden of the Inner Circle onto any Acolyte's card allowing them to earn any amount of points. The High Priest is under no obligation to sign any of the abilities onto any guild-member's card. Any priest in the Inner Circle may adventure without another priest.

HERMIT PRIESTS

Hermit priest is no longer a specific class. Instead any priestly class may choose to be a hermit. A loner that stands aside from one of the mainstream religions. They may have their own patron, or simply call to the spirits in general. In any event they may freely design their own miracle list when they start as a church can (This includes neutral priests being able to select good or evil miracles to cast). However they do not gain a free 8th level miracle, and can only use Scriptures of the Faith made by themselves. Those that chose to be hermits may not belong to a Church,

GREY WARDENS

Grey Wardens and, as an extension, Guardians of the Balance, are no longer standalone classes. Instead any priest class (including Wayfinders) may choose to be a "Grey Warden". Grey Wardens may design their own miracle list in a similar manner to hermits except they may have 30 spirits of neutral miracles, 15 good and 15 evil. They must be N/N in alignment.

Grey Wardens often dress in grey or similarly neutral colours, or alternatively balanced black and white. It is essential that their appearance presents a balanced image. Breaking their restrictions would cause them to lose their neutrality and become ordinary hermit priests without the ability to cast 8th level miracles.

When adventuring with a predominantly evil party the Grey Warden must act in a generally goodly manner towards his fellow adventurers, and conversely if the party is predominantly goodly he must behave evilly.

During an adventure, a Grey Warden must alternate his casting of goodly and evil miracles, although he may cast neutral miracles at any time. Casting two miracles of good or evil alignment in succession means that the grey warden forever loses the ability to cast miracles of the neglected alignment. The exception to this is Spirit Warriors and Wayfinders, who must ensure that at the start of each day they have the same amount of power or Good and Evil spiritual innates. They may then cast freely, but must still clearly and obviously be maintaining the balance.

Even the smallest infraction of their codes should result in the Warden losing the capacity to cast good or evil powers for the remainder of the day. This is akin to a Paladin's extreme devotion, and should be enforced harshly.

Grey Wardens may only make and use neutral spirit scrolls and items. They may not cast or use 8th level miracles until the ability 'Trust of the Planes' is obtained.

Grey Wardens can be metaphorically likened to an orchestral conductor walking a tightrope seeking to harmonise and balance the universe while staying on the tightrope. Falling from the rope means the loss of their unusual position, and they would be forced to live their lives as ordinary musicians from then on.

Grey Wardens advance as normal priests, however if they wish to acquire an aligned miracle or ability they must at the

same time acquire its opposite. This applies to innates, new miracles, repels, etc. If an ability has no opposite and is aligned then it may not be acquired. When buying an aligned pair of abilities, the character need only spend 3/4 of the total cost in points to acquire the pair. Total Heal and Suspend Life are considered opposites in this instance. They may not belong to a church in a similar manner to those that decide to be hermits.

SPECIAL NOTES ON MIRACLES

Each miracle has a verbal and gesture component. A miracle is deemed to have failed if the correct phrase and gesture are not performed accurately and audibly. Most miracles have a range. If this range is exceeded, the miracle is deemed to have failed.

In a change to previous rules priests are now free to cast miracles while being struck, providing they can maintain the correct gesture and verbal.

Power Points can be regained with a good night's sleep. They are normally regained at the rate of 1 point per 15 minutes of meditation or sleep, or all are regained after a good night's rest.

Meditation requires a character to sit or lie motionless, completely unaware of their surroundings. They will only be woken when they have regained sufficient power, when they suffer damage, or if physically disturbed, such as by shaking them.

Unless otherwise listed in the following miracle list, miracles affect characters of any level. Note however those which are annotated. Monsters should be stated with appropriate resistance levels by the referee.

Standard Miracles

Goodly Miracles

1st Level Goodly Miracles

Miracles (Standard): Dismiss Zombie			
Level: 1sp	Alignment: Good	Sphere: Universal	Range: 10'
Duration: Until Zombie is dismissed		Gesture: Open palm of weapon hand presented	
Verbal: “ <i>Spirit of [Zombie] I dismiss thee hence . . .</i> ” and “ <i>Spirit of Evil begone!</i> ”			
Description: This miracle enables a priest to dismiss, back to the spirit plane, the spirit within one zombie. The priest must be within the specified range by the time the incantation is completed. Keeping the weapon arm raised towards the zombie, the priest must move towards the zombie whilst reciting an incantation of his own devising. This has the effect of forcing the zombie directly backwards. The priest must force the zombie towards a solid object (e.g. a wall). Once he has backed the zombie against a solid object, he must incant "Spirit of evil begone!", and then the spirit of the zombie will be forced out of the body and the body will collapse "lifeless". Any level one undead name can be substituted for Zombie, and the miracle will then affect the named target instead. Only undead with a dismiss level of one are affected by this miracle. NB Should the priest be disturbed, take damage, look away, stop the incantation etc while dismissing the zombie then the miracle is immediately broken and wasted. For this miracle, any barrier the undead cannot cross counts as a solid object e.g. A zombie can be dismissed against the lines drawn for a Protection from Evil Spirits. It is also permissible to dismiss a zombie against another person bracing themselves as a barrier! While being dismissed zombies can do nothing except be forced backwards. Casting a dismiss miracle does not count as inflicting damage.			

Miracles (Standard): Cure Wound			
Level: 1sp	Alignment: Good	Sphere: Universal	Range: Touch
Duration: Instant		Gesture: Touch injured part with open palm	
Verbal: “ <i>Spirits aid me, I abjure thee to staunch this wound.</i> ”			
Description: This miracle enables a priest to cure 6 life points to the total body and touched location of one wounded character or 2 hits to one monster. It does not affect the undead.			

2nd Level Goodly Miracles

Miracles (Standard): Temporary Bless			
Level: 2sp	Alignment: Good	Sphere: Universal	Range: Touch
Duration: 1 hour		Gesture: Touch forehead of recipient with open palm	
Verbal: <i>"Spirits of light, I ask thee to bestow your favour upon this person"</i>			
Description: This miracle enables a priest to bless a person for a limited period of time. The effect of this miracle is to spiritually speed up the recipient's reactions to the extent that the recipient gains 2pts Dexterity AC. If this miracle is cast on a monster then it increases the monsters remaining hits by 4 hits, or grants 2 AC. This miracle only benefits a player on the same adventure as the casting priest, who must battleboard the use of the spirits during the adventure. If the recipient of a Temporary Bless performs an evil act, or has an evil spirit then the Bless acts in reverse for the remainder of the miracle's duration. This miracle cancels the effect of a Temporary Curse miracle, though it has no effect on a full Curse. Objects may be blessed however this does not turn the object spiritual (So a blessed sword would not inflict spiritual damage). It does protect them against effects that destroy them as if they were spiritual (Such as shatter and the like) but would not allow a shield to parry a purely spiritual blow. This is a change from how bless previously worked. This miracle does not affect the undead.			

Miracles (Standard): Cure Serious Wounds			
Level: 2sp	Alignment: Good	Sphere: Universal	Range: Touch
Duration: Instant		Gesture: Touch target with both empty hands	
Verbal: <i>"Spirits aid me, I abjure thee to staunch these wounds "</i>			
Description: This miracle enables a priest to cure up to 12 life points to the body of a wounded character or 4 hits to a monster. The miracle will cure damage to one or more locations on a character's body, and the priest may specify the amount of points cured per location, spreading the 12 points as desired. This miracle does not affect the undead.			

Miracles (Standard): Dismiss Skeleton			
Level: 2sp	Alignment: Good	Sphere: Universal	Range: 10'
Duration: Until skeleton is dismissed		Gesture: Open palm of weapon hand presented boldly	
Verbal: <i>"Spirit of skeleton I dismiss thee hence! "</i>			
Description: The effects of this miracle are as in the Dismiss Zombie miracle except that: 1) One level 2 undead is affected – the word ‘skeleton’ may be replaced with the dismiss name of any level 2 or level 1 undead. 2) Once the priest has backed the skeleton up against a solid object, he must approach within 9' (3 paces) of the skeleton and then incant: "Spirit of Evil begone", and then the spirit of the skeleton will collapse "lifeless". 3) While being dismissed, a skeleton can do nothing except be forced backwards.			

3rd Level Goodly Miracles

Miracles (Standard): Befriend Spirit			
Level: 3sp	Alignment: Good	Sphere: Universal	Range: 20'
Duration: 15 minutes		Gesture: Point at target	
Verbal: <i>"Spirit of ...<name/You>... in harmony stand, for in friendship shall our spirits be bound."</i>			
Description: This miracle enables a priest to befriend the spirit of a living creature. The befriended spirit will treat the priest as a very trusted friend. Note that the befriended spirit still retains free will at all times and is in no way controlled by the priest. If the actions of the priest bring about the death of the befriended spirit's body, then the "betrayed spirit" will attack the priest's spirit, inflicting life points damage equal to 12 x befriended character's level. The referee's decision as to whether the casting priest is responsible for the death is final, but it must be direct responsibility – for example, asking your friend to accompany you only for him to walk past an unsuspected camouflaged assassin and be killed is not sufficient. This miracle does not affect the undead.			

Miracles (Standard): Cure Disease			
Level: 3sp	Alignment: Good	Sphere: Universal	Range: Touch
Duration: Instant		Gesture: Touch target	
Verbal: <i>"By the spirits at my command, I bid this pestilence begone!"</i>			
Description: This miracle cures all physical or spiritual diseases whether they occur naturally or are inflicted by a miracle or an undead. It does not, however, cure diseases that have been magically inflicted. It is important that the referee and the recipient are informed when this miracle is performed.			
Note: Diseased items may have the disease removed by means of this miracle. The priest will not catch the disease when touching the item, (provided he successfully removes the disease).			

Miracles (Standard): Bless			
Level: 3sp	Alignment: Good	Sphere: Universal	Range: Touch
Duration: 24 hours		Gesture: Touch forehead of target with both hands	
Verbal: <i>"Spirits of light, I call upon thee to bless this person/item here"</i>			
Description: - the effects of this miracle are as in the Temporary Bless miracle with the following changes.			
1)	The duration is 24 hours, except when a Hospitaller of 6th level or higher casts this miracle. When this happens the miracle's effects can be permanent - the Bless must be countersigned by the game system management.		
2)	If the recipient performs an evil act or has an evil spirit then the Bless is reversed.		
3)	This miracle overrides a Temporary Curse i.e. the Temporary Curse on the recipient is cancelled. Also a Temporary Curse will have no effect on a blessed character.		
4)	This miracle cancels the effects of a Curse miracle. However since some Blesses and Curses are more potent than others then the procedure is slightly complicated as shown below.		
a)	When a Hospitaller (of any level) casts a Bless on a cursed character then the curse is cancelled. This is the rule for a Hospitaller cancelling even permanent Curses.		
b)	When a Hospitaller (of any level) casts a Bless on a character cursed with a 24 hour curse, then the Curse is cancelled. If the Hospitaller is of 6th level or above, then the Curse is cancelled for the rest of its duration after which the cursed character may become permanently blessed, and the bless must be countersigned by the game system management.		
c)	When a priest (other than a Hospitaller) casts a Bless on a character cursed with a 24 hour curse, then the Curse is cancelled.		
d)	When a priest (other than Hospitaller) casts a Bless on a character cursed with a permanent Curse then the Curse is cancelled for 24 hours after which it returns as a permanent Curse. If the priest is 6th level or above then the permanent curse is cancelled by his Bless.		
e)	The total number of people permanently blessed by a Hospitaller cannot exceed his level, he must keep a record of the recipients.		
f)	If a blessed character dies the Bless disappears.		
5)	This miracle may be used on objects as well as people. A Blessed object now contains a faint spirit, and is not capable of inflicting spiritual damage nor can it be used block purely spiritual attacks. It is however warded from effects that would destroy it such as Shatter.		

Miracles (Standard): Dismiss Ghoul			
Level: 3sp	Alignment: Good	Sphere: Universal	Range: 10'
Duration: Until ghoul is dismissed		Gesture: Open palm towards target	
Verbal: <i>"Spirit of ghoul, I dismiss thee hence!"</i>			
Description: The effects of this miracle are as in the Dismiss Skeleton miracle except that:			
1) 1 ghoul or other level 3 undead is affected.			
2) Once the priest has backed the ghoul up against a solid object, he must approach within 9' (3 yards) of the ghoul and then incant - "Spirit of evil begone", and then the spirit of the ghoul will collapse "lifeless".			
3) While being dismissed the ghoul can do nothing except gibber piteously while being forced backwards.			

4th Level Goodly Miracles

Miracles (Standard): Dismiss Mummy			
Level: 4sp	Alignment: Good	Sphere: Universal	Range: 20'
Duration: Until completed		Gesture: Open palm presented to target	
Verbal: <i>"Spirit of mummy, I dismiss thee hence!"</i>			
Description: The effects of this miracle are as in the Dismiss Zombie miracle except that: 1) One mummy or other dismiss level 4 or below undead is affected 2) While being dismissed, a mummy cannot attack the priest, but can attack anyone or anything else that gets too close to it (as long as this does not slow its progress backwards). It cannot use other powers if they would normally have been available to it.			

Miracles (Standard): Heal			
Level: 4sp	Alignment: Good	Sphere: Universal	Range: Touch
Duration: Instant		Gesture: Touch head with both hands	
Verbal: <i>"Spirits, staunch these mortal wounds and let this person be healed!"</i>			
Description: This miracle enables a priest to cure up to 36 points of damage to a wounded character (or 12 hits on a monster), both TBLP and locational life is cured. This miracle will cure damage to one or more locations on a patient's body. The priest can specify the distribution of the points to be cured in each location. This miracle does not affect the undead.			

5th Level Goodly Miracles

Miracles (Standard): Dismiss Wraith			
Level: 5sp	Alignment: Good	Sphere: Universal	Range: 20'
Duration: Until completed		Gesture: Open palm presented to undead	
Verbal: <i>"Spirit of wraith, I dismiss thee hence!"</i>			
Description: The effects of this miracle are as in the Dismiss Zombie miracle except that: 1) One dismiss level 5 or below undead is affected. 2) Once the priest has finished the "I dismiss thee hence!" part of the verbal then the undead is in dismiss mode and cannot walk through walls. 3) Once the priest has backed the undead up against a solid object he must approach within 9' (3 paces) of the undead and then incant - "Spirit of Evil begone" and the spirit of the undead will be forced back to the spirit realm from which it came. While being dismissed the undead cannot attack the priest or walk through walls but can attack anyone else that gets too close to it (as long as this does not slow its progress backwards).			

Miracles (Standard): Remove Fear and Paralysis			
Level: 5sp	Alignment: Good	Sphere: Universal	Range: Touch
Duration: 5 Minutes		Gesture: Touch recipient's forehead	
Verbal: <i>"Spirits of light banish away all fear and paralysis!"</i>			
Description: This miracle stops effect of a Cause Fear miracle. It will also negate the effects of any other spiritually or physically caused fear or paralysis, e.g. Paralysis caused by ghouls or similar. It also grants the recipient immunity to such for 5 minutes.			

6th Level Goodly Miracles

Miracles (Standard): Dismiss Vampire			
Level: 6sp	Alignment: Good	Sphere: Universal	Range: 20'
Duration: Until completed		Gesture: Open palm towards undead	
Verbal: <i>"Spirit of vampire, I dismiss thee hence!"</i>			
Description: The details of this miracle are as in the Dismiss Wraith miracle except that 1 vampire can be affected. It could instead be used on any one undead of dismiss level 6 or less e.g. zombie, skeleton, ghoul, mummy, wraith or wight.			

Miracles (Standard): Spiritual Freedom			
Level: 6 Spirits	Alignment: Good	Sphere: Universal	Range: Touch
Duration: Instant		Gesture: Touch target's head with both hands	
Verbal: <i>"Spirits of light, hear me! I abjure thee by the power of rune lore! By the power vested in me succour this unfortunate spirit! Help me to drive the evil from this person! Evil spirit there is no place for thee here! By my power and the power of these spirits I now summon, you are cast out! Evil spirit begone!"</i>			
Description: This miracle enables the priest to remove a Spiritual Mastery miracle. It also removes Beguile and Befriend Spirit miracles and will remove any physical versions of the above.			

Miracles (Standard): Regeneration			
Level: 6sp	Alignment: Good	Sphere: Universal	Range: Touch
Duration: 5 minutes		Gesture: Touch location	
Verbal: <i>"Spirits of light, bestow thy powers on this severed stump! Let bones grow and sinews strengthen!"</i>			
Description: This miracle enables a priest to regenerate a severed limb. On completion of the incantation, the limb will begin to grow and it will be fully usable after 5 minutes. This miracle only works on living targets. In the case of missing body-parts other than limbs, such as the eyes, the miracle’s effects are generally deemed to be instant, at ref’s discretion. This miracle does not affect the undead.			

Miracles (Standard): Reveal Truth			
Level: 6sp	Alignment: Good	Sphere: Universal	Range: Self
Duration: 30 minutes		Gesture: Both hands raised in supplication	
Verbal: <i>"Spirits, reveal to me the truth!"</i>			
Description: The effects of this miracle are as in the Detect Lie miracle, except that a Conceal Lie miracle does not work against it. For the duration of the miracle the priest recognises any and all lies spoken by someone with a spirit.			

Miracles (Standard): Total Heal			
Level: 6sp	Alignment: Good	Sphere: Universal	Range: Touch
Duration: Instant		Gesture: Touch target's head with both hands	
Verbal: <i>"By the power of the spirits of light, I bid that thy life shall be as new ..."</i>			
Description: This miracle enables a priest to totally heal a character or monster of all damage, if both priest and recipient spend 30 seconds in calm preparation before the invocation, the priest praying to their patron and neither party in combat. If the miracle is cast without this preparation it cures only 72 tblep and 72 points of locational damage. This is an absolute system limit, and no ability under any circumstances circumvents this. Note that on creatures with half a spirit, like half-Elves, Total Heal only cures 72 points as above if prepared and only 36 points if unprepared. This miracle does not affect the undead.			

8th Level Goodly Miracles

Miracles (Standard): Restore Life			
Level: 8th (10sp)	Alignment: Good	Sphere: Universal	Range: Over body
Duration: Instant	Gesture: Pass hands over body in gather motion, ending in upward sweep		
Verbal: <i>“Spirits of Light hearken unto me”</i> This is then followed by a 5 minute ritual invoking the spirits to return the person to life which must conclude with the following:			
<i>"Spirits of Darkness, fly from this place! There is no succour for thee here! By my powers and the powers of light, I call upon the spirit of to return to this place! Your time is not yet come! Come and be reunited with your body lying here! Return to the land of the living!"</i>			
Description: This miracle allows a recently dead (up to 2 weeks of real time) character or monster to be brought back to life. The priest is drained of a level if this miracle is used successfully – immunity to level drain and similar abilities do not apply to this loss, as the miracle is cast voluntarily. The body should be placed in a circle of Protection from Spirits (evil) with a lit candle (or safe phys rep candle) at each shoulder and at each foot. If the miracle is successful, the person restored to life has 7 total body life points and 1 location life point at each location (even if they had suffered unhealable wounds that would prevent this). A monster, if resurrected, has 2 hits. If for any reason this miracle fails to work, then the priest still loses 10 spirits and 10 life points. If the person remains at rest within the general area (20ft) of where they were restored to life do not cast/engage in combat they will be completely healed 5 minutes later. Note there is no longer a “disease” effect associated with a restore life. If a character has died from Level Drain then they are returned at 1st level.			
It will be noted from the verbals of this miracle that this miracle CANNOT restore to life an evil character or monster. It does not work on a body that has been used to house an undead spirit i.e. that has been used to raise an undead. The body used must be the body of the individual being resurrected. This miracle like all other eighth level miracles must be cast TOTALLY accurately, even a slightly mumbled or unclear word will cause it to fail. If performed on-adventure then the recipient loses 10% res chance. If performed off-dungeon then the recipient loses 20% res chance unless fated hero or similar is owned. This like any other Resurrection effect requires the target to have the full Vitae % available in order for the power to work.			
The Protection from Evil Spirits miracle is needed to prevent evil spirits from interfering with the resurrection – if it is not drawn, or the lines of it are broken, the Restore Life will fail, and it is likely that a dangerous evil spirit or undead may take the opportunity to enter the prime plane, attacking those nearby. These spirits are sometimes even the feared Death Knights, truly powerful and terrifying undead creatures.			
If the candles are neglected, or blow out, the only consequence is that the spirit has no beacon to guide it back to its body, and the miracle fails. If the gestures are performed incorrectly, the same holds and the miracle fails.			
All off-adventure Restore Life miracles performed must have a valid Desk signature and the name of the person who performed the resurrection signed on the character’s card.			
Needless to say, this miracle does not affect the undead.			

Neutral Miracles

1st Level Neutral Miracles

Miracles (Standard): Halt			
Level: 1sp	Alignment: Neutral	Sphere: Universal	Range: 10'
Duration: 10 seconds	Gesture: Open palm of empty weapon hand towards target		
Verbal: "Halt! I command thee be still!"			
Description: The victim of this miracle is frozen for 10 seconds after which he is able to move again as normal. If during the 10 second duration, the victim is touched or suffers damage then the miracle is broken instantly and the victim may act normally. The victim must be of a lower level than the caster. This miracle does not affect the undead.			

Miracles (Standard): Power Meld			
Level: 1sp	Alignment: Neutral	Sphere: Universal	Range: Touch
Duration: Instant / 5 minutes (see below)		Gesture: Join both hands with donating priest	
Verbal: <i>"Spirits aid me, my power is slight. Come from him/her to lend me thy might!"</i>			
Description: This miracle enables a priest to gain power points by taking them from a priest who is a willing donor. To perform this miracle, the priest joins hands with the donor priest and utters the incantation. All of the donor's remaining spirits are transferred to the priest. This transfer of power is subject to the following restrictions: • The donor must be of lower level than the priest who is performing the power meld, and be willing. Domination effects do not cause willingness! • The donor is drained of all his remaining spirits which are transferred to the caster. The donor also loses 1 life point per spirit drained. • If the Power Meld results in the priest having more than his maximum amount of spirits, then the excess is wasted. • These gained spirits must be used within 5 minutes of receiving them, since after 5 minutes they dissipate and are lost. • Should a priest power meld with another priest of the opposite alignment (e.g. a good priest taking power from an evil one) then the donated spirits may only be used for the casting of neutral miracles.			

Miracles (Standard): Detect Spirit's Nature			
Level: 1sp	Alignment: Neutral	Sphere: Universal	Range: 10'
Duration: Instant		Gesture: Point at target	
Verbal: <i>"Spirit, what art thou?"</i>			
Description: This miracle is used to determine a spirit's alignment. The target should answer "Good/neutral/evil" whichever is the case. If the target has no spirit no answer will be gained.			

Miracles (Standard): Spirit of Seeing															
Level: 1sp	Alignment: Neutral	Sphere: Universal	Range: 20'												
Duration: Instant		Gesture: Point in desired direction													
Verbal: "Spirit, go forth and relate what you see."															
Description: This miracle enables a priest to send a spirit ahead. The spirit will be able to see any spirits in the area. The spirit (referee) will report back to the priest and inform him of how many spirits and approximately what size they are. The miracle reveals all spirits within 3 paces of the 20' path indicated by the caster, barring those possessed by the caster themselves.															
<table><tr><th>Character Level</th><th>Spirit Size</th></tr><tr><td>1 – 2</td><td>Small</td></tr><tr><td>3 – 4</td><td>Medium</td></tr><tr><td>5 – 6</td><td>Large</td></tr><tr><td>7 – 8</td><td>Huge</td></tr><tr><td>9+</td><td>Titanic</td></tr></table>				Character Level	Spirit Size	1 – 2	Small	3 – 4	Medium	5 – 6	Large	7 – 8	Huge	9+	Titanic
Character Level	Spirit Size														
1 – 2	Small														
3 – 4	Medium														
5 – 6	Large														
7 – 8	Huge														
9+	Titanic														
Note - Miracles (such as Rune of Power) that are currently in operation have spirit sizes as per the size of a character of the same level's spirit. Spirit items have spirits and so can be seen. Their size is as per the miracle levels involved in their casting – for example an amulet of Total Heal twice per day would be seen as two large spirits. Associated spirits, such as those possessed by a priest, show up only as 'associated spirits', not a specific number. For example, the miracle might reveal that there were 2 medium, 1 large and some associated spirits ahead, and this could be a 6th level priest with a Bless and a Spirit Shield active. The locations of the spirits are not revealed.															

2nd Level Neutral Miracles

Miracles (Standard): Spirit of Seeing and Hearing			
Level: 2sp	Alignment: Neutral	Sphere: Universal	Range: 20'
Duration: Instant		Gesture: Point in desired direction	
Verbal: <i>"Spirit go hence and relate what is there"</i>			
Description: This miracle is very similar to the Spirit of Seeing miracle. It has all the effects of a Spirit of Seeing and can also read the surface thoughts of any spirits in the area and so tell their short-term intent. In general, non-animate spirits, such as those in items or active miracles, will not have thoughts!			

Miracles (Standard): Stasis			
Level: 2sp	Alignment: Neutral	Sphere: Universal	Range: 10'
Duration: 20 seconds		Gesture: Open palm towards target	
Verbal: " <i>Stand by my power thou art held!</i> "			
Description: The effects of this miracle are as the Halt miracle in most ways except for Range and duration. The only other difference is that a touch is not sufficient to free the target of a Stasis – only actual damage will suffice.			

Miracles (Standard): Control Zombie			
Level: 2sp	Alignment: Neutral	Sphere: Universal	Range: 10'
Duration: 30 minutes		Gesture: Point at Zombie	
Verbal: <i>"Spirit of zombie, thou art mine to command!"</i>			
Description: This miracle enables a priest to take over control of a spirit animating a zombie. If the level of the priest performing the miracle is higher or equal to the level of the priest currently controlling the zombie, then the miracle succeeds otherwise it fails. For control purposes, an uncontrolled zombie or a zombie under the control that is inherent in the Animate Zombie miracle, is considered to be controlled only by a 1st level priest, and therefore any other control will take precedent. Once this miracle's duration is over, the zombie will continue to follow the last instruction it received and will accept no further instructions until another Control Zombie miracle is cast on it. In the same way as with Dismiss miracles, the name Zombie can be replaced with the dismiss name of any other level one undead and will function in the same way.			

3rd Level Neutral Miracles

Miracles (Standard): Talk to Spirit			
Level: 3sp	Alignment: Neutral	Sphere: Universal	Range: 20'
Duration: 3 questions / 5 minutes		Gesture:	
Verbal: <i>"Spirit in adversity, answer me these questions three!"</i>			
Description: This miracle enables a priest to ask three questions of a spirit. The spirit must answer these questions, and will give a one word answer to each question. It should be noted that certain spirits need not answer the question truthfully. Specifically, living spirits may answer as they desire, and intelligent animate spirits of 6th level or above may also lie. This will include most powerful undead, such as Vampires. Normal dead spirits, the spirits of items, and spirits of miracles are not generally able to lie, and neither are undead of less than 6th level. It is not the case that simply because an object has magic within it as well as spirit it is able to lie – the above restrictions still apply.			

Miracles (Standard): Control Skeleton			
Level: 3sp	Alignment: Neutral	Sphere: Universal	Range: 10'
Duration: 30 minutes		Gesture: Point at Skeleton	
Verbal: "Spirit of skeleton, thou art mine to command!"			
Description: The effects of this miracle are as in the Control Zombie miracle except that 1 level 2 or level 1 undead is affected, and the differences noted above.			

Miracles (Standard): Protection from Spirits			
Level: 3sp	Alignment: Neutral	Sphere: Universal	Range: 6' radius circle or 15' length line
Duration: 15 minutes		Gesture: Draw line on ground – see below	
Verbal: <i>"Let my spirits defend me from the spirits of good/evil!"</i>			
Description: This miracle can be used as protection against either good or evil spirits. The priest must specify whether he wants good or evil spirits to be affected, it should be noted that a priest of any alignment may cast either version of this miracle. This miracle prevents creatures of the specified alignment from passing over the line or attacking through it. This includes striking melee blows but not thrown weapons or cast spells. However miracles of the alignment it bars will generally be blocked, unless of a higher miracle level than the protection. This protection is subject to the following restrictions and qualifications: 1) Neutrally aligned creatures are not affected by this miracle and thus can walk through it. 2) Creatures greater than the caster's level are not affected by this miracle. 3) Undead are affected by a Protection from Evil Spirits according to their dismiss level, not their resistance level to spirits. The line must be drawn with a piece of chalk or a stick (not a weapon) on the ground, and be unbroken. The drawing of the line is part of the casting of the miracle, so it is not possible to empower an already drawn line, although the incantation may be spoken as the drawing is completed (to prevent long drawn-out syllables as the priest crawls around the floor!). Tiny breaks in the line caused by the irregularity of the floor or similar will not influence this miracle, but breaks large enough to fit a hand through or larger will mean that the miracle fails.			

Miracles (Standard): Spirit Shield			
Level: 3sp	Alignment: Neutral	Sphere: Universal	Range: Touch
Duration: 15 minutes / until used		Gesture: Touch target's head with open hand	
Verbal: <i>"Spirits shield this spirit from the assault of my/his/her foes"</i>			
Description: This miracle causes the first 18 life points of purely spiritual damage to the recipient to be absorbed by the shield. This will apply equally to a weapon blow or a miracle, but not to anything with a component other than spiritual – for example, a normal spiritual weapon (which has a physical aspect) will not have its damage prevented. Alternatively, the shield prevents undead touch effects such as a ghoul's paralysis. Each undead touch effect prevented is considered to cost 6pts from the shield. A Spirit Shield is applied to damage/effect at the first stage, i.e. before applying any armour class, reductions or resistances. This means that a character immune to Paralysis will still lose 6 pts from their shield if touched by a ghoul, for example. In the case of miracles like Cause Grievous Wounds, each 6tblpof damage reduced prevents 1 to each location.			

Miracles (Standard): Detect Lie			
Level: 3sp	Alignment: Neutral	Sphere: Universal	Range: Self
Duration: 5 minutes		Gesture: Both hands raised in supplication	
Verbal: Priest repeats statement heard then asks – “Spirits, have lies been spoken?"			
Description: This miracle enables a priest to ask a spirit whether a statement he has heard recently has been the truth or a lie. The statement must have been made by a being with a spirit. The ref should inform the caster whether the speaker believed the statement or did not believe it (i.e. was lying). The actual truth of the statement does not matter, only the speaker’s perception of it. Rather than repeating the statement, the priest may simply utter the verbal immediately after a statement – in this case the miracle affects the last statement heard, whatever that may have been. In a change from previous this now allows statements to be checked for a 5minute period. Each statement must be repeated or the verbal used after each one. Alternatively a single statement may be checked at any time after it has been heard.			

4th Level Neutral Miracles

Miracles (Standard): Communication			
Level: 4sp	Alignment: Neutral	Sphere: Universal	Range: Self
Duration: 3 questions within 5 minutes		Gesture: Both hands touch temples	
Verbal: "All seeing, all knowing spirits! Answer me this....."			
Description: This miracle enables the priest to ask the more knowledgeable spirits three questions. The spirits (referee) will answer yes or no, or if the answer is unknown, will remain silent. If the answer is unknown, the question is wasted. This miracle can only perceive the actions or knowledge of creatures with spirits but can be about any spirits, even those not present.			

Miracles (Standard): Spirit Bolt			
Level: 4sp	Alignment: Neutral	Sphere: Universal	Range: 20'
Duration: Instant		Gesture: Point at target	
Verbal: "By all my powers, let thy spirit be smitten Spirit Bolt!"			
Description: This miracle enables a priest to spiritually attack another spirit. The attack does 6 hits of damage to monsters or 18 points to the TBLP (only) of a character. This miracle does not do any damage to locations. If the target has spiritual armour class, then the spiritual armour class of the least protected location is applied against the 18 points of damage. SAC 1 will stop 1tblp point of damage etc.			

Miracles (Standard): Control Ghoul			
Level: 4sp	Alignment: Neutral	Sphere: Universal	Range: 20'
Duration: 15 minutes		Gesture: Point at target	
Verbal: <i>"Spirit of ghoul, thou art mine to command!"</i>			
Description: The effects of this miracle are as in the Control Zombie miracle with the following exceptions: 1) One ghoul or other level 3 or below undead is affected. 2) The ghoul can perform complex tasks for its controller, but once the duration of the control has expired, the ghoul regains its own free will and will probably return to its creation point and will then only venture out from that point at night to feed.			

Miracles (Standard): Rune of Power

Level: 4sp

Alignment: Neutral

Sphere: Universal

Range: Touch / see below

Duration: Adventure / until triggered

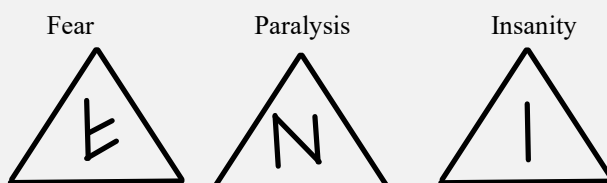

Gesture: Inscribe rune as below

Verbal: (For Rune of Transgression) *"Spirit of paralysis/fear/insanity, I place and bind thee to this rune! May all except (designate names) suffer the consequences of their transgression."*

(For Rune of Disturbance) *"Spirit of paralysis/fear/insanity, I place and bind thee to this rune! May all except (designate names) suffer the consequences of disturbing thee!"*

Description: This miracle enables a priest to bind a spirit into a rune of power that when triggered will cause paralysis, fear or insanity (according to the individual rune) to the person who triggered the rune. The effect of the rune is latent until triggered, but once triggered the effect is permanent until a Bless (or Curse intended beneficially) miracle is cast on the victim. If the target is immune to bless or curse the rune is still released even though he does not become blessed/cursed as a result.

The three runes are:

The classes of Runes of Power are Runes of Transgression and Runes of Disturbance, these are classified according to their location and the conditions required to trigger them.

Rune of Transgression: This rune of power is placed to protect an area, portals, doorways, openings and the like. It is triggered when an unauthorized person enters the protected area, walks through the protected portal etc. A rune of transgression only protects the area it encloses and cannot be moved. Typical runes of transgression are:

Rune on an archway - it will be triggered when someone goes through the archway.

Rune on the inside of a chest - it will be triggered when someone tries to take something from the chest, tries to put something in the chest or puts their hand or head etc. in the chest, i.e. Runes of Transgression protect things that can be entered.

A Rune of Transgression can never be triggered by the presence of someone more than 3' away from it.

Rune of Disturbance: This rune of power is placed so as to protect items. It can be triggered when the item with the rune on it is moved from stationary or opened but not just when touched. Typical uses for runes of disturbance are:

Rune on a valuable item - it will be triggered when an unauthorized person moves it.

Rune on a door or chest lid - it will be triggered when someone attempts to open the door or chest.

They cannot be placed on weapons. Runes of Disturbance protect things that can be moved.

- 1) Runes of Power only affect targets of under the caster's level. If triggered by someone of equal or higher level the rune is wasted to no effect.
- 2) Runes of Power have no effect on the undead and are not triggered by the undead or by small insignificant animals etc. at ref's discretion
- 3) Runes of Power cannot be placed on magical or enchanted items.
- 4) If more than one rune is placed on an item, doorway or area, and the conditions for their activation are met, then all the runes will be triggered simultaneously, e.g. an archway could only be protected against one transgressor rather than several. However, careful placing of runes could cause gradual attrition of transgressors in the areas they protect.
- 5) A rune will not work on someone who has a Rune of Power handed to him unless he then "opens" the item.

In the case of Runes of Insanity, only certain specific forms of insanity may be induced, with the following effects:

Paranoia: In this case the target is convinced that the area/object is unsafe or dangerous initially, and maintains a generally paranoid outlook even after leaving the area, until freed from the effects.

Catatonia: In this case the target collapses as if dead. This is considered a listed stopping effect, to which immunity to catalepsy or insanity applies. Warcies and Determination may also be applied to it.

Mania: In this case the target is given a berserker-style attitude to combat; any threat will result in immediate violent response. Characters unable to wield a weapon will simply become histrionic, excitedly shouting or threatening. No fear of magic is possessed however, nor are any rage benefits granted.

Phobia: Darkness, Light, or Blood (one type only): In this case the target is deeply fearful of the named thing. Immunity to Fear or Immunity to Insanity applies however.

Unhinged: In this case the effects of the insanity are generally less severe than those listed above, the only specific requirement is that the target must adjust roleplay to seem eccentric / mad as they desire.

Immunity to Insanity grants immunity to any of the above insanities, of course.

Runes of Fear cause Fear of the specific object or place where the rune was inscribed, only. Immunity to Fear applies.

Runes of Paralysis affect as per ghoul paralysis except that the duration is permanent. Immunity to Paralysis or any other effect which would negate a stopping effect applies.

As mentioned above, this miracle does not affect the undead.

5th Level Neutral Miracles

Miracles (Standard): Control Mummy

Level: 5sp

Alignment: Neutral

Sphere: Universal

Range: 20'

Duration: 10 minutes

Gesture: Point at target

Verbal: *Spirit of mummy, thou art mine to command!"*

Description: The effects of this miracle are as in the Control Zombie miracle except that one level 4 or below undead is affected.

Miracles (Standard): Minor Ward of Power

Level: 5sp

Alignment: Neutral

Sphere: Universal

Range: As drawn

Duration: 25 minutes

Gesture: Draw shape and inscribe runes

Verbal: *"Spirit of power, I bind thee to this shape I now inscribe. Protect me from all who seek to enter!"*

Description: The lines delineating the edges of a Minor Ward must be clear and visible, and unbroken. They must be drawn or inscribed by the caster as he invoked the miracle.

The effects of a Minor Ward of Power are as follows:

- 1) Undead requiring a dismiss of level 5 or below cannot cross or attack through.
- 2) Creatures of up to 4th level and below cannot cross or attack through.
- 3) All other creatures take 10 hits (or 30 life points) damage if they cross from outside to within. This is non-locational spiritual damage, reduced only by Spiritual AC by 1 point for each point of SAC possessed.
- 4) The ward can absorb 10 spirit points worth of miracles directed at it before collapsing – these miracles do not have their usual effect, serving only to weaken the warding. They can be any sort of miracle, as long as they are specifically targeted at the ward rather than elsewhere, and have a **Range** of greater than 'self only'.
- 5) If the caster leaves the ward it cancels the ward.
- 6) The ward has no effect against magical attacks or magic except that if someone tries to cross the ward magically (e.g. jump or teleport) then effects 1, 2 or 3 occur.

The ward may be of any shape and size but it must have four (and only four) distinguishable corners. In each corner a rune for N, E, S + W must be inscribed in that order, clockwise. To benefit, the caster must be inside the ward when the shape is closed.

Miracles (Standard): Remove Voice of Power

Level: 5sp

Alignment: Neutral

Sphere: Universal

Range: 20'

Duration: Instant

Gesture: Point at target

Verbal: *"Spirit! I command thee be free!"*

Description: This miracle cancels any one Voice of Power miracle that is currently affecting the target. It also removes all forms of Halt and Stasis miracles and similar.

Miracles (Standard): Voice of Power			
Level: 5sp	Alignment: Neutral	Sphere: Universal	Range: 20'
Duration: Permanent		Gesture: Point at target	
Verbal: <i>"Spirit! By the power of my voice I command thee"</i>			
Description: This miracle causes the recipient to continually obey the single word command which ends the incantation. The command must be an imperative (e.g. Sleep! Flee! Crawl! Etc.). If the victim is given a command such as Die! Expire! Etc. then he merely falls unconscious for ever believing he is dead. If the victim is given the command Obey! Then he will obey all commands given to him including commands he might choose to give himself! This miracle only works upon characters with a lower level than the caster. This miracle does not affect the undead, and is considered a listed stopping effect.			

Miracles (Standard): Spiritual Invisibility			
Level: 5sp	Alignment: Neutral	Sphere: Universal	Range: Self
Duration: 5 minutes		Gesture: Touch head with both hands	
Verbal: <i>"Spirits hide my spirit from the sight of my foes"</i>			
Description: The caster's spirit cannot be perceived by any spirit and thus is immune to ALL spiritual effects. This includes all miracles. The caster cannot cast miracles or even use innate (spiritual) abilities, excepting that the priest may remove his own Spiritual Invisibility miracle. Spiritual Invisibility can only be cast on the caster. This miracle does not affect the undead.			

6th Level Neutral Miracles

Miracles (Standard): Control Wraith			
Level: 6sp	Alignment: Neutral	Sphere: Universal	Range: 20'
Duration: 5 minutes / 30 minutes		Gesture: Point at undead	
Verbal: <i>"Spirit of wraith, thou art mine to command!"</i>			
Description: The effects of this miracle are as in the Control Zombie miracle with the following exceptions: 1) One level 5 or below undead is affected 2) If this miracle is used immediately after a Summon miracle cast by the same priest, then the summoned target is controlled for 30 minutes, otherwise the miracle duration is 5 minutes.			

8th Level Neutral Miracles

Miracles (Standard): Greater Communication			
Level: 8th (10sp)	Alignment: Neutral	Sphere: Universal	Range: Self/Infinite
Duration: 3 questions within 5 minutes		Gesture: Touch temples with hands	
Verbal: <i>"All seeing all-knowing spirits! You whose powers are great! Give me the answers to these three questions I now ask!"</i>			
Description: The effects of this miracle are the same as in Communication except that the answers are given in short phrases or sentences, of up to approximately seven relevant words (words used only for the sake of grammar and meaning should not be counted towards this total – careful word-counting is discouraged where possible). Only three questions can be asked and if the answer is not known, then the spirits will say so. In general, the answering referee should remember that the powers answering the divination are those of the priest's patron, and unless the priest is strongly in disfavour at the time they are very unlikely to seek to be 'difficult' in their answers! The casting of such a miracle should not be an opportunity for either the ref or the priest to show off their lawyer-style phrasing – please treat the meaning of the question and answer as intended.			

Miracles (Standard): Major Ward of Power			
Level: 8th (10 spirits)	Alignment: Neutral	Sphere: Universal	Range: As drawn
Duration: 50 minutes		Gesture: Draw required shape and inscribe runes	
Verbal: <i>"Great spirits, whose powers are mighty! I bind thee by the rune I now inscribe! Protect all within its boundaries from all who seek to gain entrance!"</i>			
Description: The effects of this miracle are as in Minor Ward of Power except for the following differences: 1) All undead are kept out. 2) Creatures with up to 7th level and below resistance levels are kept out. 3) All characters suffer 60 life points of spiritual damage when they cross the ward from the outside. Alternatively monsters receive 20 spiritual hits of damage. 4) The ward can absorb 20 power points of miracles before collapsing.			

Evil Miracles

1st Level Evil Miracles

Miracles (Standard): Cause Minor Wound			
Level: 1sp	Alignment: Evil	Sphere: Universal	Range: Touch
Duration: Instant		Gesture: Touch target with open hand	
Verbal: <i>"Spirit of Evil I call upon thee to inflict this minor wound"</i>			
Description: This miracle enables the priest to cause a minor wound by touch. Once the priest has finished incanting the verbal he has 30 seconds in which to touch a target with the palm of his empty weapon hand. If he succeeds the victim takes 4 life points damage to the location touched and to total body life points stopped only by spiritual armour class, alternatively this miracle does one hit of damage to a monster. Note that the miracle is discharged on the first spirit touched by the caster, even themselves!			
This miracle like all other "Cause" miracles cannot be cast in conjunction with any other Cause miracle.			

2nd Level Evil Miracles

Miracles (Standard): Cause Wound			
Level: 2sp	Alignment: Evil	Sphere: Universal	Range: Touch
Duration: Instant		Gesture: Touch target with open hand	
Verbal: <i>"Spirit of evil I call upon thee to inflict this wound"</i>			
Description: This miracle enables the priest to cause a wound by touch. Once the priest has finished incanting the verbal, he has 30 seconds in which to touch the victim of the miracle with the palm of his weapon hand. If he does so, then the victim takes 6 life points damage to the location touched and 6 total body life points (non-spiritual armour does not absorb this damage). Alternatively this miracle does 2 hits of damage to monsters.			

Miracles (Standard): Animate Zombie			
Level: 2sp	Alignment: Evil	Sphere: Universal	Range: 10'
Duration: Permanent until destroyed		Gesture: Pass hands over body ending with upwards motion	
Verbal: <i>"Spirit at my command I bind thee into this body as a zombie to do my will " (for one zombie) or "Spirits at my command I bind ye into these bodies as zombies to do my will"</i>			
Description: This miracle enables a priest to summon spirits to enter dead bodies to create zombies. A priest can generally create zombies out of bodies that are up to 28 days old, or otherwise ruled by the ref to have remained fleshy. The priest is able to animate 4 hits + 1 hit per level of the priest in zombies and can spread this number of hits amongst the zombies in any combination he likes. e.g. A 5th level priest can animate 9 hits of zombies. He could either animate: 1 x 9 hit zombie, or 1 x 5 hit zombie + 1 x 4 hit zombie or			

3 x 3 hit zombies and so on.

On completion of the miracle the zombies will arise and stand waiting for instructions. The zombies are under the control of the animator (the Animate Zombie miracle gives a weak control equivalent to a Control Zombie miracle cast by a 1st level priest). The duration of this control is for 30 minutes after the zombies have been animated. Once the control has worn off, the zombies will continue obeying their last command until they are slain, dismissed or controlled by another priest.

Should a Zombie move more than 6 paces (18ft) from the point they are created at (referred to as a creation point) they die.

Miracles (Standard): Temporary Curse

Level: 2sp **Alignment:** Evil **Sphere:** Universal **Range:** 10'

Duration: 1 hour / 5 minutes **Gesture:** Point at target

Verbal: *"By the power of my spirits, I damn thee!" or "May my evil spirits aid thee"*

Description: This miracle enables a priest to curse a person for a limited period of time. The effect of this miracle is to spiritually slow the victim's reactions to the extent that the victim loses 2 points of dexterity AC, to a minimum of 0.

If this miracle is cast on a monster then it reduces the monster's AC by 2 points alternatively if the monster is not set with AC it decreases the monsters remaining hits by four. The minimum hits a monster can be left with after being cursed is one, as clearly the miracle cannot kill but merely increase the amount of damage the victim receives during combat. This miracle is also known as 'Damn'.

Alternatively, the miracle can be cast upon a target of Evil alignment beneficially, instead granting them 2 Dexterity AC in a manner similar to Temporary Bless. However in this case the miracle lasts only 5 minutes.

Objects may also be cursed, and this functions as detailed under Temporary Bless.

All priests of any alignment are able to cast a miracle of equivalent effect to Damn, as a final dying Damn, as long as they have at least 2 spirits remaining. The priest need not have this miracle on his guild miracle list though he must be at least second level. The dying priest always has enough time to utter the incantation before he expires providing he says it at the instant of death.

The verbal for this curse is "With my dying breath I damn thee". This miracle if cast as a dying damn, is not removed by the involuntary Remove Own Miracle cast during the death trauma. The priest is deemed to spend the agony of his death trauma willing retribution on his slayer.

This miracle cancels the effect of a Temporary Bless, though it has no effect on a full Bless.

3rd Level Evil Miracles

Miracles (Standard): Curse

Level: 3sp **Alignment:** Evil **Sphere:** Universal **Range:** 20'

Duration: 24 hours / 1 hour **Gesture:** Point at target

Verbal: *"By the power of my spirits, I curse you!" or "May my evil spirits' spite, aid thy might"*

Description: This miracle, if cast with the first verbal, reduces the target's dexterity armour class by 2 for 24 hours (as per Temporary Curse above). If cast with the second verbal instead it increases the targets dexterity armour class by 2 for 1 hour as long as the target is evil and does not act in a goodly manner for the duration of the miracle.

This miracle may also be used to curse objects. A cursed object now contains a faint spirit, and is not capable of inflicting spiritual damage nor can it be used block purely spiritual attacks. It is however warded from effects that would destroy it such as Shatter.

Any priest may cast a dying curse regardless of their alignment, assuming that they have 3 spirits remaining, on their killer.

Verbal- "With my dying breath I mark you!" This must be uttered at the instant of death and requires the expenditure of 3 spirits. It is not removed by the involuntary remove own miracle the dying priest performs. This is because they are just able to concentrate on revenge during the agony of the death trauma. The death 'curse' is permanent until a priest of at least equal level to the dying priest casts a cancelling bless or beneficial curse.

Miracles (Standard): Animate Skeleton			
Level: 3sp	Alignment: Evil	Sphere: Universal	Range: 15'
Duration: Permanent until destroyed		Gesture: Pass hands over body ending in upward motion	
Verbal: <i>"Spirit at my command I bind thee into this body as a skeleton to do my will"</i>			
Description: This miracle enables a priest to create a single skeleton (only) out of a long dead or well rotted body. The skeleton created by this miracle has 6 hits + 1 hit per level of the animator. The skeleton takes half damage from sharp weapons. On completion of the miracle the skeleton will arise and stand waiting for instructions. The skeleton is under the control of the animator (the animate skeleton miracle gives a weak control equivalent to a Control Skeleton miracle as if cast by a first level priest). The duration of this control is for 30 minutes after the skeleton has been animated. Once this control has worn off, the skeleton will continue obeying the last command given to it until it is slain, dismissed or controlled by another priest. Should a Skeleton move more than 6 paces (18ft) from the point they are created at (referred to as a creation point) they die.			

Miracles (Standard): Cause Serious Wounds			
Level: 3sp	Alignment: Evil	Sphere: Universal	Range: Touch
Duration: Instant		Gesture: Touch target with both hands	
Verbal: " <i>Spirits of evil, I call upon thee to inflict these wounds!</i> "			
Description: The effects of this miracle are similar to those of the Cause Wound miracle. Once the priest has finished incanting the verbal he has 30 seconds to touch his victim with each empty palm. Each hand inflicts 6 life points of damage to the location touched and to the character's total body life points. Alternatively each hand inflicts two hits of damage to a monster. The miracle only enables the first touch of each hand to do damage. If both hands touch the same location, spiritual AC may only be applied once to the total 12 points. No other AC may be applied in any event.			

4th Level Evil Miracles

Miracles (Standard): Beguile Spirit			
Level: 4sp	Alignment: Evil	Sphere: Universal	Range: 20'
Duration: 5 minutes		Gesture: Pass hands in front of target's face	
Verbal: <i>"Spirit I am the embodiment of all you revere!"</i>			
Description: This miracle causes the spirit of the victim to believe that the priest is the victim's hero. The victim will generally carry out ANY task for the priest with the exception of suicide and acts strongly against their alignment. The victim is not spiritually mastered and therefore retains free will and all his powers. This should be role-played appropriately by those involved. This miracle only works on those whose level is less than the caster's. This miracle does not affect the undead.			

Miracles (Standard): Cause Fear			
Level: 4sp	Alignment: Evil	Sphere: Universal	Range: 20'
Duration: 5 minutes		Gesture: Point at target	
Verbal: <i>"Spirit, behold thy nemesis and be afraid!"</i>			
Description: This miracle enables a priest to make the victim fear the priest. A victim will try to flee from the priest's immediate vicinity. He may not approach or attempt to attack the priest. If the priest approaches him, then the victim must back away. However, if the priest 'corners' the victim and continues moving in, then the fear is temporarily broken with "courage born out of fear and desperation". This miracle does not affect the undead.			

Miracles (Standard): Cause Disease			
Level: 4sp	Alignment: Evil	Sphere: Universal	Range: Touch
Duration: 1 hour		Gesture: Touch with open hand	
Verbal: <i>“Spirit be thou stricken with pestilence!”</i>			
Description: This miracle enables a priest to inflict a disease upon a victim. The disease is not contagious. The symptoms are as follows: 1) After 5 minutes - the victim is too weak to do anything except breathe slowly and walk slowly, no shouting, casting, fighting, use of DAC etc. 2) After 10 minutes - the victim is too weak to stand or walk 3) After 30 minutes - the whole body turns grey and he falls unconscious 4) After 60 minutes - the victim dies Half-Elves and other creatures with half a spirit suffer a halved rate of progression for this miracle, effectively extending the duration of the miracle to two hours in their case – they will still eventually die, however. As in Cause Wound miracles the priest has 30 seconds after completing the verbal in which to touch one victim. This miracle does not affect the undead except in specific cases such as mummies below.			

Miracles (Standard): Create Ghoul			
Level: 4sp	Alignment: Evil	Sphere: Universal	Range: 10'
Duration: Permanent until destroyed		Gesture: Pass both hands above body ending in upward motion	
Verbal: <i>"Spirit at my command I bind thee into this body as a ghoul to do my will"</i>			
Description: This miracle enables a priest to create a ghoul (only) out of a recently dead body. A priest can create a ghoul out of a humanoid body that is less than 15 days old. The ghoul created by this miracle can receive 8 hits, plus 1 hit per level of creator, of damage before being destroyed.			
On completion of the miracle the ghoul will arise and act as it wills, unless given instructions. The ghoul is initially under the complete control of its creator (the Animate Ghoul miracle gives a weak - 1st level - control over the ghoul). The duration of this control is for the first 15 minutes after the ghoul has been created. Once this control has worn off, the ghoul will become a free agent and probably try to attack its creator unless constrained in some way. However, the ghoul's creator can avoid this fate by feeding it until it is sated (with a fresh body), at which point the ghoul will return to its creation point and will then only venture out from that point at night to feed or if it is re-controlled.			
A ghoul inflicts 6pt single with unarmed combat. In addition its blows paralyse the target regardless of level or size for 5 minutes. It should be noted that whilst paralysed one cannot move, or even speak.			
Note: A ghoul cannot be created in daylight, and will not venture out into daylight even while controlled.			

Miracles (Standard): Conceal Lie			
Level: 4sp	Alignment: Evil	Sphere: Universal	Range: Touch
Duration: 15 minutes		Gesture: Touch lips of recipient	
Verbal: <i>"By my spirits, let truth and falsehood be overturned! "</i>			
Description: This miracle enables a priest to counteract the effects of a Detect Lie miracle, or any other form of Lie Detection power used by someone with a spirit, such as neuronic Detect Lie. Clearly it could be used to withstand the inquisition of the Paladin ability to Detect Lie. However, blatant lies cannot be concealed and it must be cast before the false statements are made. The casting priest can always elect to allow a Detect Lie miracle to work on him at any time during this miracle's duration. These evil types can be really tricky!			

5th Level Evil Miracles

Miracles (Standard): Create Mummy			
Level: 5sp	Alignment: Evil	Sphere: Universal	Range: 20'
Duration: Permanent until destroyed		Gesture: Point at body with both hands	
Verbal: <i>"Spirits at my command I bind you into this body as a mummy to do my will!"</i>			
Description: This miracle enables a priest to create a mummy out of a specially prepared body. The mummy created by this miracle will have 10 hits + 1 hit per level of creator. The receptacle (body) should have a Cause Disease miracle cast on it. The priest should then utter the incantation and on completion of it the mummy will arise and stand waiting for instructions. The mummy is under the control of the animator (the Create Mummy miracle gives a weak control equivalent to a Control Mummy miracle as if cast by a 5th level priest). The duration of this control is for 10 minutes after the mummy has been animated. Once this control has worn off, the mummy will continue obeying its last command until it is slain, dismissed or successfully re-controlled by the caster or another priest. Phys rep embalming bandages are needed for preparing a body. If a Cause Disease miracle is not cast upon the mummy then it will not inflict disease with its touch. A mummy inflicts 9 point Double with each blow it strikes or 2 hits of damage to monsters. In addition its targets are diseased, as in the miracle.			

Miracles (Standard): Cause Grievous Wounds			
Level: 5sp	Alignment: Evil	Sphere: Universal	Range: Touch
Duration: Instant		Gesture: Touch target with both hands	
Verbal: <i>“Spirits of evil I call upon thee to inflict these mortal wounds and let this person die”</i>			
Description: A character victim suffers 36 points of spiritual damage to his total life points, and 6 points to each location. Alternatively a monster receives 12 hits. After reciting the verbal the priest has 30 seconds in which to touch a victim with both hands. Naturally the miracle only works on the first target struck. This miracle is basically similar to the miracles Cause Minor Wound, Cause Wound, Cause Serious Wound etc. Spiritual AC will reduce the damage by 6 TBLP and 1 to each location for every point possessed.			

6th Level Evil Miracles

Miracles (Standard): Spiritual Mastery			
Level: 6sp	Alignment: Evil	Sphere: Universal	Range: 10'
Duration: Permanent		Gesture: Point at target	
Verbal: <i>"Spirits at my command, go forth and enter this body, to do as I command!"</i>			
Description: This miracle enables the priest to summon a spirit to take control of a character or monster. Short of suicide, the victim will do the priest's bidding unhesitatingly and without question. A "controlled" priest loses the ability to use any good aligned miracles whilst "controlled". If a spiritually mastered character should increase in levels to parity with the level of the priest when he performed the spiritual mastery, the spiritual mastery still holds but the character may distort any of his master's instructions. Note that the target may still perform actions of their choice as long as these do not conflict with any orders given to them by their master. A person can only have one spiritual mastery spirit within his body at any one time. The latest spiritual mastery overrides any other, but if the previous master is of a higher level then his spiritual mastery holds. A priest may only have a number of victims up to his level of experience mastered at one time, and these should be recorded on the priest's character card. A person detects as being spiritually evil whilst spiritually mastered and has this additional spirit hovering around the body. This miracle only works on characters of less than the caster's level. It does not affect the undead.			

Miracles (Standard): Summon Wraith			
Level: 6sp	Alignment: Evil	Sphere: Universal	Range: -
Duration: 30 minutes		Gesture: Hands raised in supplication	
Verbal: <i>"By all the powers of darkness spirit of evil, I summon thee forth! By the shades of the netherworld, wraith I name thee! Come forth from the land of spirits. By my powers I summon thee here! Behold! By the power of my spirits thou art summoned here! Come forth!"</i>			
Description: This miracle enables a priest to summon a wraith (or wight) from the spirit plane. The ritual to summon a wraith is as follows.			
<			

7th Level Evil Miracles

Miracles (Standard): Suspend Life			
Level: 7 (8sp)	Alignment: Evil	Sphere: Universal	Range: Touch
Duration: Permanent		Gesture: Hands raised in appeal, touch victim	
Verbal: <i>"By the power of my spirits I command that thy life shall stop!"</i>			
Description: Once the priest has finished incanting the verbal, he has 30 seconds in which to touch the victim of the miracle with the open palms of both hands. If he does so, then the victim falls unconscious. This is a listed stopping effect.			
The victim is not dead and has a very faint pulse (only discern nature of wounds or similar will tell that the character is still alive). If he receives 5 points of spiritual curing to every location he can regain consciousness. This miracle just renders its victim unconscious, it does not do any damage.			
This miracle does not affect the undead.			

8th Level Evil Miracles

Miracles (Standard): Summon Vampire			
Level: 8th (10 spirits)	Alignment: Evil	Sphere: Universal	Range: -
Duration: Permanent until destroyed		Gesture: Hands raised in supplication	
Verbal: <i>"Lord of the undead, I name thee! I summon thee from the deepest pits of darkness! I summon thee from the citadel of evil! By my powers I summon thee here! By the kindred creatures thou art summoned! By the bat, the rat and the wolf! Wherever thou art, hear my call! Come forth into this arena and take my offering! By my powers and this incantation thou art called to this spot! Come forth!"</i>			
Description: This miracle enables a priest to summon a vampire from the spirit plane. The ritual to summon a vampire is as follows: 1) A vampire name must be used (see notes under Summon Wraith for comments on these) 2) Inscribe the name on a living human/humanoid "sacrifice" (this should be phys-repped but not necessarily made visible) 3) Place the sacrifice in a circle of Protection from Spirits (good), draw in chalk and then seal the circle from the outside. 4) Cast the incantation, the vampire spirit will appear 5 minutes after the end of the incantation. It will then enter the body of the sacrifice so slaying the sacrifice. The vampire so summoned is not in any way controlled by the priest and so must be persuaded to do any task the priest wishes done. A vampire is not to be trifled with; requests to bring in the milk etc. are unlikely to be greeted with delight. Remember it could still be there when your own protection runs out! N.B. A vampire cannot be summoned in daylight.			

Miracles (Standard): Touch of Death			
Level: 8th (10 spirits)	Alignment: Evil	Sphere: Universal	Range: Touch
Duration: Instant	Gesture: Hands raised in appeal		
Verbal: <i>"Spirits of darkness, come hither at mine call, for here is death and a haven for you all. Spirits of evil and powers of night, I demand of thee by my power and my might, a death I require, a killing as of old, a slaying most swift, a body stiff and cold, by my powers and the powers of evil, I command that you shall die!"</i>			
Description: The effects of this miracle are as in the Suspend Life miracle except that if used successfully the victim is instantly killed. A character (or monster) killed by this miracle cannot benefit from a Restore Life miracle, or be restored to life in any way. This DOES NOT apply should the victim have had resistances acquired post-8th to the Touch, so that they only suffer damage rather than dying outright – if this damage slays them then the death is not permanent. The priest must be standing in a Protection from Spirits (good) miracle whilst casting the miracle. After shouting the incantation the priest has 30 seconds to touch his victim with both hands, if he fails to do so, the miracle fails. If the victim has no resistance to the miracle, the priest has a 70% chance of this miracle working and an additional 10% chance for every time the victim has previously been killed. If the miracle works then the casting priest loses a level. If for any reason the miracle fails, then the priest still loses the standard 10 spirit and 10 life points, but not a level. Obviously if someone has died three times already and has no Resistance to the miracle then they automatically die. In addition if the victim lives through the miracle as a result of a successful dice roll he suffers the effects of the Suspend Life miracle instead, to which no further resistance may be applied. This miracle does not affect the undead.			

Information Concerning the Undead

The term undead generally refers to creatures that have passed the stage of death and are somehow held in a state of continued existence, almost always by evil spiritual power. Physical undead use the corpse of a dead creature to hold the spirit, and the spirit moves the body even as it rots slowly away. Incorporeal undead are just spirits, called from the netherworld where they reside to the prime plane. There are many, many different sorts of undead, ranging from simple unintelligent spirits which can only follow basic commands right through to spirits which are at least as clever as the humans who may summon them, and can be truly powerful. Only seven sorts of undead are universally known of, and these are listed below – other sorts are less common and their natures may vary widely.

Full undead all see with spirit sight, whether they also have physical eyesight as well or not. Their spirit sight is ‘active’, and allows them to see all spirits within the range of normal sight, as well as recognising alignment and seeing even through solid physical barriers to see spirits behind them. Fresher physical undead, or well-preserved ones, may also have physical eyes – without these, they will not be able to see creatures like elves or priests who have hidden their spirits.

Even undead who have no means of transportation other than physical movement can be ordered to return to their own plane by a controlling priest, in which case their spirit immediately does so, leaving behind the body they may have had possession of.

Zombie

A zombie is a mindless, unintelligent undead. It can be animated from the body of a recently dead humanoid, man-sized creature. A body can generally be animated as a zombie up to 1 lunar month (28 days) after the original death of the body. A zombie can only inflict damage of Single with one handed weapons, or Double with a two handed weapon. Zombies move very slowly, generally described as ‘half-speed’, meaning that a competent and agile warrior should have little trouble besting one in combat. They have a dismiss level of 1.

If a zombie moves more than 18' (6 paces) away from its point of animation it collapses lifeless, never to move again.

Skeleton

A skeleton is also an unintelligent undead. It can be animated from a well decayed body of a dead humanoid creature of man-size. It can wield weapons in the same way as zombies, albeit faster. Their resistance to sharp weapons and their ability to move at full speed makes them relatively dangerous opponents. They have a dismiss level of 2.

If a skeleton moves more than 18' (6 paces) away from its point of animation it collapses lifeless, never to move again.

Ghoul

A ghoule is a semi-intelligent undead. It can be created from the body of a recently dead humanoid, man-sized creature. A body can be used in the creation of ghoul up to 2 weeks (14 days) after the original death of the body. They have an animal-like cunning, and an ability to think that parallels the most intelligent of wild beasts. They will sometimes hunt in packs, and often drag helpless victims off for later feeding.

A ghoul cannot be created in daylight and when created, will never venture out into daylight.

Unlike zombies, skeletons and mummies, ghouls eat flesh where possible. A ghoul eats dead humanoids and prefers to eat 1 man-sized body per week to survive.

A ghoul will only venture from its place of creation if it is:

- Controlled
- Feeding
- If its place of creation is outdoors

A ghoul can paralyse its victims by merely striking them, the results in them being unable to move for 5 minutes. In addition its unarmed blows do Single. The paralysis is a spiritual effect.

If a ghoul is able to feed regularly its body remains in relatively good repair, and they maintain their physical eyesight indefinitely. Ghouls have a dismiss level of 3.

Mummy

A mummy is a semi-intelligent undead. It can be created from a specially prepared body provided it is humanoid and man-sized. The embalming process generally means that mummies keep their physical eye-sight indefinitely. The special preparations are that the body must be embalmed, within 7 days of its death, in special embalming bandages and then a Cause Disease miracle must be cast upon the body some time before the Create Mummy miracle is to be cast. If Cause Disease is not cast upon the body then the mummy will not cause disease with touch. A mummy is not restricted to its point of creation and may venture into daylight. It inflicts 9 point Double with its hands only and its touch inflicts disease on its victim as per the miracle. It has a dismiss level of 4.

Wraith

A wraith is an intelligent purely spiritual undead. It can be summoned anywhere as long as it is not in bright light or daylight, which it will not willingly enter. A wraith does not cause damage but is able to drain levels by touch.

Once summoned a wraith will not return to its plane unless:

- It is dismissed
- It is slain (it takes 8 spirit hits to destroy a wraith)
- It has drained 6 levels
- It has been controlled and ordered to return to its plane.
- The miracle's duration expires,

A wraith can also walk through walls and cause fear by touch, at will. When leaving a wall it suffers a two second disorientation period during which it cannot move and is invulnerable to damage, but can be targeted by non-damaging effects. A wraith cannot attack whilst any part of it is in a wall. The fear induced by a wraith causes the victim to run away from that wraith if that wraith can be seen, and is generally as per the Cause Fear miracle.

Wight

A wight is also an intelligent purely spiritual creature, except that its presence chills the spirit. Its touch freezes victims still for 5 minutes, alternatively it may inflict purely spiritual single by unarmed combat. It can "plane shift" between locations when reappearing it suffers a two second disorientation period during which it cannot move and cannot suffer damage (but could be effected by spiritual effects that do not damage it).

Once summoned a wight will not return to its own plane unless:

- It is dismissed
- It is slain.
- It has been controlled and ordered to depart.
- The miracle's duration expires.

It takes 10 spirit hits to destroy a wight. Wraiths and wights are only vulnerable to spirits. They cannot perceive or effect magical creatures such as elves, elementals etc. They cannot pick up or carry anything.

Vampire

A vampire is an undead of almost genius intelligence. Their statistics can vary, but those summoned by the Summon Vampire miracle have the following stats:

25 Hits, and considered to have 8th level resistances.

Inflicting damage by unarmed combat or with weapons with +1 strength.

Their touch or bite inflicts a double level drain, draining two levels from the victim. Once a Summoned vampire has drained 8 levels, it is sated and will depart. Other vampires may behave differently, however.

They may control undead of level 5 and below at will as if they were a sixth level priest, merely by gaze.

Beguile Spirit five times per day, as the miracle.

They may turn into a rat, bat or wolf at will, and while in this form can control other normal animals of the same type.

Gaseous Form three times per day, where the vampire becomes a cloud of mist which can only be affected by miracles. This lasts up to 5 minutes or until the vampire chooses to reform.

Should they be slain by non-spiritual damage they automatically enter gaseous form, which they may not leave for 5 minutes, at the end of 5 minutes they reform fully healed. Should they suffer any damage during this time they die.

Many vampires are also capable of healing their wounds by drinking blood from willing or helpless victims. Vampires cannot be summoned in daylight, and the touch of daylight burns them terribly, destroying them within a few seconds. They will not enter grounds consecrated to a non-evil god. They have physical sight as well as spiritual.

Commanding the Undead

Non-intelligent undead (e.g. zombies and skeletons) that are under the influence of a Control Undead miracle can only be given very simple instructions (e.g. "Kill all who enter" or "Do not attack"). After the control miracle wears off, the undead will continue to follow the last command it received but will accept no other instructions until another Control Undead miracle is cast.

Semi-intelligent undead (e.g. ghouls and mummies) that are under the influence of a Control Undead miracle can obey quite complex instructions (e.g. "Kill all who enter with good spirits, and bring me their corpses"). After the control wears off, these undead may regain their free will.

Intelligent undead (e.g. wraiths and wights) that are under the influence of a Control Undead miracle can be given any instructions understandable by a normal man. After the control wears off, these undead will regain their free will.

N.B. Concerning all undead

Once a body has been tainted by an undead spirit entering it, the body has been made uninhabitable by any spirit. Therefore the body cannot be restored to life or raised as another undead.

This includes a body which had an undead returner, even if non corporeal, since the body's spirit is irrevocably tainted in the process.

Undead Communication

The undead listed above, with the exception of vampires, cannot speak normally. Zombies often groan or moan continuously, while ghouls hiss and slaver and wraiths and wights typically make a faint hissing sound, but these are not true communication.

The miracle Talk to Spirit however enables the priest to obtain one word answers. This can be invaluable in obtaining the undead's summoning name or if it is a non-standard variety the name that needs to be used to control or dismiss it. For further information on the specific undead type the reader should consult the relevant undead creation miracle.

Unless otherwise stated, Handbook Undead have a resistance level equal to the level of the miracle used to create them and Non-Handbook Undead have a resistance level equal to the level of the miracle used to create them plus 1. The effect of Protections and Wardings is calculated using their Dismiss level not resistance level.

Advanced Priestly Classes

Hospitaller

Hospitallers are Pure Priests who have taken further vows to completely forego all forms of violence, and thus gain 6 spirits per level. They may never wield any form of weapon, even purely spiritual, and may never use any sort of damaging miracle. Their entire life is dedicated to trying to prevent violence, and a Hospitaller who willingly accepts combat and violence should be judged very harshly indeed by the referee. If a Hospitaller is found not to be actively seeking to prevent violence at every opportunity, they will lose their Hospitaller status and become a pure priest.

Hospitallers must be goodly in alignment and if they ever cease to be goodly through their own action (including a single Black Mark) they become pure priests.

- May never wear any physical armour
- May never use any weapon
- May never use a shield
- Gains O skill for casting
- Gains E skill at 3rd level to allow either hand to become the main casting arm
- Maximum Armour Class: 7

Base 6 spirits per level

Post-8th level Development

Hospitaller priests develop in the same way as other pure priests. There are certain post-8th level abilities available specifically to Hospitallers.

Witch

Witches draw their power from private worship rather than organised faith. Though they do not have formalised churches, they sometimes work together in covens - small groups, often with family ties. All Witches are human, and most are female, though there are a few male Witches in existence.

Good and neutral Witches are often found acting as all-purpose wise-folk and healers in rural areas, combining knowledge of healing miracles, healing herbs and blessings. Their evil counterparts are particularly adept at casting curses, and delight in travelling the land spreading misfortune.

They have three spirits per level and gain priestly discerns in the usual manner.

However, to compensate for their reduced spiritual power they are skilled in the arts of making potions. Witches gain one standard scout potion related skill, discerning or making skills, resealing, distilling, preserving or additional 'Simple' recipes at each level from second to seventh.

Witches may be of any alignment. The only weapon a Witch may use normally is a cudgel, this does not prevent them gaining weapon skills from elsewhere. They are no longer limited to single.

Witches often have potent dying curses, and upon reaching 6th level their dying curse now causes the loss of 4 points of DAC and requires a bless (or beneficial curse) from an 8th Level Witch to remove it.

May never wear any armour

May use only use Cudgel [O class Staff]

Gains weapon skills as noted below

Base 3 spirits per level

Level	Combat skills (Maximum AC = 6)
1	O – Cudgel only
3	E – Skill for casting only

Post 8th level Development

At 8th level they buy as hermit priests, including the ability to path, and may also buy any scout potion-related skill or recipe at 150% of the listed cost for pathfinder. Despite this they are not in the scout bracket, and cannot buy other scout skills.

Friar

A Friar is a priest with 3 spiritual power points per level. They may be wandering hermit priests or normal priest guild members.

There are a couple of different ways that the Friar class could be played. Some are considered naturally lazy and unmotivated except by the thought of food and drink, whilst alternatively they could be Pilgrims set upon the road, itinerant wanderers. But for whatever reason their spiritual powers are not totally developed, as such the Friar gains spiritual discerns two levels later than other priests, and must be 4th level to read scrolls. He does not gain the skills to make scrolls or runic artefacts.

May wear light armour and may never wear heavier.

Gains weapon skills as noted below

Base 3 spirits per level

Level	Combat skills (Maximum AC = 6)
1	O – Staff or Cudgel only
3	E – Skill for casting only
	B – Skill in Staff
6	Unarmed Combat Skill
8	1st Weapon Mastery Staff

Post-8th Level Development

Friars progress as priest, except that they cannot buy innate miracles of more than 4th level, nor can they acquire new miracles of higher level than the points threshold they have reached – so that until 1000 pts past and table 8 they may not learn new 8th level miracles. Additionally, they may only learn one such miracle per 500 points.

Shaman

Tribal creatures can have a Shaman, he is the tribe's spiritual leader and mouthpiece of their Totem, and a tribe may only ever have one living Shaman. He is basically a priest but his maximum number of spirit points per level of his experience is equal to the number of his tribe members in his adventuring party, including himself but not including the tribe's witch-doctor. For example if there were four barbarians adventuring with their second level shaman, he would have $(4 + 1) \times 2 = 10$ spirit power points.

He can choose a miracle list following the same criteria as a guild, including the free 8th level miracle.

Should a member of his tribe die whilst adventuring with him, the Shaman immediately loses a number of spirits equal to those granted by the tribesman (so normally equal to the Shaman's level), they no longer lose life from this death. These lost spirits come from the maximum number of spirits he may have, as opposed to the number of spirits remaining.

A tribal creature can only belong spiritually to ONE tribe, all of the same race, and each tribe can have only one Shaman.

Shamans (only) may modify their miracle verbals slightly to incorporate their figurehead if they wish.

Shamans have life points and weapon skills corresponding to the Pure Priest category. They may not be any other kind of priest.

If a Shaman attains 6th level and he has Bless on his miracle list ALL his Blesses cast on his tribe members are permanent. Conversely if a Shaman has spiritual mastery on his miracle list there is NO limit to the number of his tribe members he can spiritually master, and Beneficial Curses cast on tribe-members last a full day.

Other Classes

Paladins/Unholy Champions/Grey Knights

In a change Paladins etc. may no longer buy innates of advanced miracles.

Wayfinders

Some of the miracles listed within this supplement may be purchased as innates by Wayfinders. All these innates are once per day though multiple purchases may be made by the character. The miracles available to Wayfinders tend to be those which complement and supplement their scouting abilities allowing them to deal with spiritual traps or the sudden appearance of hostile creatures by facilitating their own escape or quickly rendering the creature harmless. Use of these innates costs the character appropriate TBLP as it would a priest.

Goodly Wayfinder	Cost
Angel Shift/Spirit Shift	50*
Repel Evil	35*
Cure Poison	40*
Repel Undead	20*
Remove Rune Of Power	10*
Calming Trance	85*

Evil Wayfinder	Cost
Spirit Shift	50*
Repel Good	20*
Repel Life	35*
Remove Rune Of Power	10*
Paralysing Touch	55*
Freezing Touch	65*

The following miracle innates are considered to be of the same alignment of the Wayfinder (Good/Neutral/Evil) unless specifically stated otherwise in the miracle's description.

Miracle: Spirit Travel			
Level: 7th (8sp)	Cost: 80*	Duration: Instant	Range: Caster
Sphere: Universal / Any		Gesture: Point in direction of travel	
Verbal: “ <i>May the power of my spirits take me from here to there!</i> ”			
Description: As per the 6mp standard Blue Glyph Blink except is spiritual. I.e. allows the caster to travel up to 20’ in distance or within line of sight. On arriving at destination it takes the caster 2 seconds to re-materialise, during which time he is not vulnerable to damage.			

Miracle: Spirit Walk			
Level: 7th (8sp)	Cost: 90*	Duration: 5 minutes	Range: Caster
Sphere: Universal / Any		Gesture: Hands to opposite shoulders	
Verbal: “Spirits of Light let me walk as the Angels”			
Or : “Spirits of Darkness let me walk as an Abishai”			
Or : “Spirits at my command let the physical pass unhindered”			
Description: Grants the ability to walk through walls as a Minor Angel. Note: This is a Goodly miracle innate.			
Or Grants the ability to walk through walls as per an Abishai. Note: This is an Evil miracle innate.			
Or Grants Walk through Walls as Abishai, as a neutral miracle innate.			

Total Heal Capping

Innates of the Total Heal miracle, or any other effect which duplicates or is similar to it, are limited to a maximum number per character as described below:

For 1st-class Priest subclasses, Paladins and Power-Masters the maximum allowed is:

1 + BASE SPIRITS PER LEVEL (E.G. 3 FOR A WARRIOR-PRIEST) + HIGHEST POINTS THRESHOLD REACHED /2 (ROUND DOWN)

So for example a Pure Priest on Table 9 may have 1 + 5 (base spirits) + 4 (9/2rounded down) =10 Total Heal effects as a maximum number of innates

For all other classes the maximum allowed is:

1 (IF IN PRIEST SUBCLASS) + BASE SPIRITS PER LEVEL + HIGHEST POINTS THRESHOLD REACHED /3 (ROUND DOWN), TO A MINIMUM OF 1.

So for example a Warrior on Table 12 could have 4 maximum, while if he had multiclassed to Crusading Priest he could have 6.

This maximum number applies over all similar innates possessed by any character, so that they may not have more than this value between all their totally healing innates combined. If in doubt as to whether this maximum applies to a particular non-standard ability, such as a 120 tblp and loc cure, or an 'other-only Total Heal, assume that it does unless specifically clarified in writing by the system manager.

This maximum number may be exceeded by one only, if the character gains such abilities from items or guild benefits, or similar exterior sources.

Wound Staunch, Healing Hand and Cure Critical Wounds -type abilities are considered to be equal to half a total heal for this purpose. Innates that can be used to cast Total Heal (EG True Believer) count towards this cap if the innate is used in that way.

Races

Ancientfolk

Details on Ancient Folk can be found in Evolution: Races, Ancient Folk may be Spirit Warriors, Warrior Priests, or Pure Priests. They have all the abilities of the class chosen as listed above, as well as their own racial abilities, but their life points are lower. They may choose to be members of a church or act as Hermits. Choice is made at 1st level.

Silverfolk

As described in Evolution: Races, Silverfolk may be Spirit Warriors, Warrior Priests, Hermit or Pure Priests. They have all the abilities of the class chosen as listed above, as well their own racial abilities, but their life points are lower. They may join churches or choose to act as per Hermits. Choice is made at 1st level.

Elysians

As described in the Evolution: Races, Elysians may be Pure Priests or Hospitallers. They have all the abilities of the class as listed above, as well their own racial abilities, but their life points are lower. Elysian Vivomancers are detailed within the Wizards Grimoire book.

Dwarves

Dwarves may be Warrior-Priests (only). However they gain all dwarven racial benefits, and their life points are calculated as warrior-priest for tblp, but at half their tblp (rounded up) per location - so that at 8th level, with 39 tblp, they have 20 per location. They may join churches as normal.

Half-Elves

Half-Elves may be any of the basic priest classes, but they are greatly disadvantaged by their heritage; due to their mixed parentage, they have only half a spirit, so taking only half-effect from all spiritual powers, whether beneficial or detrimental. They gain only half the number of spirits that their Human counterparts would have (round up by level, so that a half-elven warrior-priest gains 2 spirits per level), may not cast 8th level miracles, and pay double for all priestly abilities post-8th! Half-Elves do not make talented priests. They may join churches.

Alfar

Alfar may be Pure Priests, Spiritual Warriors, as described in Evolution: Races. In this case their class stats are identical to those of a half-elven pure priest. May join churches or act as hermits – choice is made at 1st level.

Spheres of Spirituality

Some of the miracles listed are divided into Spheres. A Sphere will be described as being either Major or Minor and related to a specific tree. A priest may acquire any miracle of any Minor Sphere provided that he is of the relevant alignment.

Alternatively he may choose to specialise, selecting Primary and Secondary Spheres. In this case, the priest may learn Major miracles of his Primary Sphere, Minor miracles in his Secondary Sphere but no other Sphere-based miracles. Standard miracles are universally accessible to Priests of the correct alignment and are hence non Sphere based.

It costs 40pts on Table 1 to specialise as described above.

Note: It is not possible to possess the Post 8th ability Devotion to a tree other than that in which the Priest has bought Primary Sphere or vice versa, if the Priest has bought Devotion he may only buy Primary Sphere in the tree to which he is devoted.

On Table 10, a priest may choose either to upgrade his Secondary Sphere so that he may cast Major miracles of that Sphere, for +60 pts, or acquire a Tertiary Sphere from which he may learn Minor miracles, for +40 pts (not both).

Non-weapon using priests that have not left the priest bracket may learn an additional minor Sphere on table 7 for 40 points, and may upgrade this to a major Sphere on table 11 for a further 40 points.

Here follows a list of the different Spheres of miracles currently available and what they relate to:

Sphere	Type
Universal	Castable by any
Healing	Curative miracles
Causing	Causing miracles
Dismissal	Anti-Undead
Necromancy	Pro-Undead
Communication	Informational
Dominion	Commanding
Benediction	Aid
Force	Direct power
Warding	Protections
Shamanic *	Shamans only
Witchcraft *	Witches only
Balance *	“Grey Wardens”

Universal: Miracles in this Sphere are universally castable and do not fall into any specific Sphere and as such are castable by any priest, of the correct alignment, who wishes to acquire them regardless of their own speciality.

*These are not actual Spheres in themselves but represent miracles only available to a certain class of Priest. They are considered to be exactly as Universal miracles but only castable by that class and do not affect the Sphere that that Priest may specialise in an.

Some miracles may be appropriate to more than one Sphere and will be marked as such.

The ‘standard’ 1st-8th miracles listed earlier in this book are considered Universal because although many of them are clearly fitting to one Sphere it is possible for anyone of the appropriate alignment to acquire the ability to cast them.

Advanced Miracles

What follows is a list of priestly miracles which are more specialised and less easily acquired than the standard miracles listed above.

These miracles may be purchased either with points post 8th, placed upon any new miracle list (following the restrictions set out in list construction above), or learnt from Scriptures of the Faith.

None of these miracles appear on any of the trees for the purpose of free 7th or 8th level miracles during the construction of a miracle list.

Any of these miracles which do not affect the undead are specifically marked as such.

Goodly Miracles

2nd Level Goodly Advanced Miracles

Halt Undead			
Level: 2sp	Alignment: Goodly	Sphere: Minor Dismissal	Range: 20'
Duration: 10 sec / til struck		Gesture: Point at Undead	
Verbal: “Undead spirit, I command thee halt!”			
Description: This miracle will halt any undead as per the 1st level standard miracle Halt. The initial phrase “spirit of... I dismiss thee hence” counts as a blow for the purpose of this miracle. This miracle is available as a 2sp neutrally aligned miracle in the Sphere of Minor Warding or Minor Dominion.			

Repel Undead			
Level: 2sp	Alignment: Good	Sphere: Minor (Dismissal / Force / Warding)	Range: 20'
Duration: Instant		Gesture: Throw arms outwards	
Verbal: “Undead spirits I repel thee!”			
Description: As per the Paladinic ability, causing all undead in front of the user to be repelled until a solid wall is met, to a maximum of 21'.			

3rd Level Goodly Advanced Miracles

Cure Insanity			
Level: 3sp	Alignment: Good	Sphere: Minor (Benediction / Healing)	Range: Touch
Duration: Instant		Gesture: Palms on target head	
Verbal: “By the spirits at my command, let this insanity begone!”			
Description: This miracle cures the recipient of all insanities which currently afflict the target.			

Warming Touch			
Level: 3sp	Alignment: Good	Sphere: Minor Benediction / Dismissal / Healing	Range: Touch
Duration: Instant		Gesture: Touch target	
Verbal: “By my goodly spirits power, let warmth fill thy body!”			
Description: This removes all spiritual freeze effects on one target.			

Benediction			
Level: 3sp	Alignment: Good	Sphere: Major Benediction	Range: 10'
Duration: Instant		Gesture: Outstretched hands towards target	
Verbal: “ <i>The spirits of light bless thee and watch over thee</i> ”			
Description: One curse is removed from the target. This includes witches’ curses and permanent curses but not dying curses of any sort. This miracle does not affect the undead. Goodly Witches may learn this as a Universal miracle.			

Repel Evil Spirits			
Level: 3sp	Alignment: Good	Sphere: Minor Force / Warding	Range: 20'
Duration: Instant		Gesture: Throw arms outwards	
Verbal: “ <i>Spirits of evil I repel thee!</i> ”			
Description: As per the Paladinic ability (Unholy Champions are not immune), this throws all evil spirits within range back 20'.			

Cure Poison			
Level: 3sp	Alignment: Good	Sphere: Minor Healing	Range: Touch
Duration: Instant		Gesture: Touch Poisoned Location	
Verbal: “Spirits of light, I bid thee cleanse this person’s spirit of toxins.”			
Description: The miracle causes all non-magical poisons within the targets system that have not yet “kicked in” to be purged and become ineffective. This miracle does not affect the undead.			

Healing Hand			
Level: 3sp	Alignment: Good	Sphere: Major Healing	Range: Touch
Duration: Instant		Gesture: Touch injured location	
Verbal: “ <i>Spirits of light permit mine hand to heal this..... so that it may be as new!</i> ”			
Description: This miracle enables the caster to completely heal one location of any damage that it has taken, if 30 seconds of calm preparation are spent with the recipient first (Cf. Total Heal). It will also heal the same amount of TBLP that has been lost on the location healed. On a creature with only half a spirit this miracle will not cure more than 36pts of damage. If the miracle is not prepared as above, it cures only 36 points of damage, or 18 on a creature with half a spirit. This miracle does not affect the undead.			

Soothe the Pain			
Level: 3sp	Alignment: Good	Sphere: Minor Healing	Range: Touch
Duration: Instant	Gesture: Touch targets head		
Verbal: “ <i>Spirits of light, I bid thee soothe this one’s suffering</i> ”			
Description: Cures the target 24/4 damage, as with most healing miracles this does not affect the undead.			

4th Level Goodly Advanced Miracles

Enhance Spirit			
Level: 4sp	Alignment: Good	Sphere: Universal	Range: Touch
Duration: 1 Hour		Gesture: Hands on target's head	
Verbal: <i>“Spirits of light grant this person fortitude and stamina to aid those who require it!”</i>			
Description: This miracle grants the target +12/4 life for the duration of the miracle. This life functions exactly as if they were normal life points for the target. Effects such as permanent damage are taken from this temporary life first, so possibly 'vanishing' at the end of the duration. Life from this miracle is non-stacking with life from any other miracle or spell, although it will stack with abilities such as Adrenal Surge. It is a releasable miracle. It does not affect the undead.			

Blessing of Life			
Level: 4sp	Alignment: Good	Sphere: Minor (Benediction / Dismissal)	Range: Touch
Duration: Till Next Dawn		Gesture: Touch recipient's forehead	
Verbal: <i>"Spirits of light watch over this one and let not the touch of unlife reach him/her."</i>			
Description: Grants the recipient Fortified Spirit for the duration, meaning that they cannot be raised as any form of undead. Recipient may not be Evil. This is not a releasable miracle and does not go down when the recipient dies. It may not be cast on Undead but it may be cast on a dead body, however long dead.			

Passive Heal			
Level: 4sp	Alignment: Good	Sphere: Minor Healing	Range: Touch
Duration: 15 mins or discharged		Gesture: Palms on target head	
Verbal: “ <i>Spirits of Light I beseech thee, remain with this spirit until thy aid is needed!</i> ”			
Description: This miracle acts as a receptacle for a Heal miracle and is useless until one is cast into it. At this point it becomes active and stores the Heal miracle until one of the following conditions are met: • One of the targets’ locations falls below 1 life point. • The target is injured 36 tblp or more. This miracle does not affect the undead.			

Wound Staunch			
Level: 4sp	Alignment: Good	Sphere: Major Healing	Range: Touch
Duration: Instant		Gesture: As Total Heal	
Verbal: “ <i>Spirits of light permit me to heal this person’s wounds so that they may be as new!</i> ”			
Description: This miracle enables the caster to completely heal any tblep damage that the target has taken, if 30 seconds of calm preparation are spent with the recipient before casting (cf. Total Heal). This miracle does not cure locational damage and on a creature with only half a spirit this miracle will not cure more than 72pts of damage. If the miracle is not prepared for (see Total Heal), it cures only 72 tblep or 36 tblep for a creature with half a spirit. This miracle does not affect the undead.			

Renewal			
Level: 4sp	Alignment: Good	Sphere: Minor Healing	Range: Touch
Duration: 5 minutes		Gesture: Touch targets head	
Verbal: “ <i>Spirits of light, I bid thee tend to this one’s wounds. Abide with them a time and ease their pain</i> ”			
Description: The target receives a cure serious wounds miracle every minute for the duration as long as they remain at rest in the same general location that it is cast.			

Shield Blessing			
Level: 4sp	Alignment: Good	Sphere: Major Benediction	Range: Touch
Duration: 24 hours		Gesture: Touch the shield	
Verbal: “ <i>Spirits of light I call upon thee to bless and ward this shield here</i> ”			
Description: This miracles acts as per a bless on a shield, but additionally allows it to parry purely spiritual weapon blows.			

5th Level Goodly Advanced Miracles

Angelic Shift			
Level: 5sp	Alignment: Good	Sphere: Universal	Range: 20’ maximum
Duration: Instant		Gesture: Point to destination	
Verbal: “ <i>May the Angels take me hence!</i> ”			
Description: As Spiritshift (see Neutral miracles) but is a goodly aligned miracle. Caster suffers a 2 second period of disorientation on arrival, during which he is not vulnerable to damage or effects and may not act, as per the Blink spell.			

Calming Trance (Self)			
Level: 5sp	Alignment: Good	Sphere: Minor Benediction	Range: Self only
Duration: 15 mins		Gesture: Touch palms to head	
Verbal: “ <i>Spirits of light guard me with thy calming influence!</i> ”			
Description: This miracle causes goodly spirits to surround and calm the caster’s mind and spirit thus making him immune to the effects of spiritual Beguiles, Befriends, Spiritual Masteries, Fear and Voice of Powers. It is a releasable miracle, and does not affect the undead. This miracle and the (Other) version can be bought together by a Major Benediction Sphere priest for 50 points.			

Shield Against the Dark			
Level: 5sp	Alignment: Good	Sphere: Minor Benediction / Major Warding	Range: Touch
Duration: 15mins/ til used		Gesture: Touch forehead of target	
Verbal: “Angels of light shield this spirit from the evil influence of his/her/my foes”			
Description: This acts as a double-effect (36 points) Spirit Shield but only applies to evil spiritual attacks (including undead touch effects). This miracle does not affect the undead.			

Reveal Undead Name			
Level: 5sp	Alignment: Good	Sphere: Minor (Communication / Dismissal / Necromancy)	Range: 20’’
Duration: Instant		Gesture: Point at Undead	
Verbal: “ <i>Undead spirit reveal your true name!</i> ”			
Description: The Caster is told the full true dismiss/control name of the indicated Undead. A Neutral version of this miracle is available as a 4sp miracle. An Evil version of this miracle is available as a 5sp miracle.			

Cure Critical			
Level: 5sp	Alignment: Good	Sphere: Minor Healing	Range: Touch
Duration: Instant	Gesture: Palms on target head		
Verbal: <i>“I call upon the spirits of light to staunch these mortal wounds and reforge this shattered body... Cure Critical Wounds!”</i>			
Description: This miracle heals 60 tblp damage and 60 pts of locational damage, in a similar manner to Heal. Under no circumstances can this miracle heal more than 72 points of damage, ever. This miracle does not affect the undead.			

6th Level Goodly Advanced Miracles

Calming Trance (Other)			
Level: 6sp	Alignment: Good	Sphere: Major Benediction	Range: Touch
Duration: 15 mins	Gesture: Touch palms to head of target		
Verbal: “ <i>Spirits of light guard this spirit with thy calming influence!</i> ”			
Description: As Calming Trance above, but may be cast on any non-evil spirit. This miracle does not affect the undead. This miracle and the self-version can be bought together by a Major Benediction Sphere priest for 50 points.			

Major Blessing			
Level: 6sp	Alignment: Good	Sphere: Major Benediction	Range: Touch
Duration: 1 hour	Gesture: Touch both temples of target		
Verbal: “Great spirits of light, I call upon thee to bring thy favour to this spirit.”			
Description: This miracle functions as Bless in all ways, except that it is much more powerful, granting 6 points of Dexterity AC for the duration. This AC of course does not stack with that from other Blesses, Watchings or similar. Witches may learn this as a Minor Benediction miracle.			

Restoration			
Level: 6sp	Alignment: Good	Sphere: Major (Benediction / Dismissal / Healing)	Range: Touch
Duration: Instant		Gesture: Touch target with palms	
Verbal: “ <i>Spirits of hope, restore this person’s power.</i> ”			
Description: This miracle must be cast upon a person who has been level drained within the course of the adventure in which they were drained. When it is cast it restores one level lost to evil spiritual level drain effects (not self-inflicted). Additional levels may be restored at the cost of 1sp each per lost level at the time of casting.			

Strengthen the Spirit			
Level: 6sp	Alignment: Good	Sphere: Major Benediction	Range: Touch
Duration: 15 minutes	Gesture: Touch both temples of target		
Verbal: “Let the spirits of light strengthen and support thee”			
Description: The willing beneficiary gains the effects of Determination against non-magical stopping effects for the duration; that is to say, any stopping effect targeted on the beneficiary for the duration has no effect but costs the target 6 tblp to shrug it off. This is involuntary, and occurs even if the beneficiary was actually immune to the effect! This miracle does not affect the undead.			

Light Of Purity			
Level: 6sp	Alignment: Good	Sphere: Minor Dismissal	Range: 20'
Duration: Instant		Gesture: Point at target	
Verbal: “Spirits of light blaze your glorious radiance upon this undead spirit and let it be consumed in your divine brilliance... Light of Purity!”			
Description: This miracle inflicts 12 spiritual hits on an undead, it has no effect on any other creature. On a Player Character undead it inflicts 36pts of damage as per Spiritbolt. However Resistance to Spirit-Bolt does not apply, although SAC does.			

Destroy Gaseous Form			
Level: Variable	Alignment: Good	Sphere: Major Dismissal	Range: 20'
Duration: 5 minutes		Gesture: Point at target	
Verbal: <i>“By the power of the spirits of light I bid that you return to your true form!”</i>			
Description: This miracle costs spirits equal to the dismiss level of the target minus two (so 4 sp for use on a level 6 vampire) to cast. If the target is not undead it costs 6 spirits. This causes any one target which is benefiting from a Vampiric Gaseous Form to return to their normal form and then be unable to turn Gaseous for the remainder of the miracle’s duration. Immunity to Involuntary Shapeshifting grants immunity to this miracle’s effects.			
This miracle costs 40pts to buy			

Stronghold of Goodness			
Level: 6sp	Alignment: Good	Sphere: Minor Warding	Range: Touch
Duration: 15 mins		Gesture: As Protection From Spirits	
Verbal: “ <i>Spirits of light I bid thee defend me from all evil!</i> ”			
Description: This functions in all exactly as per a Protection from Spirits cast versus evil in every way except where noted above and will act as a barrier to keep out any evil spirit regardless of level. The miracle stops if the casting Priest leaves the area of effect. This miracle is releasable.			

Hand Of Purity			
Level: 6sp	Alignment: Good	Sphere: Major Dismissal	Range: Touch
Duration: 30 seconds		Gesture: Touch Undead	
Verbal: “ <i>Undead spirit feel now the touch of (Priest’s Deity)… Hand of Purity.</i> ”			
Description: This miracle functions in all manners as per the Tables ability Hand of Purity i.e. This miracle destroys 1 undead by touch with the Caster suffering 10 tlp per level of the undead. If the caster dies, he dies perm. This Damage may not be reduced by use of “No Damage Casting” abilities but the normal casting damage for spirits expended may be resisted as normal. Once the verbal is incanted the caster has 30 seconds to touch an undead. In order to acquire this miracle, the priest must first possess Dismiss Level 10.			

Passive Total Heal			
Level: 6sp	Alignment: Good	Sphere: Major Healing	Range: Touch
Duration: 15 minutes		Gesture: Touch targets head	
Verbal: “Spirits of light abide with this one until their need is desperate”			
Description: Must be able to cast passive heal. This acts in a similar manner to a passive heal except any healing Sphere/tree miracle that cures damage can be placed in it. The miracle triggers when a critical location goes below 1 point, or the person falls to 1 (or less) tblp. If the miracle’s duration expires then the healing is wasted. The maximum that can be healed by the triggered healing is 72 points of damage (cf. an Un-prepped Total heal).			

Ward against the Dead			
Level: 6sp	Alignment: Good	Sphere: Major Dismissal	Range: Touch
Duration: 5 minutes		Gesture: Touch targets head	
Verbal: “Spirits of light ward this one against the touch of the undead”			
Description: Grants the recipient immunity to undead touch effects for the duration. This is a releasable miracle.			

7th Level Goodly Advanced Miracles

Divine Invocation			
Level: 7th (8sp)	Alignment: Good	Sphere: Major Benediction	Range: Self
Duration: 5 minutes		Gesture: Clasp hands together	
Verbal: <i>“Let the spirits of light watch over me, and shield my spirit from the assault of my enemies that I remain strong.”</i>			
Description: The caster receives a 9pt reduction against all spiritual blows struck against him for the duration. This is a numerical damage reduction, and does not stack with any other numerical reduction. The reduction is reduced to 6pts if the caster strikes anything themselves – they may cast miracles however.			

Dismiss Level 7 Undead			
Level: 7th (8sp)	Alignment: Good	Sphere: Minor Dismissal	Range: 20'
Duration: Until dismissed		Gesture: Open palm towards target	
Verbal: “ <i>Spirit of... (Dismiss Name)... I dismiss thee hence.</i> ”			
Description: As Dismiss Vampire but will affect up to level 7 undead.			

Holy Ground			
Level: 7th (8sp)	Alignment: Good	Sphere: Major Dismissal / Warding	Range: 60' radius
Duration: 1 Hour		Gesture: Place both palms upon the ground	
Verbal: <i>"Bright Spirits watch over this place as I sanctify it in your name!"</i>			
Description: For the duration of this miracle any undead within its range count as one level lower for the purpose of dismissal, destruction and warding effects.			

The Light Of Faith			
Level: 7th (8sp)	Alignment: Good	Sphere: Major Dismissal / Warding	Range: 10’ radius
Duration: 30 min		Gesture: Circle as per Prot	
Verbal: “ <i>Let the light of faith shine on all around me!</i> ”			
Description: Upon completion of the miracle all undead which are not permitted to enter daylight are feared and must leave the area immediately. Any other undead who enter suffer 4 spiritual hits, or 12 tblp to Player Character undead, this only affects them the first time they enter the area. No undead may spiritually Shift into or within the area for the duration of the miracle. If the caster leaves the area of effect for any reason then the miracle is cancelled.			

Instant Regeneration			
Level: 7th (8sp)	Alignment: Good	Sphere: Major Healing	Range: Touch
Duration: Instant		Gesture: Touch stump	
Verbal: “ <i>Spirits of light bestow thy favour upon this severed limb, let bones grow, sinew strengthen and flesh reform instantly... Instant regeneration!</i> ”			
Description: This acts as the 6sp standard miracle Regeneration in all respects except that it is instant in effect and cures the limb to full and an amount of tblp equal to the location's value (e.g. has 30 per location, is restored 30 tblp – not 60). This miracle does not affect the undead.			

Blessing of Battle			
Level: 7th (8sp)	Alignment: Good	Sphere: Major Benediction	Range: Touch
Duration: 5 minutes		Gesture: Touch targets chest from the front (heart area)	
Verbal: “ <i>May the spirits of light fill your soul with their power. Go forth to purge the darkness from this world</i> ”			
Description: This infuses the recipient, who must be goodly, with the power of the spirits of light. This grants them the benefits of a Holy Fury (as per Paladin ability), being + 12/4 life, 25% rage vs. evil, + 1 max damage vs. evil, and + 1 strength (above current max). This is a releasable miracle and life from this miracle DOES stack with enhanced spirit.			

Empower Spirit			
Level: 7th (8sp)	Alignment: Good	Sphere: Major Benediction	Range: Touch
Duration: 24 hours		Gesture: Touch targets head	
Verbal: “I call upon the spirits of light to infuse this one with their power”			
Description: Acts as per an enhanced spirit, but note the duration. This is a releasable miracle, fades on the recipient’s death, and does not affect the undead.			

Word of Banishment			
Level: 7th (8sp)	Alignment: Good	Sphere: Major Dismissal	Range: Self
Duration: 5 minutes		Gesture: Raise hands in supplication	
Verbal: “ <i>Spirits of light I call you to my side, empower my words with your power to bring the dead low</i> ”			
Description: Allows the caster to cast Dismiss Ghoul at will for 3 tblp for the duration (full verbal required). This is a releasable miracle, and clearly does effect the undead.			

8th Level Goodly Advanced Miracles

Cage Of Light			
Level: 8th (10sp)	Alignment: Good	Sphere: Major Dismissal	Range: 20'
Duration: 90 seconds		Gesture: Point both hands at target	
Verbal: “Angels of truth, grant this poor corrupted undead spirit the shelter of thy wings for a while, and gentle the suffering it undergoes at the hands of darkest evil!”			
Description: This miracle will only affect a spiritual undead, but regardless of its power level the undead is held stationary even if struck. This helplessness is sufficient for completing a dismissal miracle. This is a releasable miracle.			

Dismiss Level 8 Undead			
Level: 8th (10sp)	Alignment: Good	Sphere: Major Dismissal	Range: 20'
Duration: Until dismissed		Gesture: Open palm towards target	
Verbal: “ <i>Spirit of... (Dismiss Name)... I dismiss thee hence.</i> ”			
Description: As Dismiss Vampire but will affect up to level 8 undead. In order to acquire this miracle must first possess Dismiss Level 7.			

Dismiss Level 9 Undead			
Level: 8th (12sp)	Alignment: Good	Sphere: Major Dismissal	Range: 10'
Duration: Until dismissed		Gesture: Open palm towards target	
Verbal: “ <i>Spirit of... (Dismiss Name)... I dismiss thee hence.</i> ”			
Description: As Dismiss Vampire but will affect up to level 9 undead. In order to acquire this miracle must first possess Dismiss Level 8.			

Purification			
Level: 8th (12sp)	Alignment: Good	Sphere: Major Dismissal / Healing	Range:
Duration:	Gesture: Kneel & touch target, while sprinkling Holy Water across them		
Verbal: “Spirits of undeath thou art banished from this place, by my power and the powers of light I bid thy touch and taint begone. By the power vested in me I drive thee from this body, let not thy corrupt touch mock this soul. Return now to the dark pits of the Netherworld from whence you came and release your unholy hold from the form before me!”			
Description: This miracle has the power to dismiss and remove the taint that an undead has left in a body allowing it to then benefit from a Restore Life miracle or similar. Casting this miracle causes the Priest to lose a full level. As noted above, Holy Water is required, to lightly sprinkle over target's body. In order to acquire this miracle as a Major Dismissal must first possess Dismiss Level 9 undead.			

Rite of the Bright God			
Level: 8th(14sp)	Alignment: Good	Sphere: Major Benediction / Dismissal / Healing	Range: 1 mile
Duration: 24 hours		Gesture: See below	
Verbal: [at start] <i>"Bright powers witness as I focus thy strength!"</i> [at end of rite]: <i>"By these acts do I seal our pact - let hope come to all!"</i>			
Description: To cast this miracle the priest needs a 'focus' of his faith, of significant size; this may be an altar, or a banner with his religious symbol, or similar. This must be Blessed before the rite begins. During the casting he must spend 15 minutes performing appropriate ritual acts to please his deity, with only the start and final incantations fixed. It is permissible during this period to cast appropriate Goodly miracles - their cost is taken from the total cost of the rite. These miracles must be targeted or centred on the focus - not for example a Total Heal miracle cast on another party-member. Once the rite is complete, an uplifting feeling fills the radius, strong enough that any priest is aware of the presence of the powers of light here. For the duration of the rite all undead touch effects which would last 5 minutes instead last only 30 seconds, and other undead touch effects are halved in effect. Restore Life miracles require no candles. To disrupt the rite, its focus must first be freed from the Bless, either with a Curse or by slaying the caster, and then the focus either destroyed physically or moved outside the radius of the rite. This is not a releasable miracle.			

Dismiss Level 10 Undead			
Level: 8th (14sp)	Alignment: Good	Sphere: Major Dismissal	Range: 10'
Duration: Until dismissed		Gesture: Open palm towards target	
Verbal: “ <i>Spirit of... (Dismiss Name)... I dismiss thee hence.</i> ”			
Description: As Dismiss Vampire but will affect up to level 10 undead. In order to acquire this miracle must first possess Dismiss Level 9. Note: Dismiss Levels 7 to 10 may be purchased as a single ability for 225pts.			

Neutral Miracles

1st Level Neutral Advanced Miracles

Remove Rune Of Power			
Level: 1sp	Alignment: Neutral	Sphere: Minor Warding	Range: 1’
Duration: Instant	Gesture: Point at Rune		
Verbal: “ <i>Spirit of power I deliver thee from this rune inscribed here!</i> ”			
Description: This negates a Rune of Power which has not yet been activated. It is also possible to acquire this as a 3sp Universal miracle.			

Spirit Dart			
Level: 1sp	Alignment: Neutral	Sphere: Minor Force	Range: 10'
Duration: Instant	Gesture: Point at target		
Verbal: “ <i>Spirits, smite that spirit...</i> ”			
Description: As Spirit Bolt but damage inflicted is only 6 tblp, or 2 Hits to monsters.			

Milly's Detect Spirits			
Level: 1sp	Alignment: Neutral	Sphere: Minor Communication	Range: 20ft Radius
Duration: Instant	Gesture: None specific		
Verbal: <i>"I call upon the spirits of knowledge to reveal to me where spirits may be found"</i>			
Description: Reveals the location of all spirits within 20ft of the caster, in a similar manner to detect magic. Unlike most miracles, this specifically can have its casting cost reduced to 0 spirits by Spiritual Diviner, Wisdom of the Scriptures or similar. However, if reduced in this way, it costs 4 tblp to cast.			

2nd Level Neutral Advanced Miracles

Halt Undead			
Level: 2sp	Alignment: Neutral	Sphere: Minor (Warding / Dominion)	Range: 20'
Duration: 10 sec / til struck		Gesture: Point at Undead	
Verbal: “Undead spirit, I command thee halt!”			
Description: This miracle will halt any undead as per the 1st level standard miracle Halt. The initial phrase “spirit of... I dismiss thee hence” counts as a blow for the purpose of this miracle. This miracle is available as a 2sp Goodly aligned miracle in the Sphere of Minor Dismissal and as a 2 sp Evil Necromancy or Dominion miracle.			

Set Ward			
Level: 2sp	Alignment: Neutral	Sphere: Minor Warding	Range: As per Ward set
Duration: Touch		Gesture: Touch ward's corners	
Verbal: “ <i>Ward that I have inscribed be held firm and remain set in my absence.</i> ”			
Description: Priest may cast this on any Minor or Major Ward of Power that he has cast allowing him to freely pass in and out the ward without him suffering any ill effects or the ward collapsing.			

Runed Ally			
Level: 2sp	Alignment: Neutral	Sphere: Minor Warding	Range: Touch
Duration: Dungeon		Gesture: Draw rune on target	
Verbal: " <i>Spirits I declare this person my Ally!</i> "			
Description: The caster draws a rune somewhere on the target. For the duration of this miracle the target is immune to any baneful effect from the caster's Warding Tree/Sphere miracles. This is a releasable miracle.			

Enhance Rune Of Power			
Level: 2sp	Alignment: Neutral	Sphere: Minor Warding	Range: Touch
Duration: As per Rune of Power		Gesture: Touch Rune of Power	
Verbal: “Rune that I have inscribed grow now and become mighty.”			
Description: This causes a rune of power inscribed by the Priest to affect up to 11 levels of spiritual resistance. This must be cast on the rune within 30 seconds of placing the rune. A 3sp version of this miracle is available in the Universal Sphere.			

Minor Prayer			
Level: 2sp	Alignment: Neutral	Sphere: Minor Communication	Range: Self
Duration: 30 seconds		Gesture: Touch temple	
Verbal: “ <i>Spirits of knowledge I ask thee this</i> ”			
Description: Acts as a single question from a Communication miracle.			

3rd Level Neutral Advanced Miracles

Enhance Rune Of Power			
Level: 3sp	Alignment: Neutral	Sphere: Universal	Range: Touch
Duration: As per Rune of Power		Gesture: Touch Rune of Power	
Verbal: “ <i>Rune that I have inscribed grow now and become mighty.</i> ”			
Description: This causes a rune of power inscribed by the Priest to affect up to 11 levels of spiritual resistance. This must be cast on the rune within 30 seconds of placing the rune. A 2sp version of this miracle is available in the Minor Warding Sphere.			

Enhanced Stasis			
Level: 3sp	Alignment: Neutral	Sphere: Universal	Range: 20'
Duration: 20 seconds		Gesture: Point at Target	
Verbal: “By these greater powers stand thou art held... Stasis” x Levels			
Description: As the 2sp standard miracle Stasis but works on characters of level equal to or below the caster’s. This miracle does not affect the undead.			

Force Touch			
Level: 3sp	Alignment: Neutral	Sphere: Minor Force	Range: Touch
Duration: 30 seconds / instant		Gesture: Clench fist	
Verbal: “By all my powers let your spirit be struck... Force Touch!”			
Description: The caster has 30 seconds to touch a spiritual target; if successful, the touch inflicts damage exactly as a Spirit Bolt, including resistances. Only one such miracle may be ‘hanging’ at one time.			

Spiritual Watching			
Level: 3sp	Alignment: Neutral	Sphere: Minor Warding	Range: Self only
Duration: 24 hours		Gesture: Touch forehead	
Verbal: “ <i>Spirits watch over me now.</i> ”			
Description: This miracle grants the caster 2 points of dexterity AC in a way similar to a Bless. However it is not a Bless, nor does it discern as one.			

Strengthen Ward			
Level: 3sp	Alignment: Neutral	Sphere: Major Warding	Range: Touch
Duration: Permanent		Gesture: Touch ward's corners	
Verbal: <i>"Ward that I have inscribed be held firm and remain in this place forever."</i>			
Description: May be cast on any Minor or Major Ward of Power that the priest has cast themselves. That Ward no longer has a duration, but lasts until the caster releases it or it is assaulted with sufficient miracle attacks to destroy it. However while the Ward remains, the spirits used on the Strengthen Ward miracle may not be regained.			
This is not a releasable miracle, although releasing the ward upon which it was cast will end it automatically.			

4th Level Neutral Advanced Miracles

Spirit Shift			
Level: 4sp	Alignment: Neutral	Sphere: Universal	Range: 20'
Duration: Instant (2 secs phase in)		Gesture: Point at destination	
Verbal: “By the power of my spirits let me be taken there!”			
Description: This miracle instantly transports the priest and his possessions across the indicated distance of up to 20' in a similar manner to the 6mp standard Blue Wizard Spell Blink. This includes the 2 seconds disorientation upon arrival.			

Protection From Neutral Spirits			
Level: 4sp	Alignment: Neutral	Sphere: Minor Warding	Range: As Protection
Duration: 15 minutes		Gesture: As Protection From Spirits	
Verbal: “ <i>Spirits I call upon thee to protect me from the spirits of mine enemies.</i> ”			
Description: This acts in all ways as the 3sp standard miracle Protection From Spirits except that it only works against neutral targets. This miracle is level based in the same manner as the Protection From Spirits miracle.			

Reveal Undead Name			
Level: 4sp	Alignment: Neutral	Sphere: Minor (Dismissal / Comms / Necromancy)	Range: 20'
Duration: Instant		Gesture: Point at Undead	
Verbal: “Undead spirit reveal your true name!”			
Description: The caster is told the full true dismiss/control name of the indicated undead. A Good or Evil version of this miracle is available as a 5sp miracle.			

Major Prayer			
Level: 4sp	Alignment: Neutral	Sphere: Minor Communications	Range: Self
Duration: 30 seconds		Gesture: Touch temple	
Verbal: “ <i>Spirits of knowledge I ask thee, answer me this</i> ”			
Description: Acts as a single question from a Greater Communication miracle.			

Ward Against the Traveller			
Level: 4sp	Alignment: Neutral	Sphere: Major Warding	Range: As Prot
Duration: 15 minutes		Gesture: As protection from spirits.	
Verbal: “ <i>Spirits of protection I invoke thee permit not those travelling the worlds to pass.</i> ”			
Description: This acts as per a stronghold in all ways, including the need for the caster to remain inside it. However rather than stopping a specific alignment it instead bars against anyone with a spirit that is using supernatural means of transport (shifting, walking through walls/floors etc.) from crossing it.			

Mass Halt			
Level: 4sp	Alignment: Neutral	Sphere: Minor forces	Range: 10ft radius
Duration: 10 seconds		Gesture: Throw hands out	
Verbal: “Halt I command thee all be still!”			
Description: Causes everyone (allies and foes) within the radius to suffer a Halt miracle affecting those lower than the caster’s level. This does not affect the undead.			

5th Level Neutral Advanced Miracles

Armour of the Spirit World			
Level: 5sp	Alignment: Neutral	Sphere: Universal Only	Range: Self
Duration: 15 minutes		Gesture: Touch head with both hands	
Verbal: “ <i>Spirits of protection come hither and armour my spiritual body!</i> ”			
Description: This miracle grants spiritual and physical armour class 5 to the caster for the miracles duration. This miracle does not stack with any other form of armour class. A Good or Evil version of this miracle is available as a 6sp miracle, and a 4sp version is available as a Neutral Minor Warding miracle.			

Identify Spirit			
Level: 5sp	Alignment: Neutral	Sphere: Major Communication	Range: 1’
Duration: Instant		Gesture: Point at Spirit	
Verbal: “ <i>Spirit, what is thy nature?</i> ”			
Description: Only usable on inanimate spirits such as artefacts or wards – not on any sort of creature, even undead. The caster is made aware immediately of all (spiritual) properties of the spirit. In the case of an item of power, this would mean exactly what powers it had and how it was activated. In the case of a ward, this would mean exactly what effects the ward had and how it was triggered and deactivated. An object which also has magical or other non-spiritual properties will reveal only the spiritual ones, revealing nothing about other aspects of its power.			

Spirit Sight			
Level: 5sp	Alignment: Neutral	Sphere: Major Communication	Range: Self
Duration: 15 minutes		Gesture: Touch both temples	
Verbal: “ <i>Spirits guide my vision, and reveal to me where spirits lie.</i> ”			
Description: Grants the caster active spirit sight for the duration.			

Protection from All Spirits			
Level: 5sp	Alignment: Neutral	Sphere: Major Warding	Range: As Protection
Duration: 15 minutes		Gesture: As Protection from Spirits	
Verbal: "Let my spirits defend me from the spirits of all. Let none cross the barriers I erect!"			
Description: As Protection from Spirits, except that it will keep out spirits of any alignment, level-based as normal.			

Warding Rune of Transgression			
Level: 5sp	Alignment: Neutral	Sphere: Major Warding	Range: -
Duration: 15 mins	Gesture: Inscribe rune		
Verbal: “ <i>Spirit of power I bind thee to this rune I now inscribe. Let any that seek passage suffer the consequences of their transgression.</i> ”			
Description: This miracle is a very specific form of a Rune of Power. The form the rune must take is the same as that for a Rune of Power, with a spirit rune ‘W’ in the centre of the triangle. It is triggered in all ways as a Rune of Transgression is, except that the caster cannot choose to allow anyone passage – even the caster himself will trigger it if he passes the door or entrance-way it wards. The victim of the miracle suffers 30 tlp of spiritual damage, as if they had crossed a Minor Ward of Power – however this is the only effect of the rune. This miracle does affect the undead, unlike normal runes of power.			
Note the reduced duration of the miracle in comparison with other runes. Immunity to Rune of Power means that the rune is not triggered by that person – ½ Damage from Wards of Power does halve the damage received.			

Focussed Spirit Bolt			
Level: 5sp	Alignment: Neutral	Sphere: Major Forces	Range: 20ft
Duration: Instant	Gesture: Indicate target		
Verbal: “By all my power let thy [location] be smitten, Focussed spirit bolt”			
Description: Acts as per a spirit bolt but also inflicts damage to one chosen location.			

6th Level Neutral Advanced Miracles

Questioning Spirits			
Level: 6sp	Alignment: Neutral	Sphere: Minor Communication	Range: Self
Duration: 2 minutes	Gesture: Touch own temples		
Verbal: "All knowing Spirits abide here for a time..."			
Description: This miracle allows the caster to ask as many questions as per Communication as desired within the duration of the miracle. The speed and pace of the questioning should remain respectful of the all knowing spirits, else the miracle may fail.			

Converse With Spirit			
Level: 6sp	Alignment: Neutral	Sphere: Major Communication	Range: 1’
Duration: 5 minutes	Gesture: Point at Spirit		
Verbal: “ <i>Spirit heed my words and converse with me for a time!</i> ”			
Description: As per Talk To Spirits in all respects, including which spirits will respond truthfully but as many questions may be asked as required for duration.			

Voice of Command			
Level: 6sp	Alignment: Neutral	Sphere: Minor Force	Range: 20'
Duration: 30 seconds	Gesture: Point at target		
Verbal: “ <i>Spirit, by the power of my voice and my spirits, I command thee [...]</i> ”			
Description: This miracle is as Voice of Power except that it affects targets of a level equal to the caster, rather than one below, making it far more versatile. Note however the extremely short duration! This miracle does not affect the undead.			

Spirit Sundering			
Level: 6sp	Alignment: Neutral	Sphere: Major Force	Range: 20'
Duration: Instant		Gesture: Point at Spirit	
Verbal: “By all the powers of the spirits let thy spirit be smitten and struck...”			
Description: This miracle affects the target as a double-effect Spirit Bolt, doing 36 tblp of neutral spirit damage to the target, with SAC and resistances to Spirit Bolt applying appropriately. [Note that Dark Sundering is an identical evil version of this miracle, and also available as Major Force Sphere – Evil priests may therefore buy either if desired.]			

Overwhelming Force			
Level: 6sp	Alignment: Neutral	Sphere: Major Force	Range: Touch
Duration: See below		Gesture: Touch target with both hands	
Verbal: “Spirits of power hang now around me and be ready to strike down the weak...”			
Description: Once cast, the priest has 30 seconds to touch a spirit with both hands, or the miracle is wasted. If successful, the target suffers the effects of a 20’ Repel, a Knockdown, and a non-level based Halt.			

Greater Spirit Shield			
Level: 6sp	Alignment: Neutral	Sphere: Minor Warding or Benediction	Range: Touch
Duration: 15 minutes		Gesture: Touch head w. both palms	
Verbal: “Great spirits I call upon thee to shield this / my spirit from the assault of his / my foes!”			
Description: This miracle is identical to the standard miracle Spiritshield except where noted above and that it will absorb 36 points of spiritual damage or its equivalent not 18 points.			

Bar Spirit			
Level: 6sp	Alignment: Neutral	Sphere: Minor Warding	Range: As Protection
Duration: 1 Hour		Gesture: As Protection From Spirits	
Verbal: “ <i>Spirits of protection I invoke thee, forbid... (Spirit’s Name)... to cross this threshold.</i> ”			
Description: This miracle prevents the named spirit from passing the barrier regardless of resistance level or hits. Only one spirit may be named and it must be his given name. E.g. the player who has been referring to himself by the name Oscar Seven Spears the warrior during the course of the adventure would be barred by using the name Oscar, even if his true name [i.e. that on character card] was Wikan and he had concealed this. In this example the name Wikan would also work to bar him. Alternatively the target may be selected by pointing at the person to be barred and using the word “you” in place of the spirit’s name.			

Warding Rune of Defence			
Level: 6sp	Alignment: Neutral	Sphere: Major Warding	Range: Self only
Duration: 15 minutes		Gesture: Inscribe rune on own body or clothing	
Verbal: “Spirit of power I bind thee to this rune I now inscribe. Let the aggressor suffer the consequences of their action.”			
Description: A rune as described above in Warding Rune of Transgression must be inscribed by the caster visibly upon their clothing or skin. The next creature with a spirit to strike the caster within the duration suffers 30 TBLP of spiritual damage as if they had crossed a Minor Ward of Power – however this is the only effect of the rune. This miracle does affect the undead, unlike normal runes of power.			
Note the reduced duration of the miracle in comparison with other runes. Immunity to Rune of Power means that the rune is not triggered by that person – ½ Damage from Wards of Power does halve the damage received.			

7th Level Neutral Advanced Miracles

Bind Weapon Spirit			
Level: 7th (8sp)	Alignment: Neutral	Sphere: Universal	Range: Touch
Duration: 15 minutes		Gesture: Lay hands on weapon	
Verbal: <i>"Spirits of power I bind thee to this weapon; let thy strength act against those spirits that oppose me."</i>			
Description: Infuses one normal physical weapon with a spirit, allowing it to inflict spiritual damage. Wielder must be able to utilise neutral spirit items. In own hands weapon is now +1 vs. spirits. This is a releasable miracle, and affects the undead. Good and evil versions of this miracle are available, also at 8 spirits – however, for these aligned versions, any user must be a member of own faith, and weapon only ever counts as +0 spiritual.			

Spirit Storm			
Level: 7th (8sp)	Alignment: Neutral	Sphere: Major Force	Range: 20' radius
Duration: Instant		Gesture: Arms upraised	
Verbal: “By all my powers let the spirits fly free and all be smitten...Spirit Storm!”			
Description: All within the area excluding the caster receive a Spirit Bolt.			

Pure Force			
Level: 7th (8sp)	Alignment: Neutral	Sphere: Major Force	Range: Self
Duration: Instant		Gesture: None	
Verbal: “ <i>My spirits are stronger!</i> ”			
Description: Negates any one purely spiritual effect (not blow) directed at the caster. Must be called within 2 seconds of the attack. It is possible to use this to cross a ward or protection which would otherwise block the caster’s passage, as long as it is purely spiritual.			

Storm of Power			
Level: 7th (8sp)	Alignment: Neutral	Sphere: Major Force	Range: 20' radius
Duration: Permanent		Gesture: Arms upraised	
Verbal: “Spirits! By my power I command thee all [...]!”			
Description: As Voice of Power but all within radius of up to two levels below the caster are affected (i.e. 6th level characters are affected assuming the caster is 8th level). Releasing the miracle releases all targets simultaneously. This miracle does not affect the undead.			

Stronghold Of Neutrality			
Level: 7th (8sp)	Alignment: Neutral	Sphere: Major Warding	Range: As Protection
Duration: 15 minutes		Gesture: As Protection From Spirits	
Verbal: “ <i>Spirits of Neutrality I bid thee defend me from thy brethren!</i> ”			
Description: This miracle is identical to the miracle Protection From Spirits except that it functions only against neutral spirits and will keep out any neutral spirit regardless of level. If cast by a neutral spirit user they will be unhindered by the miracle and able to cross it themselves.			

8th Level Neutral Advanced Miracles

Summon Rod of Power			
Level: 8th (10sp)	Alignment: Neutral	Sphere: Universal	Range: Self
Duration: 15 minutes		Gesture: Hands opened to receive	
Verbal: <i>"Spirits of power I beseech thee to aid in my fight. Come now unto me and form the rod of power!"</i>			
Description: Summons a purely spiritual 'O' class rod into the caster's hands. This weapon is +1 spiritual, and can only be wielded by the caster. It may not be thrown. The caster may call the weapon back to his hands at will with the phrase 'Rod to me!'. Strength may not be used with this weapon unless the appropriate tables ability is bought. This is a releasable miracle, and affects the undead.			

Word of Recall			
Level: 8th (10sp)	Alignment: Neutral	Sphere: Universal	Range: Self only
Duration: Instant		Gesture: Raise arms above head	
Verbal: “ <i>Word of Recall!</i> ”			
Description: This miracle returns the Priest to his temple across any distance or barrier including time, whilst travelling the Priest is safe from any attack. It is impossible to prevent this miracle from working if it is successfully cast by a priest with sufficient remaining spirits.			
A Good or Evil version of this miracle is available also as a 8th (10sp) miracle.			

Spirit Form			
Level: 8th (10sp)	Alignment: Neutral	Sphere: Universal	Range: Self only
Duration: 5 minutes		Gesture: Raise arms above head	
Verbal: “ <i>Spirits aid me now in my time of need, my physical form is too vulnerable for this task, so come now unto me and twist my body, let the physical and magical pass unhindered and let my spirit's true nature shine forth... Spirit Form!</i> ”			
Description: The caster of this miracle is now only influenced by spiritual effects and damage, though physical barriers still block his motion. A Good or Evil version of this miracle is available also as a 8th (10sp) miracle. This miracle affects the undead.			
40pts Tb 9: Post 6th Undead Multi-race may now cast the Evil version of this miracle as a 7th (8sp) miracle and post 6th Angel of War / Mercy Multi-race may now cast the Good version of this miracle as a 7th (8sp) miracle.			
NOTE: In both cases Spirit Form still counts as a 10sp miracle for the purpose of purchasing the miracle and this reduction may not be accumulated with any other reduction, such as that from Embody Wight Spirit (see below).			

Sunder Spirit			
Level: 8th (10sp)	Alignment: Neutral	Sphere: Major Force	Range: Touch
Duration: Instant		Gesture: Two Handed Touch	
Verbal: "By all my powers, and the powers of these spirits gathered here I strike thee down...Sunder Spirit!"			
Description: The effect of this miracle is as per Spirit Bolt but it inflicts 72 tblp [24HTK]. Resistances to Spirit Bolt and SAC apply as normal.			

Spiritual Aegis			
Level: 8th (10sp)	Alignment: Neutral	Sphere: Major Warding	Range: Touch
Duration: 15 minutes		Gesture: Touch targets head	
Verbal: “ <i>Spirits of protection shield and ward this spirit from the greatest of assaults</i> ”			
Description: Must be able to cast Greater Spirit Shield. Acts as per a Spirit Shield but absorbs the first 72 points of damage.			

Bound Force of Stasis			
Level: 8th (10sp)	Alignment: Neutral	Sphere: Major Force	Range: Touch / Self
Duration: 5 minutes		Gesture: Touch weapon	
Verbal: “ <i>Spirits bide here and let all smitten stand and be held by thy power.</i> ”			
Description: Cast on a normal, non-supernatural weapon wielded by the caster the weapon has a spirit bound to it which allows the priest to strike non-damaging blows for ‘Stasis 9 levels’ (i.e. affecting 8th level and below targets) instead of normal damage, at will. The priest may alternate, striking a blow for Stasis, then a damaging blow, then a Stasis blow again, and so forth. This miracle does not affect the undead.			

Bound Force of Power			
Level: 8th (12sp)	Alignment: Neutral	Sphere: Major Force	Range: Touch / Self
Duration: 5 minutes		Gesture: Touch weapon	
Verbal: “ <i>Spirits of power bide here and let all spirits be smitten by thy strength.</i> ”			
Description: One normal non-supernatural weapon wielded in two hands by the caster is imbued with spiritual power such that every blow it may now inflict Spirit Bolt rather than any normal damage. It cannot inflict normal damage and Spirit Bolt every blow; one or the other must be called only.			

Insight of the Gods			
Level: 8th (12sp)	Alignment: Neutral	Sphere: Major Communication	Range: Self
Duration: 24 hours	Gesture: Touch temples		
Verbal: “ <i>Spirits of Knowledge I call to you, Remain with me for a time so I may call upon your aid when it is needed</i> ”			
Description: Must be able to cast Commune with the Gods. Allows the caster to ask a single question of a communication miracle once per 15 minutes. The spirits for the miracle cannot be regained while it is active.			

Greater Word of Recall			
Level: 8th (14sp)	Alignment: Neutral	Sphere: Universal	Range: N/A
Duration: Instant		Gesture: Raise arms above head	
Verbal: “ <i>May the spirits return us to our Temple, Greater Word of Recall.</i> ”			
Description: All priests of the church of the caster are returned to their temple if they are within 1 mile of the casting Priest. Each Priest present when returned to the Temple loses all spiritual powers for the remainder of the day should they leave the temple. The return point is shielded by the god to prevent the priests being interfered with or even contacted during this time.			
If this miracle is cast by a Shaman allows him to take his entire tribe using the verbal: “May the totems return us to our home, Greater Word of Recall.”			
A Good or Evil version of this miracle is available also as an 8th (14sp) miracle.			
For 50pts Tb 8: This miracle may now be used to affect any Lay Believers of the Church that possess a spirit.			

Spiritual Cataclysm			
Level: 8th (16 spirits)	Alignment: Neutral	Sphere: Major Forces	Range: Touch
Duration: Instant		Gesture: Clench fists during casting	
Verbal: “ <i>Spirits of power I invoke thee and call your anger here. Lay waste to my foes as I strike them down with a Spiritual Cataclysm!</i> ”			
Description: Acts as per a 144 tblp spirit bolt (48 HTK). Note the range of touch. After completing the verbal the caster has 30 seconds to touch the target. To learn this miracle the priest must be on table 11.			

Communication with the Gods			
Level: 8th (16sp)	Alignment: Neutral	Sphere: Major Communication	Range: Infinite
Duration: 2 minutes/5 minutes (see below)		Gesture: As Greater Communication	
Verbal: “ <i>All Seeing All K</i>			
<i>nowing Spirits, guardians of the unknown, knowers of knowledge, keepers of secrets, you whose vision and hearing are mighty grant me thy wisdom and understanding. Listen to me and converse for I have need of thy insight.”</i>			
Description: As per Greater Communication but no limit to the number of questions asked and the spirits may respond to an individual question with more than just seven words. Questions must be asked in a measured and respectful manner, or no response will be gained. The caster may choose to have all questions be only regarding one specific area, in which case the divination lasts 5 minutes, or simply answering any questions they desire, in which case the duration is only two minutes but the miracle becomes far more versatile.			
In order to acquire this miracle must first possess Communication and Greater Communication.			

Knowledge of the Gods			
Level: 8th (22sp)	Alignment: Neutral	Sphere: Major Communication	Range: Self
Duration: 24 hours		Gesture: Touch temples	
Verbal: “Spirits of Knowledge I call to you, Remain with me for a time so I may call upon your wisdom and knowledge when it is needed”			
Description: Must be able to cast Insight of the Gods. Allows the caster to ask a single question of a greater communication miracle once per 15 minutes. The spirits for the miracle cannot be regained.			

Evil Miracles

These miracles may be only cast by a character that is CN, CE, NE or LE in alignment and possesses spirit points which may be used to cast evil miracles.

1st Level Evil Advanced Miracles

Lesser Wings of Darkness			
Level: 1sp	Alignment: Evil	Sphere: Minor Causing	Range: 20'
Duration: Instant		Gesture: Open hands in a giving gesture	
Verbal: "...sent on the Wings of Darkness...(miracle name)..."			
Description: This miracle will allow the caster to turn a standard Causing tree miracle up to 7th level [8spirits] that they currently have ‘hanging’ into a ranged attack. It is not possible to use Soul’s Hunger with any of the Wings of Darkness miracles. This miracle may be learnt as a Universal Miracle for 3 spirits.			

Soul's Hunger			
Level: 1sp	Alignment: Evil	Sphere: Minor Causing	Range: Self
Duration: Instant / 30 seconds		Gesture: Clench both fists	
Verbal: <i>"Dark spirits feed me now... "</i>			
Description: This miracle only functions when cast while the priest already has a Causing miracle 'hanging' on their hands. It means that if that Causing miracle successfully injures a living spirit their life essence is taken for the casting priest, instead of going to feed the evil spirits as is normal. This means that according to the miracle's power level, the priest is cured 3 tblp and 1 to each loc per spirit of the Cause miracle 30 seconds later - so that a Cause Grievous Wounds miracle heals 15 and 5 to each loc. However, each Resistance to Causing possessed by the target halves the benefit to the caster. The caster may not use this ability to target themselves with a Causing miracle. Only damaging Causing miracles combine with this miracle - not Cause Disease, for example, nor Degeneration. For ease of use in combat, the caster should call "Vampiric Cause XXX" when used - this allows the target (or the ref) to warn the priest if no benefit was received, within the 30 seconds before the curing is received.			

Taint Spirit			
Level: 1sp	Alignment: Evil	Sphere: Minor Necromancy	Range: Touch
Duration: Instant	Gesture: Touch Target with palms		
Verbal: “ <i>Spirits of death taint this form such that its death is final.</i> ”			
Description: When cast upon a dead body the body is treated as though it has been raised as an undead, without it actually rising up as an undead, preventing the dead body from being restored to life. Fortified Spirit grants immunity to this miracle.			

2nd Level Evil Advanced Miracles

Repel Good Spirits			
Level: 2sp	Alignment: Evil	Sphere: Universal	Range: 20'
Duration: Instant		Gesture: Throw arms outward	
Verbal: “ <i>Spirits of good I repel thee!</i> ”			
Description: As per the Unholy Champion ability, repelling the targets in the front arc of the caster 20'. This miracle is cheaper than the converse Goodly miracle as Evil spirits lend themselves more readily to such tasks.			

Wings of Darkness			
Level: 2sp	Alignment: Evil	Sphere: Major Causing	Range: 20'
Duration: Instant		Gesture: Open hands in a giving gesture	
Verbal: "...sent on the Wings of Darkness by these evil spirits..."			
Description: This miracle will allow the caster to turn a Causing tree or Sphere miracle up to 6th level that they currently have 'hanging' into a ranged attack. Must possess Lesser Wings of Darkness.			

3rd Level Evil Advanced Miracles

Repel Life			
Level: 3sp	Alignment: Evil	Duration: Instant	Range: 20'
Sphere: Minor (Force / Necromancy / Warding)		Gesture: Throw arms outward	
Verbal: “Living spirits I repel thee!”			
Description: As per Repel Undead but affects the living instead. By definition, this miracle does not affect the undead.			

Force of Will			
Level: 3sp	Alignment: Evil	Sphere: Major Dominion	Range: Self
Duration: 5 minutes / until used		Gesture: Touch both hands to head	
Verbal: “ <i>Spirits at my command strengthen my words.</i> ”			
Description: This miracle makes the next level-based miracle cast by the priest act at one level higher.			

Extend Control			
Level: 3sp	Alignment: Evil	Sphere: Minor Necromancy	Range: 20'
Duration: Special		Gesture: Point at Target	
Verbal: “ <i>Spirit of... thou art mine to command, spirit of evil thou art bound to my every will and desire!</i> ”			
Description: The duration of a control undead miracle or raise, create, summon undead miracle is raised to 30 minutes for undead up to 4th level or 15 minutes for undead of 5th level and above.			

Bind Zombie Spirit			
Level: 3sp	Alignment: Evil	Sphere: Minor Necromancy	Range: Self
Duration: 5 minutes		Gesture: Both hands touch head	
Verbal: <i>"Spirit of zombie I bind thee to my body, to do as I command!"</i>			
Description: The caster summons the spirit which would normally animate a zombie into his own body. The effect of this is that the zombie spirit is the outer layer around the priest's own spirit. The priest will discern as a Level 1 Zombie, even if they would normally discern as some other sort of undead, and any effect targeted against undead, such as a dismiss miracle or a Hand of Purity will only destroy the zombie spirit, leaving the priest untouched. The disadvantage to this state is that the caster will be repelled by repel undead and such, and will be unable to cross protections and wards which could not be crossed by a standard zombie. This miracle can be used by the undead.			

Writhe			
Level: 3sp	Alignment: Evil	Sphere: Minor Causing	Range: 10ft
Duration: 30 seconds		Gesture: Point at target	
Verbal: <i>“Spirits of Darkness cluster around this one’s soul and let them crumble before your caress!”</i>			
Description: Causes the target to collapse in agony as per a spasm (immunity to spasm applies). Resistances to causing reduce the time the miracle lasts by 15 seconds per resistance owned. If a resistance to causing is owned then the effects of this miracle will break if the target suffers damage. This miracle does effect the undead and is releasable.			

4th Level Evil Advanced Miracles

Invoke Evil			
Level: 4sp	Alignment: Evil	Sphere: Universal	Range: 20'
Duration: Permanent		Gesture: Point at target with both hands curled as claws	
Verbal: “ <i>Petty fool, feel now the wrath of my lord. Sire take some of my life essence such that this imbecile may be taught a lesson!</i> ”			
Description: This miracle costs the caster 10% of his Restore to Life chance, and as such this means that this miracle may only be cast by characters or NPCs with vitae! As referees should be aware, few NPCs have restore to life chance, and are likely to have less than PCs at any rate, so this miracle should be very rarely if ever used by NPCs. This miracle causes the target to suffer 36 tlp and 6 to each location. This damage is generated from the traces of evil within each person, and as such Spiritual Armour Class and Resistance to Causing Miracles have no effect upon this miracle. In addition the target suffers a no level limit Halt with a duration of 30 seconds.			

Kneel before the Master			
Level: 4sp	Alignment: Evil	Sphere: Minor Dominion	Range: 20'
Duration: 5 minutes		Gesture: Lower outstretched hands	
Verbal: “I am the master here, and you will kneel before me!”			
Description: This miracle forces the target to drop to their knees if they are of lower level than the caster. This is a Domination Effect, and is removed by a Spiritual Freedom but immunity to Spiritual Mastery does not apply. The target cannot leave their knees for the duration, although they may otherwise act freely.			

Paralysing Touch			
Level: 4sp	Alignment: Evil	Sphere: Minor Necromancy	Range: Touch
Duration: 5 minutes		Gesture: Touch Target	
Verbal: “By these evil spirits may I paralyse thee...”			
Description: This miracle grants the priest the ability to paralyse a single target as though the target had been touched by a ghoul, this touch will only inflict damage if the priest casting the miracle has the skill of unarmed combat. The miracle once incanted stays on the caster’s weapon hand for 30 seconds or until discharged. This is not considered an undead touch effect. In order to have this miracle on his miracle list the priest must also have the miracle of Create Ghoul.			

Animate Greater Zombie			
Level: 4sp	Alignment: Evil	Sphere: Minor Necromancy	Range: 10'
Duration: Permanent		Gesture: Lift open hands upwards	
Verbal: <i>"Spirit at my command I bind thee into this body as a greater zombie, to do as I will."</i>			
Description: Animates a flesh-and-blood body as per Animate Zombie. However, only one corpse can be so animated, and it has hits equal to 8 +2/level of the priest. The Greater Zombie has +1 Strength, and B skill, so able to inflict Double in either hand or Triple with a two-handed weapon. It is a Level 3 undead, and can move up to 12 paces from the point of its animation.			

Steal Life Essence (Note this has been changed)			
Level: 4sp	Alignment: Evil	Sphere: Minor Causing	Range: Touch
Duration: Max 1 minute		Gesture: Touch targets chest	
Verbal: “Spirits of Darkness I bid thee steal this one’s life essence so I may sustain myself on it”			
Description: This allows the caster to drain the life of one willing or helpless individual. For every 3 points (1 hit) of damage inflicted (tblp and loc) the user is cured 1 (tblp and to the same location) in a similar manner to empathic healing. A maximum of 3 life (1 hit) may be drained (so 1 cured) per 5 seconds. (Effectively this allows 12 life to per cured). This miracle may be cast by undead and benefit from it, but not used on an undead. Resistance to empathic harm increase the time taken to gain the healing.			

Wraith's Touch (Level Drain)			
Level: 4sp	Alignment: Evil	Sphere: Major Necromancy	Range: Touch
Duration: Permanent		Gesture: Touch Target	
Verbal: “Shiver as I feed from your life essence... Wraith's Touch!”			
Description: This miracle grants the caster the ability to level drain a target as though the target was touched by a Wraith. This inflicts 5 hits to a monster that is not statted with levels. The miracle once incanted stays on the caster's weapon hand for 30 seconds or until discharged. This is not considered an undead touch effect.			
In order to have this miracle on his miracle list the priest must also have the Summon Wraith / Wight miracle.			
Should the priest also have the Summon Vampire miracle on his list he may elect to spend an additional 2 spirits and 2 tblp at the time of casting and drain two levels at once as per a Vampire's double level drain.			

5th Level Evil Advanced Miracles

Reveal Undead Name			
Level: 5sp	Alignment: Evil	Sphere: Minor (Comms / Dismissal / Necromancy)	Range: 20'
Duration: Instant		Gesture: Point at Undead	
Verbal: “Undead spirit reveal your true name!”			
Description: The Caster is told the full true dismiss/control name of the indicated Undead.			
A Neutral version of this miracle is available as a 4sp miracle. A Goodly version of this miracle is available as a 5sp miracle.			

Diminish Spirit			
Level: 5sp	Alignment: Evil	Sphere: Minor Dominion	Range: 20'
Duration: 5 minutes	Gesture: Point at Target		
Verbal: “Spirits of evil, I command thee to weaken my foe... Diminish Spirit!”			
Description: This miracle causes the target to lose 12 tlp and 4 locational life points, which cannot be regained until the miracle expires. This miracle is not cumulative with itself. This loss of life points is not affected by Spiritual Armour Class or other damage reductions. If this miracle is cast upon a target with the Enhance Spirit miracle active on it then both miracles are cancelled and vice versa.			

Aversion			
Level: 5sp	Alignment: Evil	Sphere: Minor Dominion	Range: 20'
Duration: 5 minutes	Gesture: Hold palm towards target		
Verbal: “ <i>Spirit, my power is greater – you dare not approach me.</i> ”			
Description: The target is held unable to approach the caster or in fact perform any act towards the caster other than speak (not cast). However this only holds while the caster continues to hold their palm outwards towards the target, and takes no other actions themselves. This miracle only affects targets of lower than or equal to the priest’s level. If the target is struck or harmed the miracle is broken. This is a Domination effect.			

Summon Haunt			
Level: 5sp	Alignment: Evil	Sphere: Minor Necromancy	Range: N/A
Duration: 1 Hour	Gesture: Curl arms around body		
Verbal: “Creature of the night I conjure thee, let the lords of the dark and princes of the ice let thee manifest, your prying claws are desired here to strike fear into the hearts of mine enemies!”			
Description: This miracle summons a non corporeal spirit which inflicts Fear (as the miracle) by each touch at will. It is slain by a total of 12 spirit only hits. The Haunt has a Dismiss / Control level of 4 and is controlled by its summoner only for the first 5 minutes of its existence. The Haunt’s general outlook on life is that it likes to be scary, and should be given due respect, it is an intelligent undead. It may walk through walls at will, in the same fashion as a wraith.			

Freezing Touch			
Level: 5sp	Alignment: Evil	Sphere: Minor Necromancy	Range: Touch
Duration: 5 minutes	Gesture: Touch Target		
Verbal: “Let the chill of the night freeze thy spirit...Freeze!”			
Description: This miracle grants the priest the ability to freeze a single target as though the target was touched by a Wight. The miracle once incanted stays on the caster’s weapon hand for 30 seconds or until discharged. This is not considered an undead touch effect.			
In order to have this miracle on his miracle list the priest must also have the Summon Wraith / Wight miracle.			

Undead Alacrity			
Level: 5sp	Alignment: Evil	Sphere: Major Necromancy	Range: Touch
Duration: 15 minutes		Gesture: Touch target	
Verbal: <i>"Dark Spirits of the Netherworld grant this creature thy watching!"</i>			
Description: This miracle only affects Undead. If the creature previously had a movement restriction, e.g. Zombie half speed, it is removed. If they did not then they gain +1 weapon mastery. They additionally gain 6HTK, if a player character +18tblp. This extra life will stack with any other temp life, bar itself.			

6th Level Evil Advanced Miracles

Taint of Blood			
Level: 6sp	Alignment: Evil	Sphere: Universal	Range: 20'
Duration: 15 minutes		Gesture: Weapon-hand forms claw	
Verbal: <i>"Let the blood shed by thy spirit draw the darkness as moths to a flame..."</i>			
Description: Should the target shed the blood of a spiritual being after this miracle is cast (use a sharp weapon against a flesh-and-blood target) evil spirits are drawn to cluster around them. As such, for the rest of the miracle's duration the target cannot benefit from goodly miracles and is considered 'Evil' for all disbeneficial spiritual purposes (e.g. crossing Protections). Additionally they will be unable to use goodly spiritual powers unless they possess Divine Guidance. An effect which repels Evil spirits will remove the miracle from a target unless they are themselves spiritually Evil.			

Serin's Bound Spirit of Undeath			
Level: 6sp	Alignment: Evil	Sphere: Major Necromancy	Range: Self
Duration: 5 minutes		Gesture: Circle arms around own body.	
Verbal: “ <i>Spirit of that I control, join now with my form and grant me your power</i> ”			
Description: Cast on an already raised standard undead the caster controls. This causes the undead spirit to merge with the caster, granting them the undead touch effects of that creature (This includes limit in numbers). While active, the caster discerns as the relevant undead and if dismissed this miracle ends. This must be cast immediately after the undead is summoned and the undead being merged departs in the process.			
This miracle does effect, and can be cast by, undead. It is also a releasable miracle.			

Affinity with Evil			
Level: 6sp	Alignment: Evil	Sphere: Universal	Range: Self
Duration: 1 Hour		Gesture: Draw hands across face	
Verbal: <i>"Minion spirit I bind thee now to my protection. Find those spirits that art thy brothers and draw them to thee."</i>			
Description: This miracle binds one of the priest's associated spirits to his form. The next time the priest is targeted by an evil spiritual effect (not blow), e.g. Cause Grievous, the minion spirit will interpose itself and take the effect instead. This does not affect powers used by the priest himself, but will stop even beneficial powers from other sources. Only one such miracle may be active on a priest at one time.			

Cause Critical Wounds			
Level: 6sp	Alignment: Evil	Sphere: Major Causing	Range: Touch
Duration: As Cause Grievous		Gesture: Both hands touch target	
Verbal: “ <i>Spirits of evil I call upon thee to inflict these critical wounds, such that this spirit may suffer great torment and depart its mortal form...!</i> ”			
Description: As per the standard miracle Cause Grievous but inflicts 60 tlp and 10 to each location (20 Hits to monsters).			

Dark Sundering			
Level: 6sp	Alignment: Evil	Sphere: Minor Causing or Major Force	Range: 20'
Duration: Instant		Gesture: Point at target	
Verbal: “By all my dark power let thy spirit be smitten and torn asunder... Dark Sundering!”			
Description: Target suffers 36 tlp evil spirit damage (12 Hits to monsters). Resistances to Spiritbolt apply to this damage and SAC as normal. Despite falling in the sphere of Causing Resistances to Causes do not apply to this miracle.			

Command Undead			
Level: 6sp	Alignment: Evil	Sphere: Major (Dominion / Necromancy)	Range: 20'
Duration: 24 Hours		Gesture: Point at Undead	
Verbal: “Spirit of... (Dismiss Name) thou art mine to command as I see fit!”			
Description: This acts as the control wraith miracle but will work on undead up to level 9. The cost of casting this miracle is as follows:			
Undead Level Spirit Cost			
5th	6sp		
6th	8sp		
7th	10sp		
8th	12sp		
9th	14sp		
This miracle will not work on a character who is undead purely due to the fact that he has been raised by use of the Animate Life miracle, unless cast by the Priest who originally animated them.			
Note: In a change to previous rules the verbal only needs to be said once.			

Weakness			
Level: 6sp	Alignment: Evil	Sphere: Major Dominion	Range: Touch
Duration: 5 minutes		Gesture: Touch target	
Verbal: “ <i>Your strength is nothing, while mine is great...</i> ”			
Description: Once cast the priest has 30 seconds to touch a spirit, or the miracle is wasted. If successful, the victim loses 1 grade of strength for the duration of the miracle. If this would reduce their strength below zero, they become too weak to stand or fight, able only to speak and perhaps crawl. This miracle does not stack with itself. This miracle does not affect the undead. Immunity to Strength-Drain applies.			

Walk Through Walls			
Level: 6sp	Alignment: Evil	Sphere: Major Necromancy	Range: Self only
Duration: 5 minutes		Gesture: Hold arms above head or Touch shoulders	
Verbal: “ <i>Undead spirits, aid me now and transform my body akin to that of a wraith.</i> ”			
Description: This miracle grants the caster the ability to walk through walls as per a wraith for its duration. This doesn’t confer any other advantages. The caster may not cast any miracles within the wall which are not self or touch unless he is using Active Spirit Sight. It is possible to cast area affect miracles such as Flood of Putrescence and Spirit Storm while using a walk through walls miracle. This is in addition to being able to cast touch / self range miracles.			

Touched by Evil			
Level: 6sp	Alignment: Evil	Sphere: Major Necromancy	Range: 1’
Duration: 15 minutes		Gesture: Hold both hands above the targets head	
Verbal: <i>"Walk in the realm of the dead. None shall touch you whilst you bear this spirit!"</i>			
Description: For the duration of the miracle, dark evil spirits cloak the target’s spirit. Undead spirits recognise this and cannot, and will not, attack the beneficiary. This effect is broken should the beneficiary attack any Undead, and they may not benefit from it again for 1 year. This thus in effect grants the target Neutrality to all Undead for the duration. While active the target is immune to beneficial goodly miracles as if undead (e.g. healing). This IS NOT a releasable miracle.			

Foul Touch			
Level: 6sp	Alignment: Evil	Sphere: Major Necromancy	Range: Touch
Duration: 15 minutes		Gesture: Touch undead	
Verbal: <i>"Let the corruption of your spirit rise to the surface and your touch burn."</i>			
Description: May be cast on any full undead (not just the subject of an Animate Life). The target undead now inflicts a Foul Touch of equal to its dismiss level, every blow (as per points tables ability). This damage cannot stack above Quad, as normal. Foul Touch inflicts 1 Hit to monsters for every 3 pts or part thereof. It is spiritual damage.			
This miracle costs 40pts to buy.			

Stronghold of Hatred			
Level: 6sp	Alignment: Evil	Sphere: Minor Warding	Range: As Protection
Duration: 15 minutes		Gesture: As Protection From Spirits	
Verbal: “ <i>Spirits of Darkness I bid thee defend me from all good!</i> ”			
Description: This miracle is identical to the miracle Protection From Good Spirits in every way except where noted above and the fact that the barrier keeps out any good spirit regardless of level.			

7th Level Evil Advanced Miracles

Wild Evil			
Level: Variable*	Alignment: Evil	Sphere: Universal	Range:20' radius
Duration: Instant		Gesture: See below	
Verbal: " <i>Darkness feed on my essence and let all feel your touch!</i> " to be shouted, followed by a declaration of the damage inflicted (see below)			
Description: As the verbal is incanted the caster must slash a body part with a dedicated ritual knife (which cannot be used in normal combat - it is permissible to carry this blade), inflicting 6 points of damage to the location and TBLP. The caster must be flesh-and-blood. The blood is then sucked from the wound by wild and hungry evil spirits that cluster around the priest. These spirits form a dark and evil maelstrom centred on the priest which inflicts 6/1 spiritual damage to all within the radius for each 2 spirits the priest releases, to a maximum of 12 spirits and 36/6 damage to all. SAC applies against this damage as normal, except for the casting priest, who cannot in any way shield against the attentions of the spirits, and must take the full damage. Should this miracle be cast a second time within an hour, the casting priest loses all remaining spirits to the uncontrolled evil spirits drawn to the bloodshed, including his own - thus dying. Damage from this second casting is still limited to 36/6 however. This miracle affects the undead, but may not be cast by them (as they have no blood). *This miracle costs 50pts to buy			

Pact of Blood			
Level: 7th (8sp)	Alignment: Evil	Sphere: Universal	Range: Touch
Duration: 15 minutes		Gesture: Touch with both hands	
Verbal: <i>“Black spirits watch this one, and let the blood-shed he/she causes free thee to act as ye will.”</i>			
Description: This miracle ‘hangs’ on the hands of the caster for 30 seconds, in the same manner as causing miracles. While under the effect of this miracle each time the target draws the blood of a spiritual target (hits a flesh-and-blood creature with a sharp weapon for the first time) they are struck by the drawn evil spirits, taking 36/6 evil spiritual damage to which SAC applies (12 Hits to monsters). This damage is taken each time a new flesh-and-blood target is struck after the miracle becomes active, but once taken from a given creature there is no further penalty for striking that creature again. This miracle does not affect the undead.			

Bound Spirit of Causing			
Level: 7th (8sp)	Alignment: Evil	Sphere: Major Causing	Range: Self
Duration: Dungeon		Gesture: Hands knitted together	
Verbal: “ <i>Spirits of evil I call upon thee to bide here a time, and be ready at my call to harm my enemies.</i> ”			
Description: While this miracle is active the caster cannot regain the spirits used in its casting. For the duration of the miracle the caster may cast Cause Wound for 0 spirits and 0 tblp casting, at will. A full verbal is still required for each use, and all normal strictures still hold. Soul’s Hunger may not be used with these ‘free’ castings. Should the caster receive any sort of goodly curing miracle this miracle is negated.			

Degeneration			
Level: 7th (8sp)	Alignment: Evil	Sphere: Major Causing	Range: Touch
Duration: 15 minutes (hangs for 30 seconds)		Gesture: Both hands touch target	
Verbal: <i>“Spirits of darkness torment this body, let wounds fester and pain grow.”</i>			
Description: The target ceases to be able to use any form of healing Regeneration for the duration (e.g. a Troll could not regen).			
This is not a releasable miracle, and resistances to Degeneration reduce the duration.			

Soul Lance			
Level: 7th (8sp)	Alignment: Evil	Sphere: Major Causing	Range: 20'
Duration: Instant		Gesture: Point both empty hands at target	
Verbal: <i>"Let the powers of evil sear your soul, and let your own strength be your undoing... Soul Lance!"</i>			
Description: The caster sends a bolt of pure spiritual evil power at the target's spirit. If the target is goodly or neutral in Alignment they suffer tblp damage equal to 20% of their maximum tblp. SAC does not apply to this, although resistance to Soul Lance does. Evil targets are unaffected.			

Bound Lesser Wings of Darkness			
Level: 7th (8sp)	Alignment: Evil	Sphere: Major Causing	Range: Self
Duration: 24 hours		Gesture: Raise hands above head	
Verbal: “ <i>Spirits of darkness I bind you to my form. Abide with me to carry my words...</i> ”			
Description: Allows the cast to cast lesser wings of darkness at will for 1 tblp with full verbal, to a maximum of 1 casting per 10 seconds for the duration of the miracle. If the caster receives any goodly spiritual healing while this miracle is active then the miracle fades. The spirits for this cannot be regained while it is active. This is a releasable miracle and can be cast by the undead.			

Wither			
Level: 7th (8sp)	Alignment: Evil	Sphere: Major Necromancy or Major Causing	Range: Touch
Duration: 5 minutes		Gesture: Touch limb	
Verbal: “ <i>Spirits of evil I bid thee touch this one’s limb with the weight of the world</i> ”			
Description: Causes the touched limb (not critical location) to wither and become unusable. Immunity to wither applies, and this can be countered by a regeneration miracle. This miracle does not affect the undead, and is a releasable miracle.			

Mass Paralysis			
Level: 7th (8sp)	Alignment: Evil	Sphere: Major Necromancy	Range: 10ft radius
Duration: 5 minutes		Gesture: Throw arms out	
Verbal: “By these evil spirits may I paralyse thee all!”			
Description: Must be able to cast Paralysis touch. This causes all within 10ft to suffer a paralysis as per the miracle. This is a releasable miracle, but doing so release all of those affected by it at once. This miracle does effect the undead.			

Mallerstang’s Cloak of the Inconsequential			
Level: 7th (8sp)	Alignment: Evil	Sphere: Major Dominion	Range: Self
Duration: 5 Minutes		Gesture: Cover own eyes	
Verbal: “Spirits let the weak that see me look through me as if I am nothing to them”			
Description: This miracle causes everyone who looks upon the priest to ignore them as if they were not there, effectively rendering them invisible. This lasts until they attack or actively draw attention to themselves. So the caster could inspect a line/look at an object, but not draw a protection around a person. Immunities to forget or perception on the part of those attempting to see the caster, grant immunity. This is additionally a domination effect. This miracle does effect the undead. This is a releasable miracle.			

Flood of Putrescence			
Level: 7th (8sp)	Alignment: Evil	Sphere: Major Causing	Range: 20'
Duration: 1 hour		Gesture: Cast hands up and outwards as if throwing something	
Verbal: <i>"Spirits of evil I bid thee flow forth and touch all with pestilence."</i>			
Description: All beings within range are inflicted with a spiritual Disease, in all ways as per Cause Disease - including the caster. This is a releasable miracle, releasing it releases all the diseases simultaneously.			
*Priests who have taken the published multi-race Undead (Mummy) may take this miracle as Minor Causing, rather than Major.			

Lack of Faith			
Level: 7th (8sp)	Alignment: Evil	Sphere: Major Dominion	Range: 20'
Duration: 60 seconds		Gesture: Point at target	
Verbal: “The spirits at my command are strong, but yours are weak – they will not serve you...”			
Description: The target is unable to cast miracles below 8th level for the duration, as the weaker spirits that serve them are driven away, leaving only the most powerful. Each Resistance to Lack of Faith halves the duration and allows miracles of one level lower to be cast – no other resistances apply.			

Cloak of Beguilement			
Level: 7th (8sp)	Alignment: Evil	Sphere: Major Dominion	Range: Self
Duration: 5 minutes		Gesture: Hug Self	
Verbal: " <i>Spirits of Darkness I draw thee here! Let all before me know my power!</i> "			
Description: For the duration any person looking at the caster suffers from the effects as if a Beguile miracle had been cast upon them. The effect of the beguile end when the miracle ends. This miracle will only affect targets of a lower level than the caster.			

Cloak of Fear			
Level: 7th (8sp)	Alignment: Evil	Sphere: Major Dominion	Range: Self / 20'
Duration: 5 minutes	Gesture: Touch opposite shoulders with hands		
Verbal: “Dark spirits of terror shroud my form, let all see their nemesis and be afraid.”			
Description: The caster is surrounded by evil spirits of fear which touch any who approach him too closely. All creatures which come within 20’ of him are affected as if by a Cause Fear miracle. This Cause Fear does not affect the undead.			

Animate Corpse			
Level: 7th (8sp)	Alignment: Evil	Sphere: Major Necromancy	Range: 3'
Duration: Permanent	Gesture: Point at corpse with both hands, fingertips curled		
Verbal: “ <i>Spirits of Evil at my command, come forth and take thy place within this corpse. Let this form arise and do my will... Corpse arise!</i> ”			
Description: This miracle animates a corpse as an undead creature with 10 hits +1/level of the caster, to each location. Each location continues to operate until it has been individually slain, and if it suffers damage equal to twice its starting hits then the location is severed. This does mean locations do stop functioning separately. An Animate Corpse delivers 9pts of damage by unarmed combat or damage by weapon type used +1 Strength. E.g. 15pt triple with a bastard weapon wielded in two hands. An Animate Corpse has a dismiss level of 5 for controlling or dismissing.			

Summon Barrow-Wight			
Level: 7th (8sp)	Alignment: Evil	Sphere: Major Necromancy	Range: 3'
Duration: Permanent*	Gesture: See below		
Verbal: <i>"Spirit of darkness I call thee forth from the grey lands of the unliving. By the powers of evil bound to me, I call thee to service in my name. Barrow wight I bid thee arise one more time to act in the name of the unliving!"</i>			
Description: The miracle must be incanted over a corpse within a Protection from Good Spirits. This corpse need not be fresh, and in fact is often an ancient body within a tomb. At the incanting of the final words a dagger must be driven into the chest of the corpse, and from the wound the Barrow-Wight will arise. Barrow-Wights are shadowy, ethereal creatures called to guard the sanctity of an area. They are fully intelligent and may walk through walls at will in the same fashion as a wraith (suffering a 2-second disorientation on leaving). They have 25 supernatural hits, and inflict Purely Spiritual 9pt Double by unarmed blow. This does mean that magic hurts them, and for example an elf with a magic weapon could kill them while they could not harm it. Additionally their touch causes 2 points of permanent damage to the touched location (not tblep). This is an undead touch-effect, and no AC or damage reductions apply to it (having half a spirit means that only 1 point of perm is inflicted). This damage can only be cured by exposing the wounds to the rays of the next dawn (normally, lasts till end of adventure). Barrow-Wights are level 6 undead. A barrow-Wight will not willingly leave the area in which it was summoned, which may be a specific building if summoned within one, or a roughly 60' area otherwise. Even if controlled they will refuse to do so. They are banished whence they came by sunlight, and fear it terribly.			

Summon Wraith-Warrior			
Level: 7th (8sp)	Alignment: Evil	Sphere: Major Necromancy	Range: 3'
Duration: 30 minutes		Gesture: As Summon Wraith	
Verbal: <i>"By all the powers of darkness, spirit of evil I summon thee forth! By the shades of the netherworld and blood you have shed, wraith warrior I name thee! I call thee from the land of the spirits! By my powers I summon thee here! Behold! By the power of my spirits thou art summoned here! Come forth!"</i>			
Description: In all ways as Summon Wraith (not Wight), except that the summoned undead arrives equipped with dark and ethereal armour and sword. It now discerns as a Level 6 Wraith Warrior, has 16 spiritual Hits, and may inflict purely spiritual damage by weapon type + one weapon mastery with its sword, which no other may wield. It may also channel its powers of level-draining and fear through sword-blows.			

8th Level Evil Advanced Miracles

Possession			
Level: 8th (10sp)	Alignment: Evil	Sphere: Major Dominion	Range: Touch
Duration: 5 minutes (Hangs for 5 seconds)		Gesture: Pass hand in front of target's eyes	
Verbal: <i>“Spirits at my command possess this feeble shell and have it act as I desire, bent to my will and purpose.”</i>			
Description: This miracle possesses the target in a similar way to Spiritual Mastery, but more fully. It affects targets of equal to the caster's level and below, and the target is completely unable to perform any act whatsoever other than those ordered by the caster. The possession is full enough that absolutely any command will be obeyed, even completely suicidal ones, but the target will be unable to use any abilities which require conscious thought, such as casting spells, miracles or neuronics. However they gain +1 stacking strength for the duration, without maximum.			
This is a Domination effect and Immunity to Spiritual Mastery grants immunity. Spiritual Freedom will also remove the effects. The priestly ability to Discern Spiritual Mastery will reveal the presence of this miracle. This miracle does not affect the undead.			

Enslaved Spirit			
Level: 8th(10sp) (Plus see below)	Alignment: Evil	Sphere: Major Dominion	Range: Touch
Duration: Permanent until destroyed		Gesture: Touch every location of the receptacle	
Verbal: <i>“Into this vessel I send forth my minion spirits. Let each limb move as I direct, and let my power be master over you, my servants. As I command, so it will be – arise now, and serve your master.”</i>			
Description: This miracle places a spirit within a humanoid shape. This can be a corpse, or it can be a stone or metal figure crafted for the purpose. However, such crafting is usually impractical during “Time-In” due to the labour and time required – it might be possible however to animate a statue or similar which was otherwise unmoving. This miracle can never be used on any form of animate creature, whether living, golem or undead. The animated form is an entirely mindless unintelligent spirit bound to do nothing but obey the caster’s will, and will follow his commands to the letter, but take no other acts, even in defence of itself. It is considered to have 2 grades of strength. It has 30 hits per location, plus an additional 2 hits for each extra spirit spent during its creation. It moves at only ¾ speed, and can wield any weapon given it or use unarmed at base damage, plus strength. Each location functions independently of every other. If the animation is made from a stone or metal statue, it gains ½ effect all damage except for purely spiritual. Under no circumstances can it be healed, and a Spiritual Freedom will destroy it. It is considered to have 8th level resistances. Although the miracle is permanent, the spirits used cannot be regained while the miracle is active, so most priests will release the miracle once the spirit has served its purpose.			

Incarna Mortis			
Level: 8th (10sp)	Alignment: Evil	Sphere: Major Necromancy	Range: 20'
Duration: 15 minutes		Gesture: Point at target	
Verbal: <i>“Spirits of the dead cluster around (him / her) with the touch of the grave.”</i>			
Description: The target is surrounded by undead spirits plucking at their spirit. This feels extremely uncomfortable, and has the additional side effect of making the target immune to all miracles to which undead are immune. They now discern as (but are not actually) a level 6 type unknown (Dismiss name “Incarna Mortis”) – if this spirit is dismissed the miracle is removed but, if not, at the end of the duration the target suffers a Paralysis, Fear, Disease, Freeze and Level Drain simultaneously, as undead touch effects. Should resistance (half-effect) be possessed to this miracle, the duration is halved and the touch effects are never triggered on the victim. This miracle does not affect the undead. Fortified Spirit grants immunity to this miracle, unless willing.			

Create Skeletal Knight			
Level: 8th (10sp)	Alignment: Evil	Sphere: Major Necromancy	Range: 3'
Duration: 1 Hour		Gesture: As Animate Skeleton	
Verbal: <i>“Lords of darkness here now my plea, an ally I request such that the warm and blood filled shall fear your attention and grant me safety, through use of your servant I shall offer sacrifices, aid me now... Skeletal Knight arise!”</i>			
Description: This miracle is exactly as the miracle Animate Skeleton, including duration of control, except: • The Skeletal Knight is not bound to a point of animation. • The Skeletal Knight suffers damage only from blunt or spiritual sources. • The Skeletal Knight delivers damage by weapon type or unarmed combat with +1 strength. • A Skeletal Knight has a dismiss level of 7 for control or dismissal purposes. • A Skeletal Knight has triple the Hits that a Skeleton would have – e.g. 42 for a normal 8th level caster.			

Animate Life			
Level: 8th (10sp)	Alignment: Evil	Sphere: Major Necromancy	Range: 1'
Duration: Permanent		Gesture: As Restore Life	
Verbal: “ <i>Spirits of Darkness hearken unto me</i> ” followed by a 5 minute ritual concluding with: “ <i>Spirits of light fly from this place, by my power thou art banished from here, disembodied spirits at my command, aid me. I call the spirit of..... to return to this place, your time is not yet come. By my powers I bind thee to your body as an undead to do evil’s will, return to this living realm!</i> ”			
Description: This miracle duplicates the goodly 8th level miracle Restore Life in all ways with all the advantages and disadvantages indicated in the Handbook but with the following differences detailed below:			
• The target discerns as a level 6 Type Unknown with a dismiss name which is their character’s first name. They can be dismissed (This includes hand of purity) and should the animating priest have some means to control level 6 undead, the target may be controlled by him, but these are the only undead liabilities or advantages that they have, except as noted below. • Animate Life works on Evil and Neutral spirits, it does not work on Goodly spirits. Rages, Damages Reductions and similar versus Undead do not apply versus someone who has been Animate Life’d. • The target is unable to cross Protection from Evil Spirits or similar cast by the Animating priest or Protections from Evil Spirits cast by any 6th level or above Priest. • A Protection from Good Spirits is required as part of its casting not from Evil. • It is possible to repeat the Animate Life miracle on a target that has previously benefitted from this miracle, as it does not taint the spirit in the same way as other undead-raising miracles. This is not a releasable miracle. It does not affect the undead.			
There is also a 14sp Universal version of this miracle.			

Embody Wight Spirit			
Level: 8th (10sp)	Alignment: Evil	Sphere: Major Necromancy	Range: Self
Duration: 15 minutes		Gesture: Touch wight with both Hands	
Verbal: <i>"Spirit of evil that is mine to command, let now our spirits mingle and carry me on your dark travels."</i>			
Description: May only be cast on a standard level 5 undead Wight which is currently under the priest's control. The wight vanishes to mingle with the caster's spirit, allowing the caster to 'Planeshift' at will as per Wight. This is instantaneous outgoing, and has a 2-second period of disorientation on arrival. Planeshift allows the user either to travel 20' or line-of-sight, as per Blink, or to travel to the corresponding point on another plane - not to just any point desired on that plane. While on other planes, the caster is not aware of events occurring on original plane. However while so embodied the caster's spirit is linked to the wight's - so that if the wight is controlled by another source the caster is also controlled, and if the wight is somehow destroyed or dismissed the caster dies instantly.			
While this miracle is active, if the casting priest has the Spiritform miracle it may be cast at 7th level instead of 8th - however the Spiritform expires at the same moment as the Embody miracle should it end before the Spirit Form miracle's duration.			
This miracle affects the undead, and priests who have taken the published Undead (Wight) multi-race to 6th level and thus are 'Greater Wights' themselves may acquire a 7th level (8sp) version of this miracle.			

Torrent of the Netherworld			
Level: 8th (10sp)	Alignment: Evil	Sphere: Major Necromancy	Range: Touch
Duration: As the touch effect		Gesture: Touch target	
Verbal: “ <i>Spirits of the Netherworld I call you to me, grant me the power of your darkened touch.</i> ”			
Description: After casting the target has 30 seconds to touch the target. The target suffers a freeze, paralysis, fear, disease, and Level drain. All as per the undead touch effects (including that spirit shields apply vs. them). This miracle does effect the undead and is NOT releasable.			

Cause Mortal Wounds			
Level: 8th (10sp)	Alignment: Evil	Sphere: Major Causing	Range: Touch
Duration: Instant		Gesture: Touch target	
Verbal: “ <i>Spirits of Evil I call upon thee to inflict these Mortal wounds so the spirit may suffer and break. Let its life be extinguished by my touch.</i> ”			
Description: Must be able to cast Cause Critical Miracle and be table 11 to learn. Acts as per the Cause Critical miracle but inflicts 120/20 life (40 hits).			

The Black Death			
Level: 8th (12sp)	Alignment: Evil	Sphere: Major Causing	Range: Touch
Duration: 5 minutes		Gesture: Touch target	
Verbal: <i>“Spirit be thou stricken with the darkest of diseases, let your body fade and weaken and your life expire!”</i>			
Description: This acts as per the Cause Disease miracle, but begins at the 5 minute stage and progresses rapidly. Reaching the 10 minute stage after 1 minute, the 30 minute stage after 3, and death occurs at 5 minutes.			
People that have multi-raced Mummy may learn this as a minor causing miracle.			

Treare's Harm			
Level: 8th (12sp)	Alignment: Evil	Duration: Instant	Range: Touch
Sphere: Major Causing		Gesture: Touch target	
Verbal: <i>“Spirits of Darkness and Suffering answer my call! I summon you here to bring my foes low. Spirit feel now the anguish as they life suffers mortal..... Harm!”</i>			
Description: Must be able to cast Touch of Death, and be on table 10. This miracle hangs for 30 seconds as with most causing miracles. When touched it causes the target to suffer causing equal to their starting tblp. SAC applies at 6 points for every point of SAC the target has. Resistances to causing then apply. This miracle costs the caster a level to cast (reductions can be purchased as per level loss from Touch of Death). It does not affect the undead.			

Devour the Spirit			
Level: 8th (14sp)	Alignment: Evil	Duration: Instant	Range: Touch
Sphere: Major Necromancy		Gesture: Hands open palms up.	
Verbal: “Shiver as I feed on thy life essence and devour thy mortal spirit. Feel the anguish and suffering as your life is devoured and your soul consumed!”			
Description: Must be able to cast Wraith’s Touch. Causes the touched target to lose 8 levels, as per the wraith’s touch miracle. Immunity to level drain applies. This does effect the undead. This miracle costs a level to cast, and reductions in level loss may be purchased as per reductions in level loss to Touch of Death. Those that have multi-raced Vampire or Wraith may learn this as a minor necromancy miracle.			
A priest must be table 8 to cast this miracle.			

Rite of the Bane God			
Level: 8th (14sp)	Alignment: Evil	Sphere: Major Causing	Range: 1 mile
Duration: 24 hours		Gesture: See below	
Verbal: [At start] <i>"Dark powers witness now as I focus thy strength."</i> [At completion of rite] <i>"By these acts so do I seal our pact - let harm come to all!"</i>			
Description: To cast this miracle the priest needs a 'focus' of his faith, of significant size; this may be an altar, or a banner with his religious symbol, or similar. This must be Cursed before the rite begins. During the casting he must spend 15 minutes performing appropriate ritual acts to please his deity, with only the start and final incantations fixed. It is permissible during this period to cast appropriate Evil miracles - their cost is taken from the total cost of the rite. These miracles must be targeted on/centred on the focus - not a Beguile on another party-member, for example. At the end of the rite, a pall falls across every spirit within the radius, as dark powers watch. This feeling of foreboding is strong enough that any Priest within the radius is aware that there is an evil presence here. All Causing miracles cast within the area inflict 1pt of permanent damage to tblp and loc for each 6 pts they normally inflict - so that a Cause Wound inflicts 6 tblp and loc, of which 1pt is permanent and cannot be cured. Resistance to Cause miracles halves the amount of permanent damage (round up). Resisted TODs and Suspend Lives inflict permanent harm in the same way, and unresisted their effects cannot be removed for the duration - so that a Suspend Life'd target is not brought round by a Heal miracle. The effects of Cause Disease are not restored when the miracle is removed - so that if a sufferer of a disease has reached the stage where they are no longer conscious, curing the disease only prevents further progression - the victim remains unconscious.			
This damage (or other effect) fades only after a full day's rest, or may be healed if the focus of the rite is desecrated. To disrupt the rite, its focus must first be freed from the Curse, either with a Bless or by slaying the caster, and then the focus either destroyed physically or moved outside the radius of the rite. This is not a releasable miracle, and does affect the undead.			

Good or Evil Miracles

These miracles may be acquired as either a goodly aligned miracle or as an evilly aligned miracle but not as a neutral miracle. Neutral priests cannot acquire these miracles unless specifically stated in the miracle's description that they may.

Spiritual Candles			
Level: 1sp	Alignment: Good or Evil	Sphere: Universal	Range: 3'
Duration:		Gesture: Click fingers	
Verbal: “ <i>Spirits of light come hither!</i> ” or “ <i>Spirits of shadow abate!</i> ”			
Description: The goodly version of the miracle creates four spiritual candles suitable for the performing of a Restore Life. The evil version of this miracle causes all influence of shadow to dissipate effectively allowing four candles to form, suitable for the performing of an Animate Life miracle. These candles cannot be blown out or extinguished except by a spiritual or mantic extinguish or darkness. They serve no other purpose than to allow the safe casting of the associated miracle and are not bright enough to dispel any form of supernatural darkness, or shed light to see by. Neutral Priests may acquire this as either a goodly or evil miracle as appropriate.			

Voice Of Retribution			
Level: 7th (8sp)	Alignment: Good or Evil	Sphere: Universal	Range: 20'
Duration: As Voice Of Power		Gesture: Point at target	
Verbal: <i>“Evil / Good spirit for thy sins I command thee die!”</i>			
Description: As Voice Of Power but the only command usable is “Die!” and that the miracle affects up to and including the caster’s level. This miracle only works against the alignment opposite to that of the caster, i.e. Good vs. Evil or vice versa. This miracle does not affect the undead.			

Spirit Strike			
Level: 7th (8sp)	Alignment: Good or Evil	Sphere: Universal	Range: 21'
Duration: Instant		Gesture: Point at target	
Verbal: <i>“By all my might and the powers of good / evil be thou struck and I command thee be still... Spirit Strike!”</i>			
Description: As Spirit bolt, but this miracle inflicts 36pts of tblp damage, 12 hits to monsters, and halts the target as though the caster had cast a Halt miracle upon the target. The Halt affects up to and including 8 levels. Resistances to Spirit-Bolt apply to the damage inflicted by this miracle, but not against the Halt effect. Resistances to Halt and stasis apply to the halting effect but do not reduce the damage inflicted. The goodly version of this miracle will only affect a neutral or evil target whilst the evil version will affect targets of any alignment.			
The damage from this miracle affects the undead but they are unaffected by the Halt.			

Rod of Righteousness			
Level: 8th (10sp)	Alignment: Good or Evil	Sphere: Universal	Range: Self
Duration: 15 minutes		Gesture: Hands open to receive	
Verbal: <i>"Into my hands I call forth righteousness - let the spirits that serve me form grip, haft and head to smite the unbeliever!"</i>			
Description: Creates a purely spiritual 'O' class rod of the alignment of the caster, which may only be wielded by the caster the Rod is +1 vs. spirits of opposite alignment of the caster. Strength may not be used with the rod unless the appropriate tables ability is possessed.			

(Un)Holy Warding			
Level: 6sp	Alignment: Good or Evil	Sphere: Major Warding	Range: One (closed) line
Duration: 24 hours	Gesture: Inscribe line as below		
Verbal: <i>"By the blessing of [God], let this place be sanctified in his/her name!"</i>			
Description: A line must be drawn in chalk or otherwise visibly on the ground, around the area - this line must be closed (join its end to its beginning). The words must be spoken once the line is inscribed. Each creature of the opposite alignment to the caster who crosses into the area so warded, by any means at all, takes 18 tblep of spiritual aligned damage, irreducible by any means (6 Hits to monsters). The Warding can be cancelled by casting a Curse on the line and then again at the centre of the area warded if it was a Holy Warding, or Bless instead if an Unholy Warding. [God] indicates the name of the priest's deity, as appropriate.			

Balance (Grey Warden)

These miracles may only be acquired by Grey Wardens.

Judgement			
Level: 6sp	Alignment: Neutral	Sphere: Balance	Range: 20' radius
Duration: 15 minutes	Gesture: Arms upraised		
Verbal: <i>"Powers of balance weigh all upon the scales of justice, and let those found wanting suffer the due penalty!"</i>			
Description: All within the radius are weighed up by the spirits of balance. Whichever alignment of Good and Evil is found to be predominant (i.e. whichever there is more of) among the spirits of the creatures in the area (not associated spirits, items, etc), all those of that alignment suffer a neutrally aligned Diminish Spirit and Curse. Immunity to either grants immunity to that effect. This miracle and its results affect the undead.			

Interdiction			
Level: 8th (10sp)	Alignment: Neutral	Sphere: Balance	Range: 20'
Duration: 1 hour	Gesture: Point at target		
Verbal: “ <i>You have infracted the balance of good and evil, and as such to restore the balance I place thee under interdiction!</i> ”			
Description: The caster must have observed the target performing one of the following overtly good or evil acts in order to cast this miracle upon them: • Casting a Restore Life miracle or Casting a Touch of Death miracle • Curing a non party member or Stealing another’s property • Slaying an evil party member or Slaying a goodly party member • Use of any Paladinic Spiritual power or Use of any Unholy Champion’s Spiritual power This is by no means a complete use of overt acts of good or evil but represents the limits for this miracle. The target of this miracle will no longer benefit from miracles cast upon him, suffers twice normal effect from miracles cast by priests of the opposite alignment and if he dies whilst this miracle is active upon him will gain no benefit from owning a returner or having a dying effect. This miracle may only be used by the Grey Warden in part of his balance keeping operation. i.e. if the party consists of 5 good characters, the Grey Warden and 3 evil characters he will not use it upon the evil characters, only the good ones. If the miracle is being cast upon an NPC or monster, then the alignment of the mission with regards to its aims should be determined by the referee in advance; on a 'Goodly' mission the miracle may only be cast on Goodly NPC’s, and the converse for Evil. If the mission is deemed 'Neutral' by the referee then the Grey Warden may use his own judgement as to when the casting of this miracle is appropriate. This miracle affects the undead.			

Shamanic Miracles

These miracles may only be acquired by a Shaman of a tribe, they may not be bought by any other form of Priest.

Asylum			
Level: 4sp	Alignment: Neutral	Sphere: Shamanic	Range: Touch
Duration: Permanent		Gesture: Touch target's head	
Verbal: <i>“Our totem shields you from the old and feeble totem you once served”</i>			
Description: This permits a shaman to enable a willing person of the same race but of a different tribe to leave his old tribe and join the shaman's one without any side effects. This miracle may only be cast once ever on a character. The second time around the miracle simply does not work.			

Commanding Voice			
Level: 7th (8sp)	Alignment: Neutral	Sphere: Shamanic	Range: 20'
Duration: Permanent		Gesture: Point at target	
Verbal: “By the power of our totem I command thee...”			
Description: As Voice of Power except that it will only work on members of the Shaman’s tribe and has no level limit for resistance purposes. The only tribe member not normally affected by this miracle is the Witchdoctor. As well as being a releasable miracle this miracle is removed by the Remove Voice of Power miracle.			

Mark Of The Totem			
Level: 7th (8sp)	Alignment: Neutral	Sphere: Shamanic	Range: Touch
Duration: 15 minutes		Gesture: Rest palm on target’s head	
Verbal: “You who carry the hope of the tribe, stand strong against our foes and know that our totem stands with you.”			
Description: The recipient of the casting of this miracle gains +6/2 life points per tribe member standing around him at the time the miracle is cast. If more than 3 tribe members are standing around him when it is cast he gains +1 DAC, +1 SAC and +1 PAC. If more than 9 tribe members are standing around him when it is cast he also gains immunity to listed stopping effects for duration. “Standing around him” means within 20’ and focusing their attention on the casting of the miracle.			

Spirit Rend			
Level: 8th (20sp)	Alignment: Neutral	Sphere: Shamanic	Range: Touch
Duration: 30 secs		Gesture: Hands balled into fists	
Verbal: “ <i>Feel now the wrath of my totem and let thy spirit be torn asunder... Spirit Rend!</i> ”			
Description: Once cast the Shaman has 30 seconds to touch a target who then takes the effect of 6 simultaneously cast Spiritbolts. SAC and Resistances to Spiritbolt apply separately to each Spiritbolt. This miracle will not affect members of the Shaman’s own tribe.			

Witchcraft

These miracles may only be acquired post 8th by a witch of the appropriate alignment. No other class or alignment may cast one of these miracles.

Witchcraft ~ Evil

Curse to Trip			
Level: 2sp	Alignment: Evil	Sphere: Witchcraft	Range: 10'
Duration: Instant		Gesture: Point at target	
Verbal: "An ill fated path...Trip"			
Description: The target trips over and falls to the ground. The target needs to be moving but does not require an object to 'trip' over.			

Curse To Smell			
Level: 3sp	Alignment: Evil	Sphere: Witchcraft	Range: 10'
Duration: Until blessed or 15 mins		Gesture: Point at target	
Verbal: <i>“May the dark spirits inflict thee with unbearable odour!”</i>			
Description: This afflicts the target with a spiritual odour only discernible by his allies. This causes the loss of 1 point of dexterity armour class as eyes water and the senses are assailed, affecting all those within line of sight of or 100’ of the target. This miracle does not actually cause any disbenefit for the target who has been so cursed, other than his allies not being very keen to be near him! Should a character within the radius make use of the Sniff or Locational Sniff ability the acrid smell disrupts further use of the Sniff ability for that adventure. If the character uses a perfume or scent potion to try and negate the smell it mixes in such a fashion that he is also now affected by the miracle. If the target was not Immune to Curses then he begins to smell affecting those indicated above. If one of the secondary victims listed above is immune to curses then they still suffer the penalties, even if an Elf, Faerie, Drave or similar spirit less being, immunity to olfactory attacks is required.			

Curse To Fumble			
Level: 5sp	Alignment: Evil	Sphere: Witchcraft	Range: 10'
Duration: Until blessed or 15 mins		Gesture: Point at target	
Verbal: “ <i>May thee be afflicted with such great clumsiness!</i> ”			
Description: The target becomes unable to manipulate objects with his hands to the degree that nothing may be held within them, though unarmed combat may still be used with a penalty of -1 maximum damage grade. Spells and miracles may still be cast without difficulty.			

Curse Of Pain			
Level: 6sp	Alignment: Evil	Sphere: Witchcraft	Range: 10'
Duration: Until blessed or 15 mins		Gesture: Point at target	
Verbal: <i>“By my evil spirits I curse thee to suffer greater pain!”</i>			
Description: Any damage suffered by the target is increased by 25% before armour and other damage reductions. For monsters reduce their hits by 1/4 for the duration. The 25% increase in damage is unlike cold rage or berserk rage abilities in that rages are deducted after all armour calculations, whereas this curse is before all armour calculations. The effect of multiple castings of this miracle is not cumulative and is removed by a single bless. This miracle does not affect the undead.			

Curse Of Death			
Level: 6sp	Alignment: Evil	Sphere: Witchcraft	Range: 20'
Duration: Until blessed or 15 mins		Gesture: Point at target	
Verbal: “By my evil spirits I curse thee to die!”			
Description: As Voice of Power with the command of “Die!” but affects up to and including levels of resistance equal to the caster’s level, and is only removed by the death of the caster, the Remove Voice of Power miracle, or by a Bless or the duration expires. This miracle does not affect the undead.			

Curse Of Unhealing			
Level: 8th (10sp)	Alignment: Evil	Sphere: Witchcraft	Range: 10'
Duration: Until blessed		Gesture: Point at target	
Verbal: <i>"May these evil spirits curse thee and cause your wounds to fester and burn!"</i>			
Description: This miracle is only removed by a bless from a Witch, Hospitaller or Paladin or 2 blesses from a normal 8th level goodly priest and causes spiritual healing rates for the afflicted character to be greatly reduced as follows:			
Cure Wound Cures 3/3 Cure Serious Cures 6/6 Cure Disease Slows to 1/2 rate Heal Cures 18/18 Cure Critical Cures 24/4 to locs Total Heal Cures 36/36			
If the character has a reduced effect from curing for any other reason this applies after the modifier listed above and is an extension of that listed above. If a character receives an increased benefit from curing abilities this is negated whilst the miracle is active upon him, in addition to the modifiers listed above! All other healing miracles only heal 1/2 of what they would normally cure. Other sources of healing work at normal rate including Empathic Healing. An 8th level Witch who possesses this miracle may elect to use it as their dying curse in which case it may only be removed by an 8th level goodly Witch and until that point is permanent in duration. If used as a dying curse suffix the verbal with "...Forever!". Should the Witch spend 25 points on Table 7 the dying curse will then need 3 different goodly witches to each cast a Bless before it is removed.			

Curse Of Unliving			
Level: 8th (10sp)	Alignment: Evil	Sphere: Witchcraft	Range: 10'
Duration: Permanent		Gesture: Point at target	
Verbal: <i>“Spirits of evil at my command I bid thee assail my foe, draw from him the very essence which gives him breath, with this curse I mark thee for unending death, let thy spirit chill and shrink as thy dynamism is let run. Mortal I declare thee marked with the curse of Unliving!”</i>			
Description: This miracle reduces the restore life percentage of the victim by 10% permanently, if the target is not immune to curses. This lost percentage can only be regained if the character is blessed by a good witch. An 8th level Witch who possesses this miracle may elect to use it as her dying curse in which case it may only be removed by an 8th level goodly Witch and until that point is permanent in duration. If used as a dying curse suffix the verbal with “...Forever!”. Should the Witch spend 25 points on Table 7 the dying curse will then need 3 different goodly witches to each cast a Bless before it is removed. This miracle does not stack with itself. i.e. a victim may never be suffering more than 10% restore life chance loss from it at any given time. This miracle does not affect the undead.			

Witchcraft ~ Goodly

Blessed Watching			
Level: 4sp	Alignment: Good	Sphere: Witchcraft	Range: Touch
Duration: 1 Hour		Gesture: Touch target's forehead	
Verbal: <i>"Fortune favours thee for a while!"</i>			
Description: This advanced Bless makes the target immune to all detrimental Curses for the duration of the miracle.			

Greater Bless			
Level: 5sp	Alignment: Good	Sphere: Witchcraft	Range: Touch
Duration: 24 Hours		Gesture: Touch Recipient	
Verbal: “Spirits of light I call upon thee to bless this person here and watch over him/her upon this day.”			
Description: As per standard 3sp Bless miracle in all respects except it grants +3 DAC instead of +2. Recipient must be Goodly. Will not stack with any other Bless. This is a releasable miracle.			

Bless of Warding			
Level: 6sp	Alignment: Good	Sphere: Witchcraft	Range: Touch
Duration: 24 Hours	Gesture: Touch		
Verbal: <i>“Spirits of light I call upon thee to bless this person here and ward the assault of spirits from him/her.”</i>			
Description: As per standard 2sp Bless miracle in all respects except that it grants +2 SAC instead of +2 DAC. Recipient must be Goodly. Will not stack with any other Bless. This is a releasable miracle.			

Miracles by Denomination

The following miracles are Universal miracles but available only to priests of specific faiths. Once the miracle is acquired the Priest may learn innates of it at a cost of 10pts per spirit.

Any

Wrath of the Lord			
Level: 7th (8sp)	Alignment: ANY	Duration: Instant / below	Range: 20'
Faith: Any High Priest only		Gesture: Point at target with both hands	
Verbal: “You anger [deity name]! Feel now his/her wrath!”			
Description: This miracle may only ever be cast by the current High Priest of an existing church (with seven or more members, etc) – even if bought while High Priest, should a character lose that status it may no longer be used. Shaman may learn this miracle and apply it to the death of their tribe-members or attacks on them. It may only be cast on a target who has either harmed the High Priest or slain a member of the guild within the last 5 minutes. The target suffers 48 tlp, 8 to every location, and is knocked to the ground and is unable to act for 30 seconds or until struck, regardless of level (This stunning effect is as per a non-level based stasis). Spiritual AC applies at 6/1 per point to the damage but the only way to avoid being knocked to the ground is to have Resistance to Wrath of the Lord or half a spirit.			

Border

Borders Blessing			
Level: 3sp	Alignment: Good	Duration: 24 hours	Range: Touch
Faith: Border		Gesture: Touch targets head	
Verbal: <i>"Border bless this spirit and watch over him/her in their darkest times"</i>			
Description: Grants a goodly recipient a stacking live to minus 12 (doubled if they are a member, including Lay Believer, of the Church of Border). Does not stack with other supernaturally generated live to minus, and if the person performs an evil act (as per Bless) this miracle is lost and they may never benefit from it again.			
It is not a releasable miracle			

Bright Lady

Comfort			
Level: 5sp	Alignment: Good	Duration: 15 minutes	Range: Touch
Faith: Bright Lady		Gesture: Touch target lightly over the heart	
Verbal: <i>"The Bright Lady cares for you, and her angels shield you from misery and suffering."</i>			
Description: A willing target is granted Immunity to Fear, Immunity to Emotional Attacks, Insanity and Pain for the duration. However, if an evil priest receives this miracle the constant touch of the Bright Lady's love and caring is disturbing, and if the priest accepts the miracle willingly they cast miracles as if one level lower for the duration (and so may not cast 8th level miracles).			

Condesecration

Lakh			
Level: 7th level (8) sp	Alignment: Evil	Duration: N/A	Range: 20ft radius
Faith: Condesecration		Gesture: Raise hands	
Verbal: " <i>Dark Spirits empower my voice, Lakh!</i> "			
Description: This miracle is also an unholy word, and the final word must be shouted. All within range (except the caster) suffer a Cause Serious to their head. The caster benefits from a Soul's Hunger miracle for each person effected. An individual can only be harmed by this miracle once each day.			

Cult of the Eternal Vampire

Song of Blood			
Level: 5sp	Alignment: Evil	Duration: 15 minutes	Range: 10'
Faith: Cult of the Eternal Vampire		Gesture: Pass both hands in front of eyes	
Verbal: <i>"Your strength is ours now, and your blood sings as I call to it."</i>			
Description: One target is Level Drained and then Beguiled (as miracle). The lost level returns at the end of the miracle's duration. This miracle does not affect the undead.			

Dark Deliverers

Ward of the Dead			
Level: 4sp	Alignment:	Duration: As Ward	Range: 1 inch
Faith: Dark Deliverers		Gesture: Pass hands across ward	
Verbal: " <i>Spirits of the dead I bind thee to this ward - seek not to bar your brethren entrance.</i> "			
Description: May be cast on any Minor Ward of Power or Major Ward of Power, or other similar non-standard miracles at ref's discretion. The affected Ward no longer bars undead from crossing in any fashion, nor damages them. It otherwise functions as normal. This is a releasable miracle.			

Dead Heroes

Death Rites			
Level: 3sp	Alignment: Neutral	Duration: Until restored to life	Range: Touch
Faith: Church of Dead Heroes		Gesture: Touch Each Location	
Verbal: This miracle has no standard verbal but rather the priest should spend an appropriate amount of time ritualistically warding the corpse. Taking no less than 2 minutes.			
Description: This miracle must be cast within 15minutes of the targets death. It grants the target Fortified Spirit and Immunity to all ‘Slayer’ type effects. They also gain the benefits of ‘Fated Hero’ meaning that they will only lose 10% res chance if ressed off-dungeon.			

Dunatis

Agony of Pleasure			
Level: 5sp	Alignment: Evil	Duration: 15 minutes	Range: Self
Faith: Cult of Dunatis Gesture: Beat fists against head			
Verbal: <i>"Master! Witness this poor fool as he suffers in your name! Let me feel the ecstasy that is beyond agony!"</i>			
Description: For the duration, the caster is not injured by any form of Pain effect, instead being cured half the life that the Pain would have caused. Must still roleplay other effects (for example writhing to Words of Pain).			

Empress-Goddess

The Empress' Sacrifice			
Level: 4sp	Alignment: Good	Duration: 5 minutes	Range: Touch
Faith: Empress-Goddess		Gesture: Touch targets head	
Verbal: <i>"May the sacrifice that Truic gave grant you strength to carry on"</i>			
Description: Allows the recipient to continue casting spirits even if they have run out. For each spirit they over-cast by their maximum life (which can be casting stamina) is reduced by 3 until they have had a good night's sleep. This miracle will only function on the goodly, and the priest may over-cast as above to cast this miracle on themselves.			

Glass

Power of the Throne			
Level: 5sp	Alignment: Good	Duration: One hour	Range: Touch
Faith: Glass		Gesture: Kneel in short prayer with the target	
Verbal: <i>"Feel as the Power of the Throne touches your soul and grants you strength "</i>			
Description: Grants the recipient Divine Guidance and immunity to lack of faith or similar for the duration. A priest of Glass can always cast this miracle, even if they do not have Divine Guidance themselves. This miracle does not, oddly, function on Talthar priests.			

Lady of the Stars

Soul Sharing			
Level: 4sp	Alignment: Good	Duration: 1 hour	Range: Touch
Faith: Lady of the Stars		Gesture: Link both hands with recipient	
Verbal: <i>"Lady of the Stars I beseech thee allow this one to share in your strength, and touch his/her soul as you have touched mine."</i>			
Description: Recipient must be a willing goodly elf, drave, half-drave or half-elf. For the duration of the miracle the casting priest is considered to be in all ways 2 levels lower, as his spirit is shared with the target. The target, if an elf or drave, gains a half-spirit (as half-elf) for the duration, or if already half-elven gains a full spirit for the duration. It should be noted however that the miracle is released on death of either the caster or the recipient, and should the recipient die the caster cannot regain the lost levels until the end of the day. This miracle is not discharged by the use of magical powers by the recipient. This is a releasable miracle, but may only be voluntarily released with same gesture (linked hands) as the casting. It only works on living targets. Note: Technically, this miracle could be cast on any object at all, as the spirits cannot recognise elven nature, goodly or otherwise. However, once the target is infused with the caster's spirit it can be identified, and the spirit will immediately flee unless the target is valid, thus wasting the spirits cast on it.			

Mortai

Righteous Aura			
Level: 8th (10sp)	Alignment: Good	Duration: 15 minutes	Range: Self
Faith: Mortai		Gesture: Clenched fists raised in front of face	
Verbal: "Let the strength of my spirit and my righteous anger strike down foulness wherever I may find it."			
Description: The priest's spirit is concentrated more fully in opposition of undead spirits. For the duration, the priest may not cast any miracle except directly against undead. However, any undead creature of level 5 or below which touches or is touched by the priest is destroyed instantly, costing the priest 3 tblp per level of the undead. Undead of levels greater than 6th take 12 tblp (4 hits) of goodly spiritual damage for each touch. This is a releasable miracle, and does affect the undead.			

Sacred Heart

Broken Heart			
Level: 3sp	Alignment: Good	Duration: One Year	Range: 20'
Faith: Sacred Heart		Gesture: None	
Verbal: <i>"With my dying breath I turn thy sting, that my death not be in vain."</i>			
Description: May only be used on the priest's slayer, as they die, in a manner similar to Curse. This is not a Curse however, but a dying effect. The target will be completely unable to harm any living being while they have a spirit. The only way to be freed from this effect is to receive either the forgiveness of the dead priest, or the forgiveness of the High Priest of the Sacred Heart. This miracle affects the undead.			

St Michael

Sight of the Blind			
Level: 5sp	Alignment: Good	Duration: 15 minutes	Range: Touch
Faith: St Michael		Gesture: Cover recipient's eyes with hand	
Verbal: <i>"Saint Michael in your wisdom show this spirit that your sight is true even in darkness."</i>			
Description: Recipient must be a worshipper of St Michael (either a priest or a Lay Believer). For duration of the miracle, the beneficiary may not see colours, read writing, see two-dimensional pictures or similar. However they gain full spirit-sight, which allows them to perceive spirits even when in walls or when normal vision is blocked by other non-spiritual barriers. It does not allow them to gain other information by spirit-sight, such as size or alignment of spirits. It also grants them the ability to see through spiritual darkness. This is a releasable miracle.			

Servants of Evil

Netherworld's Embrace			
Level: 5sp	Alignment: Evil	Duration: 15 minutes	Range: Self
Faith: Servants of Evil		Gesture: Arms raised in supplication	
Verbal: "Spirits of the Netherworld mark me against their servants"			
Description: No undead will attack the caster unless they are directly controlled to, and will do so as the last option. If the caster attacks/acts directly against (e.g. controls a Ghoul Generator to leave, or similar) undead then this miracle ends instantly. It is not a releasable miracle.			

Shaehan

Shaehan's Mercy			
Level: 4sp	Alignment: Good	Duration: 15 minutes	Range: Touch
Faith: Shaehan		Gesture: Hug recipient warmly	
Verbal: <i>"Shaehan's touch shall soothe your suffering."</i>			
Description: The target, who may not be the caster, receives the benefit of a Cure Wound miracle every minute for the duration of the miracle. However, should the recipient harm any creature whatsoever during this time the miracle is released. This is a releasable miracle, and does not affect the undead.			

The Tryst

Claws of the Imbaiu			
Level: 7th(8sp)	Alignment: Evil	Duration: 15 minutes	Range: Self
Faith: Tryst		Gesture: Make claws of hands	
Verbal: <i>"Mighty Imbaiu masters, lend me your talons that I too may rend the souls of the unwary!"</i>			
Description: The caster's hands are enveloped in a shadowy ethereal force that projects purely spiritual talons from their fingers. These talons inflict 9pt Double, and the caster may use each hand in fighting with them, even if E skill is not possessed. Strength may only be used with these talons if the appropriate ability has been bought post-8th level, and weapon masteries must be acquired specifically with the claws, as they are unique in their usage. This is a releasable miracle, and affects the undead.			

Unity

Unified Strength			
Level: 5sp	Alignment: Good	Duration: 15 minutes	Range: See below
Faith: Church of Unity		Gesture: Link hands in a circle	
Verbal: “Angels of light gather here and let our spirits act as one.”			
Description: The priest and at least two other people who are goodly spirits must link hands in a closed chain. All those who participate in the chain then gain +1 strength (max +2), +1 level of resistance to Evil spirits, and a Spirit Shield. Only goodly people may benefit.			

Talthar

Blessing of the Aspects of Hope			
Level: See miracle	Alignment: Good	Duration: 24 hours	Range: Self
Faith: Talthar		Gesture: Kneel in prayer	
Verbal: “ <i>Spirits of hope I call to thee. Grant me the watching of the aspect of</i> ”			
Description: This is learnt as a 7th level (8 spirit) miracle. The caster chooses one of the aspects of Talthar and draws power from it. This causes them to gain benefits from one of the aspects as per the current guild benefits listed in the Almanac. It costs 4 spirits to gain basic tier, 8 for intermediate and 12 for advanced. The priest may only have this miracle active for one aspect at a time, and may only be cast once per aspect per day. This is a releasable miracle.			

Tsu-Ling

The Tranquil Seas			
Level: 3sp	Alignment: Good	Duration: 1 hour	Range: Touch
Faith: Tsu-Ling		Gesture: Touch targets head	
Verbal: “May your spirit be as calm as the seas when the storm has passed”			
Description: One willing target becomes unable to enter any form of rage (willing or otherwise) for the duration. Additionally they gain purest self-defence restrictions. This is NOT a releasable miracle, and does effect the undead.			

The Forge

The Touch of the Forge			
Level: 8th (14sp)	Alignment: As caster	Duration: 24 hours	Range: Touch
Faith: Forge		Gesture: Pass hands over weapon	
Verbal: “ <i>Spirit of the Forge I ask thee place this weapon in perfect balance, infuse it with the spirits of power.</i> ”			
Description: Causes the chosen weapon to become +0 spirit for the duration. Additionally it counts as Master Status, making it immune to Shatter, Warp, Disintegrate, Melt, Magnetise, Vanish, and all similar effects.			

Priestly Post 8th Abilities

Below are listed all the post 8th development abilities for Priest classes. These replace and supersede all previous versions.

Table 1

[0pts Post 8th Level]

Priestly Innate Miracles

Any Priest may select from this table

Cost: 10 pts / sp / day

Verbal: Full handbook verbal

Gesture: As handbook

Effect: As handbook - includes life point loss

Any Priest may elect to learn some of their miracles innately, such that they can be cast without spirit cost, but still with any associated life point cost. Only standard miracles may be selected by the Priest, and the miracle must be on the priest's miracle list. In a change Spirit Warriors and Wayfinders now buy miracle innates as all other priests do. The relevant miracle trees (for Devotion and designing miracle lists) are below. Miracles which are asterisked are optional and can be ignored.

FORCE TREE	CURING TREE	NECROMANCY TREE	CONTROL TREE	DISMISSAL TREE
Halt	Cure Light	Animate Zombie	ControlL Zombie	Dismiss Zombie
Stasis	Cure Serious	Animate Skeleton	Control Skeleton	Dismiss Skeleton
Spirit Bolt	Cure Disease	Create Ghoul	Control Ghoul	Dismiss Ghoul
Voice Of Power	Heal	Create Mummy	Control Mummy	Dismiss Mummy
Remove Voice Of Power*	Total Heal	Summon Wraith/Wight	Control Wraith/Wight	Dismiss Wraith/Wight
	Regeneration*	Summon Vampire		Dismiss Vampire
	Restore Life			

CAUSING TREE	WARDING TREE	COMMUNICATION TREE	BENEDICTION TREE	DOMINION TREE
Cause Minor*	Prot. from Spirits	Det. Spirits Nature	Temporary Bless	TemporaryCurse
Cause Wound	Spirit Shield	Spirit of Seeing	Bless	Curse
Cause Serious Wounds	Rune of Power	Spirit of See/Hear.	Befriend Spirit	Cause Fear
Cause Disease	Minor Ward	Talk to Spirit	Remove Fear/Para*	Beguile Spirit
Cause Grievous Wounds	Spirit. Invisibility	Detect Lie*	Spiritual Freedom	Spiritual Mastery
Suspend Life	Major Ward	Communication		
Touch of Death		Conceal Lie*		
		Reveal Truth*		
		Greater Communication		

Also see notes on innate Total Heals in the Total Heal Capping section.

Learning New Miracles

Available To: ALL (but see Friar and Grey Warden class restrictions)

Cost: 10pts + (5 / spirit point)

For the above cost, a character may add standard or advanced miracles to their personal miracle list. Each miracle must be purchased separately, and there is no limit to how many may be acquired. Non-standard miracles, if researched, are the same cost.

Priestly Spiritual Acceptance

Available To: 1st-class Spirit Warriors only

Cost: 40pts

This ability causes the Spiritual Warrior to count as a 0 spirits per level priest allowing them to use and benefit normally from Spirits and Extra Levels of Spirits acquired. Becomes fully restricted to sharp weapons as per normal priest.

Utilise Shield

Available To: Armoured Priest

Cost: 30pts

Grants the priest the ability to use a Shield of any allowed size.

1/2 Level Loss "Miracle"

Available To: ALL

Cost: 30pts

Character only losses ½ level when casting Animate Life, Restore Life, Touch of Death, or similar miracles. This must be purchased once for each miracle (e.g. an evil priest could buy it for Touch of Death and Animate Life).

1/3 Level Loss "Miracle"

Available To: ALL

Cost: +30pts

From 1/2 level loss: Now only losses 1/3rd of a level when casting Animate Life Restore Life, or Touch of Death.

Undead Visage

Available To: Evil Priest

Cost: 50pts

Discerns as a particular standard undead at all times (even if not) if the character is actually undead this ability cannot be used.

Ranged Discerns

Available To: ALL

Cost: 10pts*

Bought per discern this increases the standard priestly discerns to Line of Sight but not Recognise Spirit or Discern Nature of Wounds.

Ranged Discern Nature of Wounds

Available To: ALL

Cost: 20pts

Discern Nature of Wounds Range increased to 20'.

First Extra Level of Spirits

Available To: ALL

Cost: 40pts

Grants the priest an extra level of spirits, with a minimum however of 4 (i.e. pure priests gain 5, hospitallers 6 all other classes 4). Note that if it is a character without spirit points normally, these spirits can only be used on making scrolls and items, not on adventure (however see Spiritual Choice below). Shamans count as Pure Priests for the calculation of spirits from Extra Level of Spirits

Second Extra level of Spirits	
Available To:	Cost: +45pts
From First Extra Level of Spirits: Exactly as the first extra level which must be purchased first i.e. a minimum of 8 spirits total.	

Discern Associated Spirits	
Available To: ALL	Cost: 20pts
Reveals to the priest the number of associated spirits they have remaining.	

Discern Poison	
Available To: ALL	Cost: 30pts
Reveals to the priest if there is poison within a target with a spirit.	

Remember Unknown Undead Type	
Available To: ALL	Cost: 30pts
Allows the priest to remember ‘unknown’ undead types, at a basic level this will reveal all published undead, and other undead names are revealed if the priest has previously discovered the name, they may wish to keep a list to help.	

Minority Spheres	
Available To: Any	Cost: 50pts
Rather than taking a major Sphere in a single tree may instead gain all minor Spheres and a maximum of 1 published major Sphere miracle from each standard Sphere. Miracle must still be appropriate to casters alignment.	

Witch – Spirits	
Available To: 1st Class Witch	Cost: 40pts
This ability grants the Witch a base of 4 spirits per level however may no longer use the Cudgel – becomes a non-weapon using priest.	

Words of the Gods	
Available To: Any	Cost: 40pts
Allows the priest to slightly change their verbals to call upon their deity or patron. The miracle must still be obvious and close to the published verbal.	

Gauge Spirit	
Available To: ALL	Cost: 40pts
As Recognise Spirit but also reveals spirit size (see Spirit of Seeing miracle for definitions) and number of spirits present within Range. Still has 1” Range.	

Table 2

[200pts Post 8th Level]

1/4 Level Loss “Miracle”	
Available To: ALL	Cost: +35pts
From 1/3 level Loss: Now only losses 1/4 of a level.	

Trust of the Planes	
Available To: Grey Warden	Cost: 20pts
May now acquire 8th level miracles.	

Trust of the Spirit Realm	
Available To: Hermit Priest	Cost: 15pts
Now gains the ‘free’ 8th level miracle as appropriate to existing miracle list.	

Make Healing Balm	
Available To: Hospitaller	Cost: 30pts
Grants the ability to Make Paladinic Healing Balm	

Discern Insanity	
Available To: ALL	Cost: 10pts
Touch Range will reveal if the target with a spirit is Insane YES / NO	

Ranged Discern Insanity	
Available To: ALL	Cost: +20pts
Increases the discern Range to 20’	

Enhanced Discern Nature of Wounds	
Available To: ALL	Cost: +20pts
From Ranged Discern Nature of Wounds: Discern Nature of Wounds is now Line of Sight	

Discern Own Priestly Church Member	
Available To: ALL	Cost: 10pts
Spiritual informational effect with a 20’ Range, which reveals if the target is a member of the same Church as the user. Useable at will.	

Discern Other Priestly Church Member	
Available To: ALL	Cost: 20pts*
Spiritual informational effect with a 20’ Range, useable at will. Bought per Church.	

Spiritual Facility 1	
Available To: ALL	Cost: 100pts
No damage casting miracles from 1st to 4th level.	

+1 Max AC	
Available To: ALL	Cost: 60pts
Max AC is increased by 1 to +1 [total]. Maximum 12.	

Third Extra Level of Spirits	
Available To: ALL	Cost: +50pts
From Second Extra Level of Spirits: Exactly as the second extra level which must be purchased first i.e. a minimum of 12 spirits total	

Spiritual Choice	
Available To: Spirit Warriors and Wayfinders only	Cost: 60pts
Extra levels of spirits purchased can be assigned to miracle innates at the beginning of each adventure, of miracles on the character's miracle list only. Once all three extra levels of spirits are bought may begin each adventure with 12 spirits of miracle innates chosen at that time. This also applies to spirits gained from other sources (e.g. Bound Spirits or similar).	

Change Priestly Class	
Available To: ALL 1st-class bar Witches, Friars, Shamans, Grey Wardens & Guardians of the Balance. *	Cost: 60pts
This changes the character's class one step along the path of pure->armoured->warrior->battle->crusading->spirit warrior, in either direction. For example, a Spirit Warrior could become a Crusading priest through one purchase of this ability. It should be noted that all abilities are now as the new class, and any abilities previously purchased which are not available to the new class can no longer be used – the points are effectively wasted.	

Defensive Technique	
Available To: ALL Non-weapon wielding	Cost: 60pts
May now use a staff for the purpose of parrying only. May not inflict damage with this, but may buy Distancing Combat related abilities for use in conjunction with this ability. This staff may be used to draw wardings such as Protection from Spirits without penalty.	

Table 3

[250pts Post 8th Level]

Immunity to 'Spirits of Miracle' of Own Alignment	
Available To: ALL	Cost: 100pts
This ability means that the priest is not harmed/detrimentally affected by animate Spirits of Miracle of his own alignment. For example, an Evil priest would be immune to the damage caused by a Spirit of Causing. This ability refers only to animate Spirits of Miracle played by a monster, not to any other form of those miracles.	

Resistance to Victim's Revenge	
Available To: ALL 1st Class	Cost: 40pts*
Gains half previous effect from Victim's Revenge.	

Slayer
Available To: Evil Priest Cost: 80pts
May permanently kill any already dead target in such a manner that a spiritual restore life will not work. Though a mantic one would, but costs twice as much restore life chance. Has a range of touch and takes 10 seconds concentration/ritual to use.

Neutrality to Lesser Undead
Available To: Evil Priest Cost: 100pts
Grants neutrality to undead 5th level and below. Meaning they may not attack the priest and vice-versa.

Ward Knowledge
Available To: ALL Cost: 40pts
Spiritual informational effect with a 1” Range. Will discern a Ward of Power or Protection from Spirits. Reveal if it is a Minor or Major Ward of power, Protection from spirits, or other “Warding line” (Bar spirit etc.). Non-Standard warding miracles are revealed at ref’s discretion.

Table 4

[275pts Post 8th Level]

Discern Own Remaining Spiritual Innates
Available To: ALL Cost: 30pts
Spiritual informational effect that reveals to the priest the amount of spiritual innates remaining to them.

Weapon Mastery Pure
Available To: ALL Cost: 40pts
Grants +1 weapon mastery in one class [e.g. Swords/Maces] of pure spirit weapons.

+2 Max AC
Available To: ALL Cost: 70pts
From +1 Max AC: Max AC is increased by 1 to +2 [total]. Maximum 12

Resistance to Lack of Faith
Available To: ALL Cost: 75pts*
Resistance to Lack of Faith miracle.

Repel Undead
Available To: ALL Cost: 30pts* Max: 3
1/Day may repel all undead in the priest’s front arc away up to 20’ or until a solid wall etc is met.

Greater Invoke Evil
Available To: 1st Class Evil Priest Cost: 50pts
Invoke Evil when cast inflicts 72/12 from 36/6.

Devotion I

Available To: ALL 1st Class

Cost: 80pts

This ability allows the priest to specialise in one of the miracle ‘trees’ listed above. If they choose to do so, they may not have any Major Sphere miracles other than those that fall within that Sphere – the only exception to this is the control undead tree, which if chosen does not prevent the priest from acquiring a Sphere as normal. The priest may buy one miracle from that tree at half-cost for each points threshold the priest has achieved – for example, with Devotion: Healing a priest on table 8 could buy 8 Total Heal miracles for 30 points each, rather than 60.

May not possess Devotion II.

Devotion II

Available To: ALL 1st Class

Cost: 80pts

This ability allows the priest to specialise in one of the miracle ‘trees’ listed above. If they choose to do so, they may not have any Major Sphere miracles other than those that fall within that Sphere – the only exception to this is the control undead tree, which if chosen does not prevent the priest from acquiring a Sphere as normal. The priest may buy one of each innate on the ‘tree’ at half-cost, for each points threshold achieved. However, the entire tree must be bought once before any miracle on it can be bought again. For example, a priest on Table 8 with Devotion: Healing could buy up to eight of every miracle from Cure Wound to Restore Life at half-cost, but would have to buy one of each before he could buy a second of any, and so on. Asterisked miracles may be skipped on each time round the tree or purchased as desired.

May not possess Devotion I.

Spirit Link

Available To: ALL

Cost: 80pts

The priest is aware of the death of any member of their priestly guild, the current location of the dead body and the approximate circumstances of the death. This is a spiritual informational effect. During an adventure, the ref should inform the character if a guild-member dies as soon as it happens. Off-adventure, the player must actively use this ability by investigating whether a particular character is dead and asking the character’s player; alternatively, with the guild-master’s permission it can become an open guild benefit and be listed in the Companion.

Summon Minor Angel

Available To: ALL Goodly

Cost: 150pts* (Max 3)

This allows the priest to call forth a minor angel of the same faith as the priest, which will aid the priest as best it can for a short time. The Angel remains for 15 minutes or until slain, and has 12 spiritual Hits. It arrives with a purely spiritual bastard sword with which it inflicts damage by weapon type. It sheds spiritual light in a 10’ radius around it, and fears all Evil creatures of 3rd level and below on sight if desired. This includes intelligent undead such as ghouls. The Angel can walk through non-spiritual walls at will, with a 2-second disorientation period on leaving a wall as a Wraith has. It is incapable of performing anything the ref considers an Evil act. It has 12 Goodly spirits which it can cast on any goodly miracle on the summoner’s guild miracle list, or they should they not belong to a priest guild, on any ‘standard’ goodly miracle. Angels may also cast protection from spirits but only vs. Evil. They have 8th level resistances, and see with active spirit-sight (only).

Embody Minor Angel

Available To: ALL Goodly

Cost: 200pts

This allows the priest to call a minor angel directly into him, transfiguring his form to become that of the angel. For 5 minutes, the user gains use of the angel’s 12 spirits, sheds spiritual light and fears Evil of up to 3rd level, and may walk through walls, all as the Summon Minor Angel ability above. They become purely spiritual, suffering only spiritual damage, for this duration, and see with spiritual sight. While so Embodied, they are vulnerable to an effect such as Hand of Putrefaction that destroys angels.

Summon Abishai	
Available To: ALL Evil	Cost: 150pts* (Max 3)
This allows the priest to call forth a minor abishai of the same faith as the priest, which will aid the priest as best it can for a short time. Abishai are dark, demonic angels of evil faiths, shadowy creatures with bat-wings. The Abishai remains for 15 minutes or until slain, and has 12 spiritual Hits. It arrives with a purely spiritual bastard sword with which it inflicts damage by weapon type. It fears all Goodly creatures of 3rd level and below on sight if desired. The Abishai can walk through non-spiritual walls at will, with a 2-second disorientation period on leaving a wall as a Wraith has, and can shadow shift once without verbal, from any point of dense shadow to any other point within sight. It is incapable of performing anything the ref considers a Goodly act. It has 12 Evil spirits that it can cast on any evil miracle on the summoner's guild miracle list, or they should they not belong to a priest guild, on any 'standard' evil miracle. Abashai may also cast protection from spirits vs. good only. Should the abishai perform a Touch of Death the summoner suffers the level-loss, not the angel. They have 8th level resistances, and see with active spirit-sight (only). They are considered daemon-kind.	

Embody Abishai	
Available To: ALL Evil	Cost: 200pts
This allows the priest to call an abishai directly into him, transfiguring his form to become that of the creature. For 5 minutes, the user gains use of the abishai's 12 spirits, fears Good of up to 3rd level, and may walk through walls, all as the Summon Abishai ability above. They may shadow shift once. They become purely spiritual, suffering only spiritual damage, for this duration, and see with spiritual sight. While so Embodied, they are vulnerable to an effect that would destroy demons.	

Summon Spirit Weapon	
Available To: ALL	Cost: 150pts*
Summons a +1 purely spiritual one-handed weapon of choice, which lasts for one hour and can be used by anyone capable of using neutral spirit items.	

Summon Good / Evil Spirit Weapon	
Available To: ALL Good / Evil	Cost: 150pts*
Summons a +0 purely spiritual one-handed weapon of choice, which is +2 versus spirits of the opposite alignment. It lasts for one hour, and can be used by anyone capable of using good / evil spirit items.	

Table 5

[450pts Post 8th Level]

Discern 'Spirit of Miracle'	
Available To: ALL	Cost: 40pts
Allows the priest to discern whether a creature is an animate 'Spirit of Miracle' or not, at a Range of 20'. If the target is one such, the name of the miracle is given. It does not identify other spirits, of any sort.	

Finding Faith	
Available To: Hermit Priests	Cost: 40pts
Aligns to a spiritual professional guild, loses hermit miracle list, gains guild miracle list, is now a priest not a hermit priest. Alignment may change by one step in the process, to match the alignment of the guild.	

Discern Meditation Status	
Available To: ALL	Cost: 40pts
Tells discerning Priest if another Priest is meditating and how long it is until the next influx of spirits.	

Discern Demonkind	
Available To: ALL	Cost: 25pts
Spiritual informational effect that reveal if the target is a Demonkind. 20' Range Yes / No.	

Defence Against Goodly Spirits	
Available To: Evil Priest	Cost: 60pts* (Max 2)
Grants +1 SAC versus good spirit sources only.	

Defence Against Evil Spirits	
Available To: Goodly Priest	Cost: 60pts* (Max 2)
Grants +1 SAC versus Evil Spirits.	

1/2 Level Loss (Curse of Unliving))	
Available To: Evil Witch	Cost: 40pts
½ Level loss casting Curse of the Unliving	

Cursed Vengeance	
Available To: Evil Witch	Cost: 70pts
Upon the Witches death an evil spirit rises up – It may cast permanent Curse at will, and is only defeated by a Bless from a Goodly Witch or a Hospitaller. Otherwise it will remain for a maximum of 15minutes.	

Ritual Preparation	
Available To: ALL	Cost: 50pts
Grants the priest a 100% chance of making a normal scroll.	

Aware Meditation	
Available To: ALL	Cost: 60pts
May perceive from eyes and may elect to end meditation early. May perform simple tasks in this time that do not involve significant movement (Eat dinner, read etc.) but may not talk or move.	

Spiritual Scribe	
Available To: 1st class non-weapon using priest	Cost: 40pts
1st-3rd level Scriptures of the Faith do not count towards scripture cap.	

Table 6

[600pts Post 8th Level]

Proficient Cure Wound	
Available To: Minor Healing Sphere	Cost: 20pts
Cure Wound may now be spread as desired by the caster.	

Proficient Cause Wound	
Available To: Minor Causing Sphere	Cost: 20pts
May now hang a one handed Causing miracle on each hand.	

Forced Dismissal	
Available To: Minor Dismissal Sphere	Cost: 20pts
No longer requires a solid object to back the undead up against when casting dismissal miracles. Before the “Spirit of Evil begone!” part of the verbal the use of this ability is declared with the phrase “Spirit of Evil fly from this Place!”. Note the priest must still close within 9ft to complete the miracle.	

Dark Knowledge	
Available To: Minor Necromancy Sphere	Cost: 20pts
Standard Handbook undead when summoned are now under the summoner’s control for twice as long as published.	

Written Knowledge	
Available To: Minor Communication Sphere	Cost: 20pts
Grants the skill Read Languages, see the scout book At The Sharp End for further information on this skill.	

Knowledge of Dominion	
Available To: Minor Dominion Sphere	Cost: 20pts
Will reveal the level of effects of an identified spiritual domination effect.	

Knowledge of Possession	
Available To: Minor Benediction Sphere	Cost: 20pts
Discern Spiritual Mastery will also now reveal Beguiles and other spiritual domination effects, e.g. Voice of Power.	

Reaching Force	
Available To: Minor Force Sphere	Cost: 20pts
Range for Halt and Stasis is now 20’.	

Passing Time	
Available To: Minor Warding Sphere	Cost: 20pts
Reveals to the priest the remaining duration on a Warding Sphere miracle. Range 1”.	

Table 7

[650pts Post 8th Level]

Spiritual Empower Weapon	
Available To: ALL	Cost: 450pts
1st-class or Pathed priests only	Cost: 350pts
1st-class Spirit Warriors only	Cost: 300pts
Makes any one O or B class weapon +0 spiritual and of the alignment of the priest, while held.	

Spiritual Invigorate Armour	
Available To: Armoured Priests only	Cost: 100pts
Each location where master crafted armour is worn gains SAC equal to half the PAC granted by the armour, and if at least four locations are covered the SAC is also applied versus damaging non-blow effects such as Cause Grievous Wounds or Spirit Bolt.	

Spiritual Empower Armour	
Available To: ALL 1st Class	Cost: 100pts
Any Master Crafted Armour worn counts as +0 spiritual, thus applying at its full PAC value against purely spiritual weapon blows.	
Non-first class priests for 150pts may acquire this ability on Table 9.	

Spiritual Empower Shield	
Available To: ALL 1st Class	Cost: 80pts
One shield whilst carried counts as +0 spiritual, thus is able to block purely spiritual weapon blows and similar.	
Non-first class priests for 120pts may acquire this ability on Table 9.	

Spirit Sense	
Available To: ALL	Cost: 60pts
Whenever a creature with a spirit is moving unseen in the priest's rear arc the priest is aware of their presence. This covers creatures shifting, walking through walls, chameleoned, and so on. It does not include creatures moving normally but which the priest happens not to have noticed. The priest will feel generally uncomfortable whenever a creature fits the above descriptions, and be aware that there is a presence behind them. The onus is on the player, not the ref or monster, to make use of this ability by role-playing their feelings appropriately.	

Doubled Meditation Rate	
Available To: ALL	Cost: 50pts
When meditating for spirits, the character regains 2 per 15 minutes rather than 1.	

Active Spirit Sight	
Available To: ALL	Cost: 50pts* Max: 3
Grants one 5 minute uses per day of fully active spirit sight. Active spirit sight allows the user to see spirits of all sorts, even through solid physical objects. They are able to see the size and alignment (colour) of these spirits, and can recognise the presence of associated spirits (spirit points possessed by a priest). Even in complete darkness they are able to see spirits, if nothing else. Only spiritual darkness would prevent this.	

Facility (Major Sphere)	
Available To: Priest with a Major Sphere	Cost: 100pts
The priest takes no damage casting miracles of their Major Sphere, including the appropriate miracle tree. If multiple Major Spheres are owned, this ability must be bought for each independently.	

Greater Aware Meditation	
Available To: ALL 1st Class	Cost: +80pts
From Aware Meditation: May now choose to be active during spiritual mediation – However the meditation will end if the Priest casts another miracle, moves faster than a slow walk, makes an attack, uses any ability, or suffers any damage. In addition the Priest may not leave the location in which the ability was triggered, without breaking the meditation. A location in this case would be a 30' radius from the mediation point. At any rate the meditation gained in this manner may not exceed x5 [+4 Increases].	

Path of Purity / Depravity	
Available To: ALL Good / Evil	Cost: 25pts
Allows the priest to 'path' see the Evolution: Classes for further details.	

Enhanced Dying Curse of Unhealing	
Available To: Evil Witch	Cost: 25pts
It now requires three different Goodly 8th level Witches to cast Bless to remove it.	

Laxity	
Available To: Friar	Cost: 30pts
The Friar is reduced to only 2 sp per level, and may not cast 7th or 8th level miracles, but he may not be excommunicated by the guild master of his spiritual guild (though the guild master may ask the deity (club management) to do so) and he counts as neutral for the purposes of any spell or miracle damaging effect (not for any other purpose).	

Voice of Reason	
Available To: Hospitaller	Cost: 40pts*
May stop any one fight 1/day if the character has preached for previous 10 seconds. Acts as a mass Stasis miracle of 10th level, but affects creatures such as undead as well. If the Hospitaller has pathed to at least 6th level then the effect is mantic as well as spiritual.	

Spiritual Facility 2	
Available To: ALL	Cost: +120pts
From Spiritual Facility 1: No damage casting miracles from 5th to 7th level. (From 1st to 4th).	

Fortified Spirit	
Available To: ALL	Cost: 40pts
Priest cannot be raised as Undead unless willing.	

Chosen of the Faithful	
Available To: ALL	Cost: 50pts
Grants +2 DAC – this DAC does not stack with any Bless / Curse / Watching / Awareness style ability	

Wisdom in the Scriptures	
Available To: ALL	Cost: 80pts
This requires an excellent ‘religious’ text that contains details on, as a minimum, all miracles on the priest’s base list, with the verbals written in spiritual runes. If at least 10seconds per miracle level is spent preparing the reading from the book, then the next immediate casting at the end of the preparation of the miracle is at -1 spirit. This reduction is non-cumulative with any other reduction, or increase in effect, and to a minimum of 1 spirit. This preparation is cumulative with any other such as that used for Total Heal.	

Assess Spirit (Previously Identify Spirit)	
Available To: Major Sphere Communication priests or any priest post 6th Scholar.	Cost: +50pts
From Gauge Spirit & Discern Spirit of Miracle: As Gauge Spirit but also reveals miracle name(s) present, if any.	

Fetch Spirit	
Available To: Tribal Shaman	Cost: 75pts*
Each Fetch Spirit counts as an additional tribe member for the calculation of the Shaman’s spirits ONLY. *The “Fetch” cap is limited at 3+ 1 per 3 full tables post 8th. Included in this cap are those that count as additional tribe members, over and above themselves. For example the post 8th tables ability “Count as an Additional Tribe Member...” would count towards the Shamans Fetch cap if they purchased it.	

Flow of the Divine	
Available To: 1st Class Priest	Cost: 60
With 15 minutes eyes closed meditation (Cannot be using Aware or any similar enhancements) gains the benefits of a full hours meditation. May not regain spirits except via supreme sacrifice (or similar) for 3 hours after using this even if the meditation was unsuccessful. Usable 1/day	

Power Mastered (Stage One)	
Available To: 1st Class Priest	Cost: 150
From Major Sphere. May now cast a single unenhanced standard miracle of up to 3rd that falls within the priest's major Sphere 1/hour for no spirits. The Sphere must be chosen when this ability is purchased and can only be bought once even if the priest has multiple Spheres. Must be able to cast the miracle normally.	

Table 8

[1,000pts Post 8th Level]

Hand of Putrefaction	
Available To: ALL Evil	Cost: 75pts*
Destroys one Angelkind by touch per day, costing the user 10 tblp per resistance level to evil spirits of the Angelkind. Should this damage kill the user, they die permanently and can only Rebirth. Damage is only suffered if the target dies.	

Hand of Purification	
Available To: ALL Goodly	Cost: 75pts*
Destroys one Undead by touch per day, costing the user 10 tblp per dismiss level of the undead. Should this damage kill the user, they die permanently and can only Rebirth. Damage is only suffered if the target dies.	

Avenging Spirit	
Available To: ALL	Cost: 80pts
Should the priest be slain, their slayer is immediately slain spiritually as their spirit avenges its death.	

Divine Guidance	
Available To: ALL	Cost: 130pts
The priest's spiritual powers now always work as normal regardless of the priest's location. In other words, the priest never suffers penalties to their use of spiritual power solely because of where they are – other things may of course interfere with their powers.	

Monk Locational Curing 1/3	
Available To: 1st class Goodly Priest	Cost: 80pts
This skill allows the Priest to cure a certain amount of locational damage on himself, or on others. The total curable in this way is 1/3rd of the Priest's tblp per day. Thus a Monk with 60tblp could cure 20pts of locational damage. Monk locational curing and similar abilities require a certain amount of time to successfully apply. Not more than 2 points per second can be administered, and during this time both the giver and the recipient must be otherwise inactive (not in a fight, for example).	

Monk Locational Curing 2/3	
Available To: 1st class Goodly Priest [non-weapon using]	Cost: +60pts
From Monk Locational Curing 1/3: Amount of locational curing available is increased to 2/3rds of the Priests tblp.	

Monk Locational Curing 3/3	
Available To: 1st class Goodly Priest [non-weapon using]	Cost: +60pts
From Monk Locational Curing 2/3: Amount of locational curing available is increased to 3/3rds of the Priests tblp.	

Immunity to Bruising Using SAC	
Available To: ALL 1st Class	Cost: 40pts
Grants immunity to bruising using SAC and Immunity to Powercast.	

Deception	
Available To: Evil Priest	Cost: 30pts*
May lie to one spiritual informational miracle or effect.	

Life Giver	
Available To: Hospitaller	Cost: 60pts
May negate the effects of a Slayer style ability whilst casting a normal Restore to Life miracle.	

Immunity to all Informational Spiritual Effects	
Available To: ALL	Cost: +60pts
From Immunity to Informational Miracles: Is now immune to spiritual informational effects, such as discern nature of wounds. Rec Spirit still gives yes/no answer. Does not grant immunity to Spiritual Sight would stop any information from being gathered in such a way.	

Hand of Purification / Putrefaction Stamina	
Available To: ALL	Cost: 35pts*
Grants +6 tblp casting stamina solely for the purpose of the use of Hand of Purification / Putrefaction.	

Wound Weaver	
Available To: Major Sphere Causing (May not acquire Channel Spirits of Harm)	Cost: 60 pts
May hold Causing miracles on hands as long as desired, as long as hands are kept open and upwards, and no other Causing miracles are cast. Additionally, Causing miracles no longer discharge on self if the priest touches his own body, unless desired.	

Channel Spirits of Harm	
Available To: Major Sphere Causing (May not acquire Wound Weaver)	Cost: 60pts
If the Priest is using a spiritual weapon, they may treat that weapon as one hand (if O class) or 2 hands (if B Class) for the purpose of touching a target of their causing Sphere and tree miracles.	

Hope's Shield	
Available To: Major Sphere Dismissal (May not acquire Focused Dismissal)	Cost: 40pts
Resistance to dying effects of Undead – may choose to fall unconscious for 5 minutes rather than suffer the effects. If additionally possesses the tables ability Resistance to Dying Effects, becomes completely immune to undead dying effects, not even needing to fall unconscious.	

Focused Dismissal

Available To: Major Sphere Dismissal (May not acquire Hopes Shield)

Cost: 40pts

When casting a dismissal miracle the casting is not broken if the caster takes damage and Undead dismissed on their 'home plane' are instead destroyed, completely permanently slaying them.

Dark Potence

Available To: Major Sphere Necromancy (May not acquire Depraved Cunning)

Cost: 80pts

Undead raised by this character gain the first grade of strength, adding to the damage they inflict in combat as well as their carrying capacity.

Depraved Cunning

Available To: Major Sphere Necromancy (May not acquire Dark Potence)

Cost: 60pts

Undead raised by this character are not released on the characters death. In addition, all undead raised have improved abilities for speech, with skeleton and zombie type undead being able to speak single words in response to prompts, ghouls and mummies able to use short sentences in a broken way, and wraiths and above being able to speak properly.

Injunction

Available To: Major Sphere Communication (May not acquire Shielded Enquiries)

Cost: 60pts

If a target is altering the results of a communication miracle or spiritual informational effect (e.g. Conceal Lie, Deception, but NOT immunity to informational miracles) then the referee should inform the priest that 'something is wrong' with the answer given.

Shielded Enquiries

Available To: Major Sphere Communication (May not acquire Injunction)

Cost: 60pts

If the priest would have been subject to a disbeneficial supernatural effect from a third party as the direct result of, and triggered by, the casting of a communication Sphere or tree miracle, then the priest takes only 50% damage, has his level of resistance doubled, or may simply choose to ignore the effect and fall unconscious for 5 minutes.

Structured Demesne

Available To: Major Sphere Warding (May not acquire Spiritual Resilience)

Cost: 50pts

Warding Sphere or tree miracles which are cast by the priest, and which are level-based, have the level of their effect increased by one.

Spiritual Resilience

Available To: Major Sphere Warding (May not acquire Structured Demesne)

Cost: 50pts

All miracles which grant armour class grant an additional point of armour class when cast on self by the priest. Spirit Shields, Shields against the Dark and Greater Spirit Shields have their numerical effect increased by 1/3, protecting against 24pts or 48pts of incoming spiritual attack respectively, when cast by self on self.

Prayer to Aid

Available To: Major Sphere Healing (May not acquire Wise Healer)

Cost: 120pts

Healing tree and Sphere miracles of up to 4th level may be 'prepared' by spending 10 seconds per spirit point in prayer with the recipient while in a calm environment, in which case the miracle's effect is increased by 1/3 (Cure Wound heals 8pts, etc.). This increase is non-stacking with all other increases in effect.

Wise Healer

Available To: Major Sphere Healing (May not acquire Prayer to Aid)

Cost: 60pts

At will may discern what effect any Healing tree or Sphere miracle will have on the target's wounds, if any. For example, half-elves receive half-effect, permanent damage cannot be cured, spirits of causing are slain by a Total Heal, and so on. Additionally, should any healing miracle cast be discharged on a target and have no effect the priest loses no spirits. This includes Restore Life. The discern is a spiritual informational effect, and can be used in the spirit above a body.

Focused Aggression

Available To: Major Sphere Force (May not acquire Stunning Power)

Cost: 80pts

Damaging Force Sphere miracles may be shouted at top of voice, in which case they additionally cause a Repel to any affect target, throwing them back 10'.

Stunning Power

Available To: Major Sphere Force (May not acquire Focused Aggression)

Cost: 60pts

Non-damaging Force Sphere miracles stun the target for 4 seconds as per a halt or until struck, even if the target was immune to the miracle. This does not apply if the target had no spirit, or those that are racially unaffected by the miracle as opposed to immune (e.g. Halt on an Undead). Immunity to Halt, and similar apply to this. It should be noted however this prevents the use of a warcy against the initial effect unless the target is somehow immune to the halt, or reduces its duration below 2 seconds.

Blessed Being

Available To: Major Sphere Benediction (May not acquire Watched Over)

Cost: 90pts

The priest is now blessed at all times, in the manner of a paladin. All non-supernatural objects they carry are also considered Blessed, have spirits, and are immune to non-spiritual effects which would destroy them. Should the priest buy the tables ability Immunity to Blesses and Curses, it instead becomes 'Immunity to Detrimental Blesses and Curses only'.

Watched Over

Available To: Major Sphere Benediction (May not acquire Blessed Being)

Cost: 175pts

Whenever the priest suffers any non-damaging effect to which he possesses a miracle which removes it, he may choose to instantly 'have cast' the miracle on himself, losing life and spirits as normal but requiring no verbal. This applies to Insanity, Fear, Paralysis, Level Drain, Disease, Spiritual Mastery, Beguile, Freeze, and similar effects if and only if the priest is capable of casting a suitable miracle to remove it. This would not include Spiritual Invisibility, or other miracles that might indirectly remove the effect – only direct 'counters' are covered. If there is any doubt as to whether this ability can be used against a particular effect, assume that it cannot be.

Mastery

Available To: Major Sphere Dominion (May not acquire Self-Mastery)

Cost: 60pts

For 6 TBLP the priest may infuse any spoken command with power so that it is considered as if the target is Spiritually Mastered for that command only, at 1 level of effect – i.e. only 1st level characters and creatures are affected. Additionally, they must be capable of understanding his words. The effects of this command last at most 5 minutes, or until the command is fulfilled, whichever is less. During this time they do discern as Spiritually Mastered, and are freed by Spiritual Freedom.

Self-Mastery

Available To: Major Sphere Dominion (May not acquire Mastery)

Cost: 80pts

Is immune to all Dominion sphere and tree miracles only – not effects which duplicate them or similar but only the actual miracles themselves. This does not affect Dominion miracles cast on self by self.

Summoned Weapon Division	
Available To: ALL	Cost: 90pts
The table 4 Summon Spirit Weapon or Summon Aligned Spirit Weapon may now be used in 8 blocks of 5 minutes if preferred.	

Pure Meditation	
Available To: ALL	Cost: 30pts
When meditating for spirits base amount gained for a full hour is increased to 7.	

Walk through Floors	
Available To: All	Cost: 60pts* Max 3.
Enhances one active walk through walls so that it allows travel through the floor as well usable 1/day and lasts a maximum of 5 minutes even if the walk through walls lasted longer.	

Table 9

[1,500pts Post 8th Level]

Spiritual Empower Armour	
Available To: ALL	Cost: 150pts
Any Master Crafted Armour worn counts as +0 spiritual, thus applying at its full PAC value against purely spiritual weapon blows.	

Spiritual Empower Shield	
Available To: ALL	Cost: 120pts
One shield whilst carried counts as +0 spiritual, thus is able to block purely spiritual weapon blows and similar.	

Empathic Healing	
Available To: ALL Goodly	Cost: 150pts
May transfer damage from touched target to self at the cost of 2pts to Priest for each 1pt from target. This is considered goodly spiritual healing and will not affect undead. Requires 2 seconds of contact for each 6 points of damage cured (and 12 received). Permanent damage may not be 'transferred' with this ability. Priest may choose to heal only locational damage, only tblp, or both, as desired, and receives the same sort of damage that is cured, to the same locations if appropriate.	

Passive Spirit Sight	
Available To: ALL	Cost: 100pts
Allows the priest to use Recognise Spirit on any creature or object that he can physically see. For example, a priest could look into a chapel and immediately see that the altar was spiritual, while the pews were not. It does not do anything else. 'Passive Spirit Sight' should be called, rather than just 'Spirit Sight', to distinguish between active and passive spirit sight.	

Purity of Being	
Available To: ALL	Cost: 100pts
The Priest gains one Resistance to Avenging Spirit, Immunity to Dying Curses and other dying effects, as per the standard tables resistances. If the priest ever deliberately inflicts damage in any way, whether by blow, by miracle or by any other means, this ability is lost and the points wasted.	

Word of Recall	
Available To: ALL 1st class	Cost: 125pts
Available To: 1st class Wayfinder	Cost: 100pts
Grants an innate Word of Recall 1/day. See the advanced miracle for further details.	

Utilise Balm	
Available To: Goodly non-weapon using	Cost: 40pts
Grants the priest the ability to fully Utilise Paladinic Healing Balm.	

Spiritual Facility 3	
Available To: ALL	Cost: +50pts
From Spiritual Facility 2: No damage casting miracles of 8th level (10spirits plus) from 5th to 7th level.	

Lay on Hands	
Available To: Hospitaller	Cost: 10pts*
Grants, per purchase, 6pts of Paladinic Lay on Hands curing. This may be purchased a maximum of 6 times.	

Fourth Extra Level of Spirits	
Available To: ALL	Cost: +60pts
From Third Extra Level of Spirits: Only acquirable by priests with either the tables ability Devotion, in which case it grants spirits only for use with the sphere devoted to, or those that have reached Level 6 Devout Priest, when the spirits are freely useable.	

Angelic / Abishai Savant	
Available To: ALL	Cost: 40pts
Any standard Angel or Abishai summoned by the priest now automatically gain all standard priestly discerns and may use any published miracle of the appropriate alignment that the summoner possesses.	

Focused Wisdom in the Scriptures	
Available To: ALL 1st Class	Cost: 120pts
From Wisdom in the Scriptures: The text must contain details and spiritual writings about any miracle to which the benefit is to be gained. With the appropriate preparation time spent, as above, the reduction for miracles within the priests 1st major sphere is increased as follows.	
1st-4th level miracles: -1 spirit [minimum 1]	
5th-7th level miracles: -2 spirits	
8th level miracles: -3 spirits	
Any miracles not of this major sphere cost 1 additional spirit to cast at all times, though this may be countered by the use of the basic tier of this ability.	

Enhanced Weapon Mastery	
Available To: ALL	Cost: 75pts
Grants a Second Mastery from First in a single weapon type.	

Enhanced Empower Weapon	
Available To: All 1st Class	Cost: +100pts
From Empower Weapon: Empowerment now applies to a second weapon used.	

True Force	
Available To: 1st Class Major Sphere Force	Cost: 120pts
All Force tree and Sphere miracles are now cast at a BASE of 9th level (from standard base of 8th).	

True Dominion	
Available To: 1st Class Major Sphere Dominion	Cost: 120pts
All Dominion tree and Sphere miracles are now cast at a BASE of 9th level (from standard base of 8th).	

Power Mastered (Stage two)	
Available To: 1st Class Priest	Cost: +100
From Power Mastered Stage one: May now cast the miracle 1/30 minutes.	

Table 10
[3,000pts Post 8th Level]

Tripled Meditation Rate	
Available To: 1st-Class Priests only	Cost: +100pts
From Doubled Meditation Rate: Now regains 3 spirits per 15 minutes of meditation.	

Dedicated Power	
Available To: 1st-class Pure and Armoured Priests in priest guild only	Cost: 125pts
Base spirits per level are now increased by one, from 5 to 6 or 4 to 5. If the character is ever excommunicated they die permanently.	

Enhanced Avenging Spirit	
Available To: ALL	Cost: +50pts
From Avenging Spirit: Avenging Spirit is now enhanced so that even if the slayer possesses resistance, they additionally take 36/6 spiritual damage un-reducible by any means, and a permanent dying Curse.	

Allied Angel	
Available To: 1st-Class Goodly Priest	Cost: 150pts
The priest has an angelic ally constantly present within them. The angel grants the priest 10 additional spirits which can only be used on goodly miracles. The priest now discerns as Angelkind, and should they be hit with an effect which would banish or destroy Angelkind they are rendered unconscious for 5 minutes and lose the additional spirits for the rest of the day.	

Abishai Minion	
Available To: 1st-Class Evil Priest	Cost: 150pts
The priest has an Abishai spirit forced into servitude to their spirit. The abishai grants the priest 10 additional spirits which can only be used on evil miracles. The priest now discerns as Daemonkind, and should they be hit with an effect which would banish or destroy Daemonkind they are rendered unconscious for 5 minutes and lose the additional spirits for the rest of the day.	

Bound Spirit	
Available To: 1st-Class Neutral Priest	Cost: 150pts
The priest has powerful spirits bound in loyalty to him. These grant the priest 10 additional spirits which can only be used on neutral miracles. Unlike Allied Angel or Abishai Minion there is no penalty associated with this ability.	

Focused Spirit	
Available To: ALL	Cost: 200pts
Now suffers only half effect from baneful miracles of opposite alignment. If the priest is Neutral, they may elect at time of purchase to apply this either to both Good and Evil, or to Neutral miracles, but not both.	

Destiny Maker	
Available To: 1st Class Evil Priest	Cost: 100pts*
When casting a Touch of Death Miracle the chance of a Touch of Death becoming a Suspend Life becomes 0%, normally from 30%. If a character has bought this ability twice, the least damage the Touch of Death can inflict, if it would normally be reduced to less than a Suspend Life by use of Resistance to Touch of Death is 36pts TBLP, 5 per location, even if the character has alternative reductions. The only manner that this damage can be reduced is by the priest ability Focused Spirit (see above), Greatness of Spirit or by having half a spirit. This ability does not modify the Suspend Life miracle, nor does the Touch of Death affect creatures who are unaffected by miracles of this nature e.g. elves or undead.	

Champion Against...	
Available To: ALL 1st Class	Cost: 75pts
Grants the priest Maximum Damage Quin versus one of the following groups, chosen when the ability is bought: Undead, Angelkind, or Demonkind. The priest must be using a both handed weapon in two hands.	

Discern Associated Spirits (Other)	
Available To: 1st Class Pure Priest	Cost: 50pts
Grants discern associated spirits [other] with a 1" range, it Costs 3 TBLP per use.	

Curse of the Unlife	
Available To: 1st Class Witch	Cost: 25pts
Should the witch be slain, All those present with a spirit at the time of her death suffer a curse that progresses in a similar manner to a Cause Disease, although it is not a disease so Immunity to Disease does not apply, until the witch has been restored to life in some manner, this could include raising as an undead. All those present means all allies on adventure and all monsters in the encounter. Immunity to non-handbook curses applies or if the witch is immune to Restore Life type abilities and has a Fortified Spirit then the disease freezes at the unconsciousness stage. This curse can be removed by a bless from an 8th level goodly witch.	

Fifth Extra Level of Spirits	
Available To: ALL	Cost: +65pts
From Fourth Extra Level of Spirits: Only acquirable by non-weapon using priests with either the tables ability Devotion, in which case it grants spirits only for use with the sphere devoted to, or those that have reached Level 6 Devout Priest, when the spirits are freely useable.	

Sixth Extra Level of Spirits	
Available To: ALL	Cost: +70pts
From Fifth Extra Level of Spirits: Only acquirable by non-weapon using priests with either the tables ability Devotion, in which case it grants spirits only for use with the Sphere devoted to, or those that have reached Level 6 Devout Priest, when the spirits are freely useable.	

Immunity to Non-Handbook Curses	
Available To: ALL	Cost: 130pts
Grants the priest Immunity to Non-Handbook Curses.	

Strike Blows Vs Undead	
Available To: ALL	Cost: 40pts
Where each damage grade by a weapon called by the character becomes a separate blow. E.g. double is 2 blows, triple is three blows etc versus Undead.	

Strike Blows Vs Angelkind / Demonkind	
Available To: ALL	Cost: 40 pts
Where each damage grade by a weapon called by the character becomes a separate blow. E.g. double is 2 blows, triple is three blows etc versus Angelkind / Demonkind.	

Communication Visionary	
Available To: 1st Class Major Sphere Communication	Cost: 80pts
At the referee's discretion, when using informational miracles may gain the answer in the form of visions, if desired and appropriate.	

Weapon Formed	
Available To: 1st Class Priest	Cost: +150
From Summoned Weapon Division and 3 summon pure spirit weapons of the same alignment. Loses all 3 summon weapon innates but may now at will summon a singular weapon only usable by the summoner. May only have one active at a time but if it leaves the summoners possession it fades.	

Power Mastered (Stage Three)	
Available To: 1st Class Priest	Cost: +100
From Power mastered Stage two: May now cast the miracle 1/15 minutes.	

Power Grows	
Available To: 1st Class non-weapon using Priest	Cost: 150
When using Power Mastered may now be any standard miracle in the Sphere up to 5th.	

Power of Faith	
Available To: 1st Class Priest	Cost: 150
Gains + 1 spirit per level, stacks with dedicated power and weapons priest. May not leave the priest bracket.	

Table 11

[5,250pts Post 8th Level]

Immunity to Non-Standard Undead Touch Effects	
Available To: 1st-class priests	Cost: 225pts
Available To: ALL	Cost: 300pts
Grants immunity to all undead touch effects except for Freeze, Paralysis, Level Drain, Disease and Fear.	

Invoke Deity	
Available To: 1st-Class Priests	Cost: 75pts
Usable ONCE EVER. Once invoked the priest may not move more than 20' from that spot. They will not die until the fight is over, nor will their locations stop working, nor can they be stopped by stopping effects, or fall unconscious due to damage, but if they take enough damage to die then they cannot be cured afterwards regardless of all other abilities. Pure and Armoured Priests and Hospitallers may elect to die early if desired, in which case all foes present suffer the effects of the priest's dying effect, whatever that may be. The priest may continue to cast miracles even if they run out of spirits. Enemies may leave, in which case they will permanently hold the priest in awe and will not attack them in any way ever again. They may not pass by.	

Enhanced Chosen of the Faithful	
Available To: ALL	Cost: +90pts
From Chosen of the Faithful: Grants +3 DAC [total] from +2 DAC.	

Expertise (Major Sphere)	
Available To: ALL 1st Class	Cost: 20pts
Post purchasing this ability may acquire the Second Major Sphere specific ability from Table 8. For example a Major Sphere Healing priest could acquire Wise Healer and Prayer for Aid.	

Power Forms	
Available To: 1st Class non-weapon using Priest	Cost: 150
From Power Grows. May now use Power Mastered to cast Advanced minor Sphere miracles of the relevant Sphere up to 3rd level. Cannot leave the priest bracket.	

Table 12

[7,500pts Post 8th Level]

Champion of the Chosen	
Available To: 1st-Class Priests only	Cost: 250pts
The priest gains an additional level of spirits (minimum 4, as above), +6/2 life, +1 level of resistance to spirits of the opposite alignment, and +1 SAC to spirits of the opposite. Alignment. If the priest is Neutral, these bonuses count against all spirits.	

Greatness of Spirit	
Available To: ALL	Cost: 450pts
Now takes half damage from all spirits of opposite Alignment (this does not include attacks with a non-spiritual aspect, such as a +0 spiritual weapon, but would include a purely spiritual weapon). If the priest is Neutral, they may elect at time of purchase to apply this either to both Good and Evil, or to Neutral spirits, but not both.	

Priestly Status

The following Status represent a priest's affiliation with a powerful patron, not a God, but an Angel or Demon, or path of learning that they are close to. These are only available to first class priest sub-classes (not those that buy as first class priests, but actually are first class priests) and a priest can only purchase one of them. If a character does not act within the Ethos/Spirit of a status then a referee may cause them to lose the benefits for the dungeon, and for serious breaches longer.

Blessing of the Angel of the Dawn

The priest has ties with the Angel of the Dawn, a powerful Angel of the Creator that offers guidance and protection to those in need. Its power is at its greatest during the hours around Dawn. Those that are blessed by him are sworn to offer the same protection and aid to those in need.

Stage One – Cost: 70points, Table 1

Only available to Goodly priests.

Gains a Major Prayer 1/day that can only be used about helping people or countering Evil miracles/spirits.

Gains + 3 Goodly Spirits not stacking with spirits from another Status.

Stage Two – Cost: +70 points, Table 5

Light of the Dawn 1/day – Acts as a Spiritual Light Range.

Now gains 6 (total) Goodly spirits.

Stage Three – Cost: +70, Table 7.

Light of the Dawn now counts as Sunlight for the purposes of undead. Additionally it counts as the rays of dawn for the purposes of damage from Barrows Wights and similar.

Now gains +9 (total) goodly spirits.

May purchase extra Light of the Dawns for 60 points each, max 3, and extra Major Prayers (as stage one) at 30 points each, max 4.

Servant of the Host

The priest has agreed to serve the Angelic Host, the hundreds of Angels that serve the spirits of light as a whole rather than any God or Power.

Stage One – Cost: 75points, Table 1

Only available to Goodly priests.

Gains + 3/1 life (not stacking with life from other Status')

Gains Recognise Evil Spirit (as Paladin Ability).

Stage Two – Cost: +80 points, Table 5

Gains Attract Evil 1/day – Draws all Evil spirits within 20ft to the user.

Gains an Innates Cold Rage vs. Evil 1/day

Stage Three – Cost: +70, Table 7.

Now gains + 6/2 life (Total)

Fury of the Angels – Upgrades one innate Cold rage vs. Evil to act as a Holy Fury (As per Paladin ability, which grants +12/4 life, a 25% rage vs. Evil, + 1 Strength, stacking to 3, and + 1 max damage vs. Evil).

May buy extra Cold Rages vs. Evil at 60 points each, max 3, and extra Attract Evils at 40 points each, max 2.

Bearer of Primal Light

The priest holds within them a spark of Goodness that is tied to Primus. Some believe it may be tied to the Decree of Night and Day, others that it is the world's way of ensuring there will be people in it to fight for what is right and to defend people.

Stage One – Cost: 50points, Table 1

Only available to Goodly priests from Primus

Gains Immunity to Alignment change (as table 1 ability).

Light Within– Lasts 5 minutes and causes spiritual fear effecting 3 levels and below in all evil that see the priest. This does effect undead.

Stage Two – Cost: +100 points, Table 5

Light Within now effects up to, and including, 6 levels of resistance.

Prayer of light – 1/day with 30 seconds prayer can cast a single standard goodly miracle up to 6th level.

Stage Three – Cost: +100, Table 7.

Gains 1 spirit off the first goodly miracle cast per 5 minutes (not stacking with other spirit reductions).

Empowered Protection – 1/day can enhance a protection from evil so that anyone crossing it also suffers damage as per a Holy Ward.

May buy extra Light Withins at 80 points each, max 3 and Prayer of Lights at 80 points each max 2.

Servant of the Cosmic Balance

The priest dedicates themselves to the Cosmic Balance. Their sacred duty to ensure there is always balance in the world and that Good or Evil does not gain an upper hand.

Stage One – Cost: 70points, Table 1

Only available to those that are Grey Wardens. Additionally they can't ever remove/get around the Grey Wardens casting restrictions with regards to alternating between Good and Evil).

Gains + 3 spirits not stacking with spirits from other statuses

Prayer to the Cosmic Balance – 1/day With 30 seconds prayer can cast any standard miracle up to 4th level.

Stage Two – Cost: +85 points, Table 5

Now gains + 6 (total) spirits.

Prayer to the Cosmic Balance can now be used to cast any standard miracle, or to add a standard miracle to the priests list for an hour.

Stage Three – Cost: +5, Table 7.

Now gains 9 spirits (total).

Prayer to the Cosmic Balance can now be used to cast Advance minor sphere, or universal miracles.

May buy extra Prayer to the Cosmic Balances for 120 point each, max 2

Witness of the Hidden Secrets

Bound to the whispers that travel through the spirit world. The priests that walk this path listen to the secrets of the spirits, and harkens to their words. They understand the mysteries of the spirits and the world they live in.

Stage One – Cost: 60points, Table 1

Only available to neutral priests

Gains Major Prayer 1/day – As Wayfinder ability.

Gains Gauge Spirit, if owned rec spirit now reveals the alignment of the spirits that are present.

Stage Two – Cost: +150 points, Table 5

Gains Detect lie at will.

Rec spirit will now reveal if the spirit is combined with another power base (e.g. it is mantic). It doesn't reveal what it is just that there is something else.

Stage Three – Cost: +80, Table 7.

Rec Spirit now reveals if the spirit that is present if Alive or not.

Gains 1 spirit off the first neutral miracle cast per 5 minutes (not stacking with other spirit reductions).

May buy extra major prayers at 30 points each, unlimited buyable.

Guardian of the Spirits

The priest uses the power of the spirits to protect themselves in battle. They use that power to gain strength and to better understand how the spirits work.

Stage One – Cost: 50points, Table 1

Only available to Neutral Priests

Gains Armour of the Spirit World as a 4 spirit universal miracle.

Gains Immunity to bruising while has an Active Armour of the Spirit World miracle.

Stage Two – Cost: +70 points, Table 5

Gains +3/1 Life (not stacking with life from another Status).

Armour of the Spirit World now grants SAC 6 and PAC 6.

Stage Three – Cost: +80, Table 7.

Now gains +6/2 life (total)

Armour of the Spirits – 1/day SAC and PAC from one Armour of the Spirit World will stack with other non miracle generated SAC and PAC.

May buy extra Armour of the Spirits at 60 points each max 2, and may buy innates of Armour of the Spirit World at 40 point each.

Pact with Certizal

The priest forms a bargain with the Demon of Corruption, in exchange for service Certizal grants the priest power, at the small price of his immortal soul.

Stage One – Cost: 80points, Table 1

Only available to Evil Priests.

If ever ceases to be Evil then permanently dies, instantly.

Gains +3 Evil spirits (not stacking with spirits from another Status).

Gains the miracle "Strength of Evil" which has the verbal "Evil is stronger" costs 6 spirits and has a range of 20ft. It causes one goodly other effecting miracle cast within the last 2 seconds to fail. This would function on a total heal even if cast on self, but would not function on a Goodly Spirit form.

Stage Two – Cost: +50 points, Table 5

Gains + 6 (total) Evil spirits.

May now use Strength of Evil as a pure force vs. Goodly spiritual effects targeting the caster.

Is now Ostracised from the Empire.

Stage Three – Cost: +100, Table 7.

Now gains + 9 (total) Evil Spirits.

Gains 1 spirit off Evil miracles.

Is now an Outlaw.

Bargain with Istarias

The priest strikes a pact with a Demon of Knowledge and Insight. The terms are sketchy, at best, and all knowledge is passed through written questions and answers.

Stage One – Cost: 30points, Table 1

Only available to Evil priests.

Question to Istarias 1/day – Act as an Evil spirit major prayer but the question must be written out.

May learn Communication and Greater Communication as Evil miracles but the questions must be written out.

All “writing” for the status must be done with in character materials and pens, not a random Bic and the back of a battle board.

Stage Two – Cost: +120 points, Table 5

Question to Istarias is now Demonic (Evil Spirit/Black and Red Mana) in nature.

Gains a perm Conceal Lie (as per the miracle).

Stage Three – Cost: +80, Table 7.

Pact with Darkness – Takes a 5 minute ritual and involves a written bargain. Allows the priest to give one individual (which can be themselves) 12 isp of “Benefit” (as per the published ISP system). These benefits must be evil in nature and are at ref’s discretion. Both the user and recipient of the benefit lose a level of resistance for an hour.

May buy extra Questions to Istarias at 40 points each.

Servant of Carnage

The priest feeds on battle, the carnage of battle, the bloodshed as people die. They long for it, they need it and their spirits hearken to it.

Stage One – Cost: 100points, Table 1

Only available to Evil Priests.

Gains +3/1 life (Not stacking with life from another Status).

Gains an innate Cold Rage 1/day.

Can always cast offensive miracles regardless of what form of rage the priest is in.

Stage Two – Cost: +120 points, Table 5

Gains +6/2 life (total)

Gains a Berserk Rage 1/day.

May now cast any form of combat related miracles while raging.

Stage Three – Cost: +80, Table 7.

Gains 1 spirit off all miracles while in combat (not-stacking with other spirit reductions), and all miracles cast out of combat cost an additional spirit.

May buy extra Cold Rages at 60 points each max 3, and extra Berserk Rages 90 points each max 2.

The Spirits Understood

The priest seeks to master the spirits and how they flow, how they function. They understand them and how they function. They then use this knowledge to serve their patrons with greater power.

Stage One – Cost: 80points, Table 1

Available to any priest

Gains an additional slot for Scriptures of the Faith.

Is Well Equipped with 10 spirits worth of scrolls of standard miracles.

Must be able to read spirit runes, if ever unable to do so then loses the benefits from this status.

Stage Two – Cost: +60 points, Table 5

Gains a second additional Scripture slot.

1/day can re-empower a spirit scroll the priest read in the last minute. This costs spirits equal to half the spirits of the miracle and takes 30 seconds. The re-empowered scroll lasts until the end of the dungeon when it fades.

Stage Three – Cost: +100, Table 7.

Now gains three additional Scripture of the Faith slots in total.

Wisdom of the Scriptures now takes as long as it takes to find and read the miracle to gain the reduction. This does not apply to Focussed Wisdom of the Scriptures.

May buy extra innates of Re-Empowering Scrolls at 50 points each max 3, and an extra 10 spirits worth of Well Equipped Scrolls for 75 points, max 2.

The Path of Blood

This status differs from those above and represents a fundamental character choice and as such must be made before the character reaches 8th level. Unlike the options above which can be purchased when desired each rank of this status must be purchased on reaching the appropriate table before buying any other ability. The only exception is another status with the same restriction (e.g. Noble) and then all required ranks from the relevant status must be purchased before anything else.

Evil spirits are driven wild and uncontrollable by the spilling of blood but it is possible for certain bargains to be made which allow an Evil priest to keep some small control in these situations, at the cost of most other, less wild spirits.

For purposes of the below abilities, it should be assumed that it takes at least 2 seconds of appropriate phys rep activity for every 6 TBLP of blood to be shed ritually. Priests who follow the Path of Blood must be Chaotic Evil in alignment.

Table	Abilities
Rank 1	May not wield blunt weapons, only sharp ones. If a pure or armoured priest, may carry a ritual dagger which may not be used for combat. May use spiritual powers while holding sharp weapons. May not now cast 8th level neutral miracles.
Rank 2	Acquires the Wild Evil miracle.
Rank 3	May ritually spill 6 tblp of blood (may be his own, or any other person, but not in combat and victim must be willing or helpless) to reduce the cost of an evil miracle cast immediately afterwards by 1 spirit (to a minimum of 1, and non-cumulative with any other reduction in standard cost).
Rank 4	Acquires the Taint of Blood miracle. May not now cast 7th level neutral miracles.
Rank 5	May cast one touch-range miracle against a flesh-and-blood target wherever they may be, by touching a bladed weapon with the target's fresh blood upon it (drawn within the last 5 minutes). If miracle varies by location, it targets the chest. Usable once per day per two ranks.
Rank 6	Acquires the Pact of Blood miracle.

Rank 7	May spill 18 tblp of own blood, or all the blood from one humanoid flesh-and-blood body which died within the last 5 minutes, to draw a Protection from Good Spirits at the level of the owner of the blood (e.g. if uses the blood from a recently dead 4th level human, the Protection is at 4th level), or to draw an Unholy Warding. Usable once per two ranks. May not now benefit from good spirits.
Rank 8	May discern “blood” creature at a 20’ range spiritually, at will, i.e. identifies creatures with blood, spiritually
Rank 9	Sacrifice of a helpless living, flesh-and-blood humanoid creature taking 2 minutes of prayer and activity cures the priest 6 TBLP and 1 to each loc per level of the sacrifice (not multi-classes). May be performed once per day per four ranks.
Rank 10	Rank 3 ability now enhanced so that additionally should the priest have slain a flesh-and-blood creature in a way which drew blood within the last 30 seconds they receive the 1 spirit cost reduction. Alternatively, if blood is ritually spilt to a total of 18 tblp rather than 6, the next evil miracle cast is reduced by 2 spirits (to a minimum of 1, non-cumulative with any other reduction in standard cost). May not now benefit from neutral spirits.
Rank 11	Once per day may ritually spill own blood while praying, regaining 1 expended spirit for every 6 TBLP of blood shed. No healing may be received during this time, and this cannot take spirits above normal max.
Rank 12	One miracle cast against a flesh-and-blood target whose blood is on the caster’s hands (e.g. taken from a bladed weapon which struck the target within the last 5 minutes) is at double effect. If a numerical effect such as a Causing miracle, the numbers are simply doubled. If a level-based effect, it affects targets of twice the normal level. Usable once per three ranks.

	1	2	3	4	5	6	7	8	9	10	11	12

Racial Commentary

- Half Elves may be Spiritual Warrior, Crusading Priests, Battle Priests, Warrior Priests, Armoured Priests, Pure Priests and Hospitallers. They have life as per the Human equivalent, but only $\frac{1}{2}$ the number of spirits per level [rounded up]. For Post 8th spiritual priestly class abilities they pay double normal cost, this would include Embody Angel, or an innate Cure Wound, but not +1 MAX AC nor resistance to Causing miracles.
- Dwarves may only be Warrior Priests.
- Alfar follow the rules as per Half Elves, but can only be Spiritual Warriors and Pure Priests.
- Ancient Folk and Silver Folk may only be Pure Priests, Warrior Priests or Spiritual Warriors.
- Elysians may be Pure Priests or Hospitallers.
- Orcs may only be Shaman, Spiritual Warriors and Wayfinders,
- Goblins may only be Shaman and Wayfinders as starting classes.
- Barbarians may be Shamans, Spiritual Warriors and Wayfinders as starting classes, gaining life as normal humans of the class.
- Trolls and Ogres may only be Shamans as starting spiritual classes.
- Ratfolk may only be Warrior Priests, they may be members of the Church of Slavik or Hermit Warrior Priests – in which case they only have up to 40spirits of miracles on it, and if goodly no more than 10 spirits worth goodly miracles.
